[First Publication]

BAY OF BENGAL—BURMA COAST

Exact position of Oyster Island light

THE following Notice to Mariners (No 91 of 1896), issued by the Government of Bombay is republished —

Information having been received from the Officer Commanding R I M S 'Dalhousie dated 7th August, that the position of Oyster Island Light house given in the list of light houses and light vessels in British India, including those in the Gulf of Aden, as existing at the end of 1895, is doubtful the following position given in the Admiralty List of Lights of 1896 is to be accepted until further notice —

Latitude	20°	12	00"	N
Longitude	92°	33	00"	E

Oyster Island is a bank of sand standing on a rock foundation, and the whole of the surrounding reefs are solid rock

The shape and the extent of the reef is incorrectly shown on the Chart No 821 Heavy breakers were observed during recent bad weather extending 1½ miles to the northward of the light house and subsequent soundings revealed four fathoms (irregular bottom) ¾ miles N 17° W from the light house

JAPAN—SENDAI BAY—SETO UCHI

Sendai bay—Amended position of sunken rock westward of Aji shima

WITH reference to Notice to Mariners No 74, dated 6th April 1896, issued by this office, the British Admiralty has given further notice (No 391 of 1896) that an examination has been made of the locality in which breakers were reported westward of Aji shima, with the result that a sunken rock, locally known as Miya Kasane, with a depth of 8½ fathoms on it and 6 to 7 fathoms close around, was found, in a position with Daikoku saki bearing N 26° W, distant 2½ miles, and Tatega saki N 40° E

The sea occasionally breaks on this rock with south easterly winds and sea

Approximate position, lat 38° 15′ 25″ N, long 141° 27′ 5″ E

The words "Breakers reported," westward of the above position, have been expunged from the Admiralty charts

(2) Seto uchi—Sunken rock at entrance of Kasado ura

Also, that a sunken rock, with a depth of about 2 fathoms on it, and locally known as Naka iso, is reported to lie with north extreme of Furu sima entrance to Kasado ura, bearing N E, distant 5 cables, or approximately in lat 33 57 30″ N, long 131° 47′ 20″ E

AUSTRALIA, SOUTH COAST—Port Phillip

South channel—Depth and buoyage of dredged channel

The British Admiralty has given notice (No 392 of 1896) that on 9th June 1896 the southern side of the dredged channel in the vicinity of Pile light, South channel, had a navigable depth of 28 feet at low water springs for a width of 200 feet, and that the tide gauge westard of Pile light would be altered to agree with depth

The deepening of the northern side of the channel was in progress

Also that, on 18th June 1896, the *gas* buoy No 11 (*green* light) moored with Pile lighthouse bearing S W by W ½ W, distant $3\frac{4}{10}$ cables, would be replaced by an ordinary black buoy (*can*), numbered *11*

The south edge of the eastern end of the dredged channel would be marked by a *gas* buoy showing a *fixed green* light, elevated 10 feet above the sea, and visible 3 miles in clear weather

And the south edge of the western end of the dredged channel would be marked by a *gas* buoy showing a *fixed white* light, elevated 10 feet above the sea, and visible 5 miles in clear weather

Approximate position, Pile light lat 38° 20 0″ S, long 144° 51 5″ E

Abstract of the Proceedings of the Council of the Lieutenant Governor of Bengal, assembled for the purpose of making Laws and Regulations under the provisions of the Indian Councils Acts, 1861 and 1892

The Council met at the Council Chamber on Saturday, the 15th August, 1896

Present

The Hon'ble SIR CHARLES PAUL, KCIE, *Advocate General, presiding*
The Hon'ble W H GRIMLEY
The Hon'ble J PRATT
The Hon'ble C W BOLTON
The Hon'ble H H RISLEY, CIE
The Hon'ble M FINUCANE
The Hon'ble J G H GLASS, CIE
The Hon'ble RAI DURGA GATI BANERJEA BAHADUR, CIE
The Hon'ble NAWAB SYUD AMEER HOSSEIN, CIE
The Hon'ble SURENDRANATH BANERJEE
The Hon'ble MAULVI MUHAMMAD YUSUF, KHAN BAHADUR
The Hon'ble A M BOSE
The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR
The Hon'ble GURU PROSHAD SEN
The Hon'ble MAHARAJA BAHADUR SIR RAVANESHWAR PROSHAD SINGH, KCIE, of Gidhaur
The Hon'ble M S DAS
The Hon'ble A H WALLIS

THIRD CLASS PASSENGERS AT SEALDAH STATION

The Hon'ble Mr A M Bose asked—

Has the attention of the Government been drawn to the letters of Babu Asit Chandra Chaudhan in the *Sanjibani* of the 11th and 25th July, in which, after personal investigation, he describes the many serious inconveniences to which third class passengers are subjected at the Sealdah Railway station?

Will the Government be pleased to hold an enquiry into these allegations and adopt such of the measures suggested by the writer, and others, as may commend themselves to Government as likely to remove or mitigate the evils complained of?

The Hon'ble Mr Grass replied —

"The Administration of the Eastern Bengal State Railway is not vested in the Government of Bengal, but rests with the Government of India, and this Government is not therefore in a position to order the enquiry asked for by the Hon'ble Member At the same time it is the desire of the Lieutenant Governor that the convenience of all passengers by Railway should receive every attention that is possible, and the matters brought to notice by the Hon'ble Member will therefore be referred to the Government of India for considera tion"

GRANT IN AID RULES FOR MEDICAL INSTITUTIONS

The Hon'ble Mr A M Bose asked—

Are there any grant-in aid rules for Medical Institutions? If so, will the Government place them on the table?

Having regard to the fact that the Government has been recently obliged to limit the number of admissions to the Calcutta Medical College, owing to want of sufficient accommodation in its class rooms, will it be pleased to render liberal help to any fairly equipped and well organized Medical Institution which may be started by private effort, to impart superior medical instruc tion?

The Hon'ble Mr Risley replied —

"There are no grant in aid rules for Medical Institutions

"As no applications for admission to the Medical College have yet been refused, and the new crowded class rooms are about to be enlarged, the question of subsidizing other Medical Institutions seems hardly likely to arise The Lieutenant Governor is not prepared to sanction such grants"

BENGAL MUNICIPAL ACT, 1884, AMENDMENT BILL

The Hon'ble Mr Risley moved that the consideration of the Bill to further amend the Bengal Municipal Act 1884, be resumed

The Motion was put and agreed to

The Hon'ble Mr M S Das moved that the following be substituted for the proviso to clause (*a*) of section 85 of the Bengal Municipal Act, 1884 —

Provided that the amount assessed upon any person or persons, in respect of the occupa tion of any holding, shall not be more than eighty four rupees per annum

He said —"It was no doubt the intention of the Legislature, in framing the proviso to section 85 of the Bengal Municipal Act, that the maximum assess ment on any single holding, whether it is in the occupation of one person or of more than one person, should not exceed Rs 84, but to this intention a sufficiently clear explanation is not given, and the result is that this clause

has been differently interpreted in different Municipalities I shall better explain myself by taking a concrete example Suppose the case of a father and two sons each having a monthly income of Rs 500 In a Municipality where the assessment is on persons, and according to the circumstances and property of such persons, if the assessment is at the rate of 1 per cent, these three persons will be taxed at Rs 60 per head per annum if they occupy separate holdings, and if they live in one and the same house they will not be charged with more than Rs 84 That, I think, was the intention of the legislature"

The Hon'ble THE PRESIDENT said —"I do not see what this amendment means The word 'person' is used in the Act, and 'person' includes persons'"

The Hon'ble MR M S DAS, continued — If that word had been explained in the Interpretation Clause, or if it meant two or more persons, then a different construction would not have arisen in different Municipalities As a matter of fact I may mention, that in the Faridpur Municipality, where two such persons were living, in the same house, they would pay Rs 84, whereas in Cuttack they would pay Rs 160, so that the proviso is actually interpreted in different ways in different Municipalities, and it is necessary that a clear interpretation should be put The proviso should be so worded as to unmistakeably point out the intention of the Legislature It is for the Council to say whether or not they will apply the maximum rate to a case where more than one person, having separate incomes, occupy one and the same holding That is a question for the Council to decide, but I submit it is absolutely necessary that there should be a uniform interpretation of the proviso, which hitherto has not been the case I think that by inserting the words 'or persons' this ambiguity will be removed We have now introduced what is called a lodger franchise or in other words, a franchise in favour of persons who have an income of Rs 50, but do not pay any Municipal rate But Municipalities where the assessment on the person is in force, will not have the benefit of that concession, unless the construction I contend for is put on the proviso, for if every person occupying a holding, or any number of persons occupying one and the same holding, are to be taxed according to their circumstances and property, then a person with an income of Rs 50 would be entitled to vote as a rate payer Consequently this concession will not be extended to Municipalities, where the assessment is on the person and not upon holdings On these grounds I submit that my amendment ought to be accepted"

The Hon'ble BABU SURENDRANATH BANERJEE said —"If the amendment of my hon'ble friend will help to remove an ambiguity, and I think there is considerable ambiguity from what I have heard myself of the procedure adopted in certain Municipalities, and if there is no further objection than that under the General Clauses Act, the word 'person' includes 'persons,' I think the amendment should be accepted"

The Hon'ble MR A M BOSE said —"It is just possible that the proviso may be open to the construction to which the Hon'ble Mover of the amendment has referred, and, as he has informed us, it has actually been so construed in some cases Under the circumstances I think, in the interests of the Municipalities themselves, it may be well to remove that temptation from their path If two or more persons occupy one holding, let not the tempting possibility of such a construction arise I would therefore support the amendment"

The Hon'ble THE PRESIDENT said —"I do not think this amendment is necessary It is a tax upon persons occupying holdings, that means different persons occupying different holdings, not several persons occupying one holding"

The Hon'ble MR M S DAS, in reply said —"This is not an ambiguity which suggests itself to me alone In Collier's edition of the Bengal Municipal Act, he makes the following comments on this provision —

'Two or more persons having separate sources of income and occupying the same holding, may, it would seem, be separately assessed under clause (*a*) In such a case it appears some

what doubtful whether each could be assessed up to the maximum of Rs 84, or whether the total a ss ment upon all the occupiers of the holding must be within that amount Probably the latter view is the correct one?

'The difficulty has suggested itself to different Municipalities, and different interpretations have been put upon it, and the same difficulty suggested itself to Mr Collier, and he has annotated upon it"

The Hon'ble MR RISLEY said —"I do not think the Council should amend an Act to correct a mistake made by a commentator"

The Motion was put and lost

The Hon'ble Mr M S Das also moved for leave to withdraw the following Motion standing in his name —

"that in section 14 the following be substituted for the proposed new section 351B —

'Fees may be charged at such rates as may be fixed by the Commissioners at a meeting and sanctioned by the Commissioner of the Division, for the use of music by processions in the streets on the occasion of festivals or ceremonies * * *

"The said fees should be levied by the Officer of Police who regulates such processions"

The Motion was, by leave of the Council, withdrawn

The Hon'ble Mr M S Das also moved that in section 14, for the proposed new section 351 B (*1*), the following be substituted —

351B Fees may be charged at such rates as may be fixed by the Commissioners at a meeting and sanctioned by the Commissioner of the Division for processions in the streets attended with music for which a license has been issued under clause (3) of section 30 of Act V of 1861 of the India Council

The Hon'ble THE PRESIDENT said —"The objection to this section is that people have a perfect right to have religious processions in the streets, and under the Indian Council's Act, section 43, this Council has no right to interfere with them Under that section this Council has not the power to legislate on any subject affecting religious rites except, with the sanction of the Governor General in Council previously obtained From time immemorial Her Majesty's subjects have had the right to have religious processions in the streets, and we cannot interfere with that right The amendment should therefore be withdrawn"

The Hon'ble MR M S DAS said —"My amendment is the only way out of the difficulties, under the section as it now stands Religious processions are exempted from taxation under the section, and therefore the question whether a particular procession is of a religious character or not, will have to be decided by the Municipal Board From my experience of mufassal Municipalities, I think if we were to convert Municipal Boards into Ecclesiastical Boards, we shall be doing something absurd It will be for Municipal Boards to decide what is a religious procession and what is not a religious procession In our Boards we have members of diverse religious persuasions We have followers of Hinduism, Muhammadanism, and many other *isms*, and we are going to introduce the worst of all *isms*, which is *schisms* What is proposed to be done is to convert Municipal Boards into tribunals of an ecclesiastical character, which would have the right to decide what is a religious procession and what is not a religious procession—tribunals—where the Hindu will have the right to decide what is or is not a part of the Moslem faith, and *vice versâ*'

The Hon'ble MR RISLEY said —"I think the Hon'ble Mover of the amendment has said enough to show the serious difficulty which will arise in connection with the working of this proposed new section 351B, and as the

learned Advocate General is of opinion that the amendment will be *ultra vires*, I will ask the Council for leave to withdraw section 14 of this Bill"

Section 14 of the Bill was, by leave of the Council, withdrawn

The Hon'ble Mr M S Das thereupon withdrew his Motion

The Hon'ble Mr Risley, by leave of the Council, withdrew the Motion of which he had given notice, that the words and figures "when an Officer of Police either has issued orders under section 30 of Act V of 1861 (*an Act for the Regulation of Police*) for regulating the use of such music or has refrained from issuing such orders" be inserted after the words "religious character" in the new section 351B, which it was proposed by section 14 of the Bill to insert in the Act

The Hon'ble Mr Risley, by leave of the Council, also withdrew the motion of which he had given notice that sub section (2) of the said section 351B, and the figure "(1)" before the words "Fees may" in the same section, be omitted

The Hon'ble Mr A M Bose, also by leave of the Council, withdrew the motion of which he had given notice that in section 14, the following words be added at the end of the proposed new section 351B, sub section (1) —

Such rates shall be communicated by the Commissioners to the District Superintendent of Police of the district in which the municipality is situated

The Hon'ble Mr A M Bose, by leave of the Council, also withdrew the motion of which he had given notice that in section 14, for the proposed new section 351B, sub section (2), the following be substituted —

'The said fees shall be deposited with the Officer of Police to whom application is made under section 30 of Act V of 1861 at the time when the application is made, and intimation thereof, as well as the amount so deposited, shall be sent by him to the Commissioners

The Hon'ble Mr M S Das also, by leave of the Council, withdrew the motion of which he had given notice that in section 14 the proposed new section 351B (*2*) be omitted

The Hon'ble Mr Risley moved that the following be substituted for clause (iii) in section 3 of the Bill —

'(iii) being a graduate or licentiate of any University, or having passed the First Arts Examination of the Calcutta University or the corresponding standard of any other University, or holding a license, granted by any Government Vernacular Medical School, to practise medicine, or holding a certificate authorising him to practise as a pleader or as a mukhtar or as a revenue-agent—occupies a holding or part of a holding in respect of which there has been paid, during the year aforesaid, in respect of any rates, an aggregate amount of not less than three rupees'

He said —"Clause (iii) of section 3 of the Bill stood thus —

'(iii) being a member of a joint undivided family one of the members of which has during the year aforesaid, paid in respect of any *rates*, an aggregate amount of not less than three rupees—is a graduate or licentiate of any University or holds a license granted by any Government Vernacular Medical School, to practise medicine or holds a certificate authorising him to practise as a pleader or a mukhtar or a revenue agent

"In order to make the present proposal clear it is necessary to recall what happened at a previous meeting of the Council The Hon ble Member for the Calcutta Corporation then moved an amendment to insert after the word 'University' the words 'or having passed the First Arts Examination of the Calcutta or any other University,' and subsequently in the course of the discussion it appeared that the Council were in favour, for reasons upon which I need not dwell, of some such addition to the clause, and I agreed to accept it, provided it was altered so as to remove the difficulty that it proposed to confer upon undergraduates who pass the First Arts Examination—a privilege which is now given only to graduates of the elder Universities My hon'ble

friends on my left were under the impression when this amendment was brought forward that it would in some abstruse way be good for members of the Muhammadan community, but obviously it is impossible for Muhammadans to be members of a joint undivided family, and therefore the amendment as it was then framed have left Muhammadans out in the cold I might have left the section there, but I am not sorry to have the chance of amending it in the manner now proposed It is exceedingly difficult to understand why this joint undivided family clause, which governs the entire section, was ever introduced It produces the absurd result that a pleader or mukhtar or revenue agent who is a member of a joint undivided family has a vote as being a pleader, mukhtar or revenue agent, irrespective of any rateable qualification, but a pleader who is not a member of a joint family has no vote The history of the section is extremely obscure I have looked through a mass of old papers, and I have been unable to discover why this clause was imported into the Act of 1884 As far as I can make out, it came from some very tentative and nebulous suggestions made in connexion with the Local Self Government Act which was under discussion at the time, and apparently in the course of the proceedings of the Select Committee this clause somehow got imported into the Municipal Bill out of the discussions relating to the other Bill I confess I have always found it difficult to understand this provision, and it must equally have puzzled the municipalities who have had to deal with it I suspect that they ignore the limitation to members of a joint family and allow all pleaders and mukhtars to vote as such By making the change which I now propose, we shall thus merely legalise what I believe to be the present practice of municipalities, and also combine educational qualifications with a certain amount of property qualification You have in the amendment which I now propose an educational qualification in that a man must be a graduate or have passed the F A, and a property qualification in that he must occupy a holding in respect of which rates amounting to Rs 3 have been paid by some one I think it is reasonable to combine the two qualifications We want to recognise intelligence as giving a right to vote, but every one will feel that intelligence dissevered from responsibility is a dangerous thing, and therefore the amendment which I now move brings in a property qualification and will put Hindus and Muhammadans in respect of this qualification on equal terms It merely cuts out the portion about a joint undivided family and adds to the end of the section a provision about occupying a holding in respect of which a certain amount of rates has been paid"

The Hon'ble MAULVI MUHAMMAD YUSUF KHAN BAHADUR said —"I submit this amendment ought to be supported and no objection whatever raised to its acceptance The amendment is the outcome of what passed in Council at a previous sitting in connection with this Bill An amendment was then proposed by the Hon'ble Member for the Calcutta Corporation in favour of extending the franchise to those who had passed the First Arts Examination My hon'ble friend exhausted his eloquence without making much impression Other gentlemen spoke in favour of the amendment, but not apparently with much greater effect It, however, occurred to me that the amendment would promote the interests of the Muhammadans, and I advanced additional argument, and threw the weight of the Muhammadan community in favour of the amendment The result was that the Hon'ble Member in charge of the Bill was kind enough to accept the principle of the amendment chiefly because it was believed that it would advance Muhammadan interests I did not bind myself to the wording of the amendment, neither did the Hon'ble Member in charge of the Bill do so The result was that with the intimation of the favourable opinion of the Hon'ble Member in charge of the Bill, the matter was allowed to stand over for further consideration how to give effect to the amendment consistently with the claims I had advanced on behalf of the Muhammadan community The wording of the clause in the Act is very cumbrous, and it is difficult to ascertain its precise meaning there is one thing certain and that is, that the clause does not favour the claims of the Muhammadans The present amendment is expressed in very apt and appropriate language, and says precisely what it means In fairness to what passed in the Council on the last occasion, this amendment ought to be accepted without much discussion"

The Hon'ble BABU SURENDRANATH BANERJEE said —"I am hardly in a position to accept this amendment The Hon ble Member in introducing this Bill said it was far from his object to introduce anything like a restrictive measure which would take away the franchise which has hitherto been enjoyed by any section of the people In the clause now before the Council, the provision regarding joint undivided families is entirely omitted, therefore as far as this clause is concerned it is inconsistent with the pledge which the Hon'ble Member in charge of the Bill gave to the Council Then the Hon'ble Member has introduced another little change in the clause he has introduced the qualification of 'occupying a holding' That is a provision which is restrictive in its character Formerly any person who was resident in the municipality and who had the educational qualification was entitled to the franchise, and we know perfectly well that being resident and occupying a holding are two different things 'Residence' let in a large class of people who are not residents in the strictest sense I do not object to the comprehensive meaning of the word 'residence' It is an index of the liberality of the Government in this respect, but when the occupation of a holding is introduced as one of the qualifications, it does restrict the franchise, and is inconsistent with the promise made in introducing the Bill I hope the Hon'ble Member in charge of the Bill will see his way to accept the clause as it stands in the Bill, modifying it so far as to give the franchise to those who have passed the First Arts Examination I ask the Hon'ble Member to accept this suggestion, having regard to the promise which was held out that it was far from the intention of the Government to restrict the franchise, and that if anything the franchise was to be broadened rather than restricted The effect of the omission of the words 'joint undivided family' will not, I submit, benefit the Muhammadan community in the slightest degree"

The Hon'ble BABU GURU PROSHAD SEN said —"I think a compromise might be arrived at I propose to eliminate the words at the end of the Hon'ble Member's amendment from the words 'or occupies a holding or part of a holding in respect of which there has been paid, during the year aforesaid, in respect of any rates, an aggregate amount of not less than three rupees,' and to let the section end at the words 'revenue agent' It has been said that the proposed amendment combines both the educational and property qualifications I submit, as far as this idea of combining the two qualifications goes, the property qualification laid down does not mean much The introduction of the word 'occupation' in the present form appears perfectly immaterial Occupation may be that of a tenant on payment of rent, or it may be permissive without payment of rent, or it may be that of a trespasser It is not provided that the rates must be paid by the individual exercising the franchise under this clause Rates have to be paid, but it may be paid by the rightful owner and certain persons fulfilling the previous conditions may be occupying the premises wrongfully, still they would have the franchise The nature of the occupation therefore is perfectly immaterial, and it does not matter where the intention is to give the franchise to persons fulfilling certain educational qualifications, whether they live in a hut or in a palatial building which may not be their own My friends, the Hon'ble Members who represent the Muhammadan interests in this Council, are under an impression that if the section be left as in the Bill, the Muhammadan population will not have the benefit of the Hon'ble Babu Surendranath Banerjee's amendment, inasmuch as there are no joint families amongst the Muhammadans Whatever may be the right view with regard to this question, when such an impression prevails, I for one would eliminate the words 'being members of a joint undivided family' out of deference to their wishes, especially as nothing is lost by the elimination of these words, but at the same time, in order to render the sense clearer, I would eliminate the words 'occupies, &c,' which have now been added, and have it simply as a franchise given for educational qualifications This would meet with the wishes both of the Hon'ble Muhammadan Members and of the Hon ble Babu Surendranath Banerjee who would retain the words 'being members of a joint undivided family,' and at the same time this will broaden the basis of this franchise

As for residence and age, we have the provisions elsewhere As I have said before, the restrictive property qualification which the Hon'ble Mover of the amendment proposes to add means nothing and should be excised As a matter of fact the property qualification is not combined with the educational test I have a word also to say with respect to the word 'graduate,' which I consider is superfluous when the standard of the First Arts has been accepted, for those who are graduates must have passed the First Arts Examination Perhaps the word 'Licentiate' too is now redundant, for there are only Licentiates of Medicine and Licentiates of Civil Engineering So far as Licentiates of Medicine are concerned, they must have passed the First Arts Examination, and if this be the case with regard to Licentiates of Civil Engineering also, the words 'Licentiate of any University' might also be eliminated as superfluous I therefore move that the motion before the Council be amended by the omission of all reference to graduates and licentiates, and the omission of all the words at the end of the clause beginning with the words 'occupies a holding'

The Hon'ble THE PRESIDENT said —"As no notice of this amendment has been given, it cannot be moved"

The Hon'ble RAI ESHAN CHUNDRA MITRA BAHADUR said —"I do not see why the words 'joint undivided family' should be omitted The members of such families have enjoyed the privilege of voting for several years"

The Hon'ble THE PRESIDENT said —"It seems to have been taken for granted that a Muhammadan cannot be a member of a joint family, but in point of fact I know many such instances—not in the Hindu sense of the word, but in practice there are Muhammadan joint undivided families"

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR said —"I submit that I do not see why the words 'joint undivided family' should be omitted There are undoubtedly joint families among Muhammadans as well as among Hindus If the object of the amendment is simply to see that the franchise of Muhammadans is not curtailed, the retention of the words 'joint undivided family' would not affect it But the omission of those words will not advance the interest of Muhammadans As has been observed by the Hon'ble Babu Surendranath Banerjee, I do not see any reason why these words should be omitted now after the members of joint undivided families have enjoyed the privilege for years It is a very important question—more important than that of taking away the franchise from cart drivers Members of joint families are very respectable and make very good voters, and they also make very good Commissioners I shall certainly oppose the amendment moved by the Hon'ble Member in charge of the Bill"

The Hon'ble MR GRIMLEY said —"My hon'ble friend Rai Eshan Chundra Mittra Bahadur has stated that the effect of this amendment will be to take away the franchise from persons who have enjoyed it for several years, and if he can prove that proposition, I for one will associate myself with him on this question But I think I shall be able to show that the amendment put by the Hon'ble Member in charge of the Bill does not take away the franchise from a single person who now possesses it The law confers the franchise on three classes of persons who are members of a joint undivided family, one of whom has paid rates to the amount of not less than three rupees Under the amendment now before the Council, the franchise is given to those classes of persons, but it is no longer necessary to impose the condition of being a member of a joint undivided family They have only to show that some person has paid a tax of Rs 3 in respect of the holding in which they live So that not a single person who now enjoys the franchise will lose his vote"

The Hon'ble MR RISLEY in reply, said —"The only remark I have to make in answer to what has fallen from the Hon'ble Member for the Corporation and the Hon'ble Member who last spoke to the effect that in the Bill as it stood no restriction whatever as to the payment of rates was put upon members of

joint undivided families, I have to point out that the restriction as to the payment of an aggregate amount of rates not less than three rupees is already in the Act, and was put into it in 1894 at the instance of the member for the Corporation As for the suggestion that members of a joint undivided family will be deprived by the amendment of a privilege which they have hitherto enjoyed, I say that on the contrary the amendment will let in all graduates and undergraduates who have passed the F A , whether they are members of a joint undivided family or not, and all pleaders, mukhtars, and revenue agents I think it is impossible to devise a section which could be more comprehensive"

The Hon'ble THE PRESIDENT said —"Under the present law 'residence' is necessary, and there is nothing more than that it means residence, and I think that the omission of the words 'joint undivided family,' to which I was supposed to attach some weight, has been explained away by the Hon'ble Mr Grimley in a satisfactory manner"

The Motion was then put to the vote and agreed to

The Hon'ble Mr A M BOSE moved that after section 4, the following be inserted —

"4A At the end of the first paragraph of section 38 the following shall be added, namely —

'or when a meeting is called, under section 39 by persons signing a requisition

He said —"Under the law as it stands at present, meetings of the Commissioners may be called only by the Chairman, or in his absence by the Vice Chairman The Select Committee proposes, and very properly proposes, that that state of the law should be altered by an amendment in section 39 providing another method of calling meetings, namely, that when the Chairman or the Vice Chairman fails to call a special meeting within thirty days after a requisition has been sent, the meeting may be called by the persons who signed the requisition Under these circumstances I beg to point out that alterations in certain other sections of the Act are rendered necessary by reason of this change One of these sections is section 38 At present, under that section, the legal obligation of the Commissioners to attend meetings arises when meetings are called by the Chairman or, in his absence, by the Vice Chairman I propose to add to that section the words 'or when a meeting is called under section 39 by persons signing a requisition' This will meet the requirement in all cases as may be readily seen by reference to these two sections I believe it was the Magistrate of Howrah who, in giving his opinion, says that he is not aware whether this Bill is part of a scheme for the periodical revision of the Municipal Act, or whether it is intended to give finality to the law Perhaps the remark was intended to be satirical But I submit that the best way to prevent this periodical revision of the Act will be to see that it incorporates other changes that are made necessary or desirable in consequence of changes which have already been adopted"

The Hon'ble MR RISLEY said —"I have no objection to the principle of this amendment as far as it goes, but it seems to me to be unnecessary The Hon'ble Member proposes to add certain words to section 38 which deals with the ordinary meetings of the Commissioners, but the words he proposes to add to that section relate only to the addition made by the Bill to section 39, which deals with special meetings and it will be exceedingly inconvenient and undesirable to insert in a section which deals with ordinary meetings a reference to a procedure which can only come into force on extremely rare occasions when the Chairman or Vice Chairman may be called upon under section 39 to convene a special meeting and refuses to do so The provision which now stands in the Bill is intended to meet such cases as that of the Chairman of the Dacca Municipality, who has for the last three months refused to call a meeting, the object of which is to depose him from office The provision in the Bill has reference solely to section 39, and has nothing to do with section 38, and I am confident that my hon'ble friend the mover of the amendment will see that"

The Hon'ble MR A M BOSE in reply said —"I did not enter into the matter fully when moving my amendment, as I confess I expected that it would be accepted as a matter of course What I wish to point out is this, that under section 39, power is proposed to be given to requisitionists to call meetings by themselves under certain circumstances That proposal has been accepted by the Council, and it being now a provision in the law as much as any other provision, it imposes on the Commissioners an obligation to attend the meeting so called The Legislature thought it necessary to impose that obligation by express provision of the law, viz , by section 38, which enacts that the Commissioners shall meet for the transaction of business 'at least once in every month and as often as a meeting shall be called by the Chairman or, in his absence, by the Vice Chairman' In spite of the authority of the marginal note to the section ('the Commissioners to meet ordinarily once a month'), I wish to point out that this section 38 refers not only to ordinary meetings, but to all meetings of the Commissioners, whether ordinary or special, which may be called by the Chairman If, for instance, under section 39, in response to a requisition, the Chairman calls a special meeting, then the provisions of section 38 will apply, and the Commissioners are under legal obligation to attend the meeting But, as has been pointed out, it is now proposed to add another method of convening a meeting, viz , on the authority of the requisitionists It becomes necessary, therefore to extend the scope of section 38 If the Hon'ble Member in charge of the Bill, however, objects to add the clause which I propose to section 38, he might have proposed some addition to section 39, which would have that effect, but somewhere or other some such provision ought to be introduced To put the matter briefly, section 38 applies to all meetings, whether ordinary or special, called by the Chairman or the Vice Chairman, and it imposes an express obligation upon the Commissioners to attend them All that I ask is that the same obligation may be extended to meetings called by the requisitionists, which it is now proposed to recognize I hope the Hon'ble Member will see that there really is occasion for some provision, imposing an obligation upon the Commissioners to attend when called upon to do so under the addition to section 39, which was made in Select Committee I quite agree with the Hon'ble Member in charge of the Bill that such occasions will be few and far between, but when they do arise, provision should be made to meet the contingency"

The Motion was put and lost

The Hon'ble Mr A M BOSE also moved that, after section 5, the following be inserted —

"5A (1) After the words 'or Vice Chairman in the first paragraph of section 42 the words or under section 39 by persons signing a requisition' shall be inserted

"(2) For the words 'Chairman or Vice Chairman, in the last paragraph of section 42, the word 'President' shall be substituted"

He said —"These amendments are of a similar character to the last and are rendered necessary by the alteration introduced by the present Bill in section 39, to which I have already referred. I need not repeat the arguments I have used"

The Motion was put and agreed to

The Hon'ble MR A M BOSE also moved that, in section 6, after clause (*viii*), the following be inserted —

'(*viii a*) the acquiring and keeping of open spaces for the promotion of physical exercise and education

He said —"I venture earnestly to hope that this amendment will commend itself to the sympathy of Hon'ble Members of the Council By the Bill it is proposed—and the proposal has been accepted—to enable a Municipality to spend money for improving the breed of horses and cattle, and of mules and asses I submit improving boys and men is an object at least as important as any

of these, and Municipalities should, at the same time, be empowered to spend a little money, if they find it necessary, to help in carrying it out We are adding to the number of our examinations, and to the burden laid on our young men, if we have not quite succeeded in making two blades of grass grow where one grew before, we have at least succeeded in imposing two examinations where one sufficed before, as we found the other day from an answer given to one of my questions in regard to the Upper Primary Examination I think the physical education of boys and of men of larger growth is a matter upon which the Municipality may legitimately, and with advantage, be allowed to spend some little money With regard to the importance of keeping open spaces, I think I need not say much The improvement of health and sanitation is one of the primary objects of Municipal legislation, and the preservation of open areas will be an important means for promoting this object These will be the lungs, or breathing spaces, of growing centres of population, and will afford room for exercise and recreation to all classes of rate payers, and by this means we shall be able to materially improve the health of the people It is not necessary for me to refer to the legislation on this point in England There, in spite of all—and it is indeed a great deal—that is done by private enterprise and private benevolence, the Acts of 1877 and 1881, the Metropolitan Open Spaces Acts, were passed by Parliament to enable such spaces to be acquired on behalf of the public, and by the Statute of 1887 these Acts have been extended to all urban sanitary districts, and even to certain rural sanitary districts throughout the country And the necessity for such open spaces is even greater in this country with its climate than it is in England They will not only benefit the rising generation, but be of benefit to all classes It cannot be objected, as was objected the other day in regard to libraries, that this will be a luxury which will only benefit the few, on the contrary it is a necessity for all and even more for the poorer classes than for the rich One matter to which I would specially invite the attention of the Council in this connection is the necessity which exists for the early acquiring of such spaces Some years hence in many cases they will cease to exist, and no money may then buy them It is not necessary to give many instances I know of a municipality in which within the last twenty years great changes have been introduced, open spaces which were within and outside the municipality are being bought in and built upon, and ten years hence it will perhaps be too late to make any attempt of this kind Brick and mortar, when once they have invaded a place, do not retreat so easily In fact, putting it even on the lowest ground of speculation, I do not say it is right to look upon it in that light, if a municipality were to acquire such open spaces they would probably get a very good return for them if they wanted to dispose of them hereafter With regard to the question of physical education, when I was connected with a municipality, I tried to get up a sort of athletic competition at the end of the year Even the sum of Rs 20 in prizes—and that is not a ruinous figure—would have answered the purpose But the municipality was powerless to take any steps in the matter Possibly it may be said that in the present law there is power to provide gardens and squares That is recognised as coming within the purview of section 69, clause (i) of which provides, amongst other things, for the construction, maintenance and improvement of squares and gardens But play grounds and open spaces, which may not come under that category, would, whenever funds are available and there is a clear demand for such things, be of great benefit to the people I might give many examples of play grounds and open spaces not coming within the definition of squares and gardens, which would nevertheless be of great benefit to the municipality, but I do not anticipate that objection I do not think I need add anything more to commend this amendment to the consideration of the Council, and I trust Hon'ble Members will accept it I would appeal to the representatives in this Council of the Muhammadan community as the representatives of a manly race, and I trust a proposal of this kind, which will enable the rising generation as well as the older generation to have the full advantage of such open spaces, will commend itself to them In conclusion I would add one word of appeal to the Hon'ble Member in charge of the Bill As the first President of the Society for the higher training of young men, the Hon'ble Mr Risley was the means of giving a strong impulse

to the cause of physical education, an impulse which, with Municipal and Government help, has now resulted in the opening of the Marcus Square grounds in Calcutta, and I trust that what he has been able to do in connection with the Metropolis he will also enable municipalities to do, if funds are available and the requirements of the people make it necessary that such a step should be adopted in their interest"

The Hon'ble MR RISLEY said —"I have listened with great attention to the Hon'ble Member's ingenious exposition of his amendment, but I regret I am not in a position to accept it The matter of open spaces is covered as fully as it need be by clause (1) of section 69, which empowers municipalities to construct, maintain and improve squares and gardens That appears to me to cover every conceivable case which would otherwise fall under the proposal of the Hon'ble Mover of the amendment As regards the question of physical education, section 69, clause (5) empowers municipalities to provide for the establishment and maintenance of schools, and I conceive that physical education in some form or other is a recognised part of general education and is therefore already provided for It is certainly provided for in all Government schools and colleges and there is no reason why it should not be equally provided for in municipal schools As regards English precedents, I am not entirely disposed to adopt them I doubt if you can find any municipality in Bengal—certainly very few—where the people are cooped up and unable to get to the open in the way they are in English towns The provisions of the English law in regard to open spaces are of an entirely different kind, and I think the precedent is practically inapplicable I think, therefore, that in as much as the two objects in view are included in the Act, this amendment is unnecessary If it is proposed to go beyond the Act and to add something to the provision relating to squares and gardens in the direction which has already been mentioned, then I think the amendment should be very carefully considered, and I doubt whether it should be brought forward at so late a stage, when the municipalities concerned have no means of stating their views It is no doubt right to encourage municipalities which have shown a disposition to advance, but I do not think municipal funds should be devoted to provide football and cricket grounds If the municipalities had been consulted and there was a general desire on their part to have such power confided to them, it would have been a different thing, but I do not think the Council should take the responsibility of introducing anything of this kind As it is I think these objects are well met and are likely to be well met by private liberality, and we should hesitate before we put the burden on local authorities, and if we do so the probable result will be that the sources of private liberality will be dried up once and for all"

The Hon'ble BABU GURU PROSHAD SEN said —"Even if these objects were already covered by the law as it is, the present amendment will, after what has just fallen from the Hon'ble Member in charge of the Municipal Administration of the Province, be necessary That is one of the reasons why, if the object is good, the object should be well defined as an object for which municipal funds can be expended We have shewn, so far as the application of municipal funds is concerned, enough of good will towards the inferior animals, and it will not be creditable to this Council if we were not to show a similar amount of good will towards our fellowmen Of course the matter is to be left entirely to the discretion of the municipal bodies, and I support the amendment, or rather this addition to the various clauses of section 6, by the same arguments as were used by the Hon'ble Mr Risley, the Hon'ble Mr. Finucane and the Hon'ble Babu Surendranath Banerjee with regard to the veterinary clauses With the Hon'ble Mr Risley, my hon'ble friend Mr Bose in support of his amendment will say 'municipalities are noble institutions, but if you drive them they will not do so, particularly if you wanted to drive them to do something which the law leaves optional with them' Using the Hon'ble Mr Finucane's arguments, with reference to veterinary clauses, my friend, the mover of the present amendment, will say —'Whether open spaces or play grounds should be opened, maintained and established, is a question for

each particular municipality to decide Surely it is not too much for me to ask that municipalities be given the option of coming to a decision on that point?'

With the Hon'ble Babu Surendranath Banerjee he will say —'The section is not to stand unqualified and no pressure can be put on the local authorities' Turning to the last resolution of the Government on the administration of municipalities, you will find that the revenue proper of all the municipalities taken together amounted during the year under review to Rs 21,84,000, and the expenditure under those heads which are not matters of discretion was Rs 21,72,600, excluding public instruction, which, under the Bill as amended by the Select Committee, has now been made a subject of compulsory expenditure Therefore, assuming that the discretion of the municipality will be wisely used and not abused, I do not think any money will be available for any other purposes whatever But this is quite a different matter with which perhaps, according to my hon'ble friends, this Council has nothing to do They seem to argue, if no money be forthcoming, the clauses will remain inoperative—that is all, but they asked, in the matter of the veterinary clauses—and this was the sum total of their arguments, why should not the Legislature provide for an option, when the municipalities ask for it? I ask now, why should not the Legislature provide for an option in this matter also? The only advantage which under the circumstances of the case will be derived from the enactments of the clauses providing for additional expenditure will be the display of good intentions by the Legislature towards a number of objects, and I do not see, why the Legislature should be chary of showing its good intentions to our fellowmen, when it could show enough of it to inferior animals We have already authorised the expenditure of money in providing free libraries, and I do not see why provision should not also be made for the expenditure of money upon the acquisition of land for keeping open spaces and play grounds A strong appeal was made by the mover of the amendment to the Founder of the Higher Training Society I hope this appeal will not be in vain My hon'ble friend, Rai Eshan Chundra Mittra Bahadur, has told us that the present is the time when land can be obtained at a small cost, and that a few years hence it will not be possible for Municipalities to acquire land for the purpose of providing open spaces, except at a prohibitive cost As to the stock argument of the Hon'ble Member in charge of the Bill that this proposal has been brought forward too late, I do not see how, if the question cannot be raised now, it can be raised at all If the point was attempted to be discussed when the Bill was introduced and referred to a Select Committee, my hon'ble friend, the mover of the amendment, would have been told that at that stage we can only discuss the principle of the Bill, and not the details My hon'ble friend was not a member of the Select Committee, and he could not have brought forward this proposal before, and therefore I maintain that this is the only stage at which he can bring forward amendments to the Bill It may, however, be said that it was open to him to have written to the Secretary of the Legislative Department, but how was my hon'ble friend to know what treatment his proposal would receive at the hands of the Select Committee Moreover, so far as the plea is concerned that this proposal has been brought forward too late, I may point out that the objection was overlooked in respect of several amendments which have been already considered, and some of which have been accepted by the Hon'ble Member in charge of the Bill, although they had not been before the Select Committee or the several Municipalities"

The Hon'ble Mr Finucane said —"As my hon'ble friend who has just sat down has made reference to me personally, and intimated that on the grounds on which I advocated the appointment of veterinary assistants, I ought to vote also for the present amendment, I wish to explain briefly why I intend to vote against the amendment The main reason I advanced at the last meeting of the Council for voting in favour of the veterinary clauses which were before us then, was that they had been referred to the several Municipalities for their opinion, and that an overwhelming majority were in favour of them and only an insignificant minority were against them I then appealed to the Members of this Council and to the friends of Local Self Government to say whether we should ignore the wishes of 102 Municipalities in Bengal But the

particular proposal now before the Council has not been referred to the Municipalities who are concerned, and has not been considered by them It is not therefore on all fours with the motion for the appointment of a veterinary assistant, and unlike that motion is not accepted by the responsible member in charge of the Bill, and I must therefore vote against it in its present form"

The Hon'ble BABU SURENDRANATH BANERJEE said —"If the observations which have been made by the Hon'ble Member in charge of the Bill are to be accepted, then a large number of the amendments on the agenda paper should not find a place there at all, for a great many of them have reference to matters in respect of which the Municipalities were not consulted The very fact of these amendments being allowed to appear on the agenda paper, shows that it was intended they should be considered, and not summarily rejected I do not think the Hon'ble Member in charge of the Bill seriously means to take his stand on this objection That objection was brought forward on previous occasions, and has been effectually disposed of The real *crux* of the matter is, whether or not this amendment is covered by the objects set forth in the Bill, and to which Municipal funds may be applied Is this amendment necessary or is it not? The Hon'ble Member in charge of the Bill is of opinion that it is not necessary, because it is included in the provisions of the Bill which have been already accepted His contention is that, having provided for the construction and maintenance of squares and gardens, that provision includes the leaving of open spaces But if we have provided for squares and gardens, we should also provide for open spaces for the promotion of physical education And if there is an element of doubt as to whether the objects contemplated by this amendment are included in this provision relating to squares and gardens, and that there is this element of doubt, the fact of the amendment being brought forward by my hon'ble friend, who is a distinguished lawyer, is sufficient evidence—it seems to me to be the plain duty of the Council to set this doubt at rest by accepting the amendment The question is—do squares include open spaces? The Hon'ble Member in charge of the Bill says 'yes', the Hon'ble Mover of the amendment says 'no' There is thus a difference of opinion between persons whose opinions are entitled to weight How often does the word 'said' occur in legal phraseology it is a piece of unnecessary surplusage The law is full of unnecessary surplusages which are put in, in order that the meaning may be made clear If it is mere surplusage, what possible objection could there be to the acceptance of this amendment? We ought to take a common sense view of the matter There may be a doubt as to whether open spaces are included in the word 'squares,' and if there is this doubt, this amendment will set it right I hope the Council will rise above legal technicalities and take a broad view of the situation, and accept my hon'ble friend's amendment"

The Hon'ble MAULVI MUHAMMAD YUSUF KHAN BAHADUR said —"In moving this amendment the Hon'ble Member has, in kind, courteous and flattering terms, appealed to me as the representative of a manly race in this Council I have considered his appeal, and I have to respond to it according to the best light in which the question presents itself to me There can be no doubt that the objects which my hon'ble friend has in view are, in the abstract, very laudable, and are in every way commendable, so that no possible objection could be taken to them, considered apart from their connection with Municipal administration But the question arises, in what light are they to be considered in relation to their bearing and connection with the Municipal Bill? The position which the Hon'ble Member has assigned to his amendment is to place it after clause (vii), and that clause is not included in the clauses which are covered by the proviso, and upon which the proviso operates [The Hon'ble Mr A M Bose —"I have no objection to let it be included with the other clauses mentioned in the proviso"] It is with reference to the amendment, as proposed, that I make my observations A question has been raised whether 'open spaces' intended for physical education within the meaning of the contention of my hon'ble friend the mover of the amendment, are included in clause (i) under the terms 'squares and gardens' or in clause (f) within the language used, viz, 'estab

lishment and maintenance of schools' This question is somewhat different from the one now raised The Hon'ble Member, who has last spoken, has argued that if the substance of the amendment is included in these other clauses, then why not remove all doubt by giving to the requirements of physical education, a substantive place in the Bill? To me the matter occurs in this wise assuming that what is required in the amendment is included in the existing clauses, it is quite clear that the inclusion is in a most remote and indirect way The primary and direct object of clause (i) is the construction and maintenance of squares and gardens no doubt it may be the indirect result of having squares and gardens that health might be improved, but the squares have only a remote bearing on the question of promotion of health as the result of physical education which is raised in the amendment, so also as regards schools the primary and main object of a school is to impart intellectual education, and physical education is only a subordinate idea

"We must therefore take it that the objects for which it is the intention of the Legislature that clauses (i) and (v) should provide, are something different from the 'promotion of physical education'

"The amendment therefore raises a new and important question It proposes to give to the means of physical education a separate heading, and it is contended that legislative sanction and recognition should be given to physical education as such, without its being made subordinate to other purposes The result of the contention raised will be that Municipal funds *must* be found for the object in view, in other words, the result of the amendment will be that that object *must* find a necessary place in Municipal administration, and Municipalities *must* find funds for it, as they must find funds for other objects included in the preceding clauses Is it desirable or expedient that this should be so, consistently with a due regard to Municipal interests?

"With our knowledge of the state of the Municipal funds, it is clear that it is next to impossible that we should ask the Municipalities to devote funds for this particular purpose Want of funds is the great objection against the amendment as it stands, and on account of want of funds it is impossible to vote for it My hon'ble friend, Mr Bose, has referred to the expenditure of money for veterinary purposes, and has said that in regard to legislative necessity, a provision for physical education stands at least on an equal footing with the provision for the treatment of cattle I say it does not necessarily follow, because it is expedient to legislate for the treatment of cattle, it is also necessary to legislate in the matter of physical education The two cases, as matters at present stand, are not parallel We legislate according to the circumstances of the people and their wants and necessities If people generally had sufficient knowledge of the use of drugs in the treatment of cattle, and had evinced intelligence on that subject, then this Council would not have been driven to legislate on it The necessity of legislation on the subject arises from the general ignorance of the population which requires to be taught in this respect and instructed by more skilful people The same could not be said of physical education it cannot be said that people do not appreciate its benefits, and are incapable of providing funds for that purpose, or are not possessed of sufficient opportunities there are plenty of open spaces in mufassal Municipalities at no inconvenient distance The necessity for legislation has not therefore been shown"

The Hon'ble MR. M. S DAS said —"The real question at issue between the Hon'ble Member in charge of the Bill and the Hon'ble Mover of the amendment, as far as I understand it, is whether it is the legitimate province of Municipalities to devote a portion of their funds to acquire open spaces for the purpose of promoting physical education There is no difference, I understand, as to the meaning to be attached to squares and gardens. Squares are open spaces, and no particular legal knowledge or legal education is necessary to interpret the amendment The real question is whether Municipal funds should be devoted to purposes of physical education I think this ought not to be allowed, and my reasons for saying so are these. If the Hon'ble Mover of the amendment wishes to make provision for more physical education than is included in the clause for the establishment and maintenance of schools, I am sorry I cannot

vote for him Physical education is a thing which the people have now learned to appreciate, and if it is the duty of Municipalities to promote physical education, it is much more the duty of parents to do so Parents should be made to contribute towards the expense of keeping up institutions for the purpose of imparting physical education Under the provision for the maintenance of schools this object is attained, to a certain extent, by fees which come from the pockets of parents, but, by this amendment, open spaces for the promotion of physical education are to be kept up entirely at the cost of Municipalities For these reasons I shall vote against this amendment"

The Hon'ble MR PRATT said —"I think there is very little difference of opinion as to the desirability of empowering Municipalities to carry out the objects of the amendment, and I should not have troubled the Council with one word, were it not that I understand these objects are sufficiently provided for in the Bill. Physical education may be provided for by schools, aided and subsidized by Municipalities, and I consider also that clauses (*i*) and (*xiii*) cover the ground of the amendment, as the first mentions 'squares and gardens,' while the latter authorizes the expenditure of Municipal funds on 'other works of public utility calculated to promote the health, comfort or convenience of the inhabitants'"

The Hon'ble MR GRIMLEY said —"The amendment proposes to make two additions to the objects on which Municipal funds may be legitimately expended, namely, the acquiring and keeping of open spaces and the promotion of physical education They are both very desirable objects, and I strongly sympathise with the Hon'ble Mover of the amendment in his desire that means should be provided for the physical exercise and relaxation of the people, but it seems to me—and I have had some experience in considering and interpreting the provisions of the Bengal Municipal Act—that the first object is already included in clause (*i*), section 69 of the Bill under the words 'the construction, maintenance and improvement of squares' In like manner physical education seems to fall under the head of schools The necessity for physical exercise is recognised in connection with schools in the Central Provinces (the Hon'ble Mr Glass will correct me, if I am wrong), where there are village schools in which physical exercises and drill (*kasrat* and *khawayat*) form part of the ordinary curriculum, and the sturdy appearance of the boys in such schools seems to justify the measure But there appears to me to be no necessity for a change in the law, as the object which is desired may be obtained by an order emanating from the Director of Public Instruction, changing the course prescribed for schools in Bengal, and if Municipalities choose to make provision for physical education in their schools, all that is necessary will be for the Commissioners to express their desire, by including the amount required in the Budget, and to satisfy the Commissioner of the Division that the increase is desirable No more than that is necessary I think the wording of the present law is quite sufficient for the purpose"

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR said —"The real question before the Council is whether this amendment is included within clause (*xiii*) of section 69, which empowers Municipalities to spend money upon 'other works of public utility calculated to promote the health, comfort or convenience of the inhabitants' If the objects contemplated by the Hon'ble Mover of the amendment are included in these words, or in the provision for the construction and maintenance of schools, then I have very little to urge But the question is whether 'open spaces for the promotion of exercise and physical education' are so included? If they are included, then I, as Chairman of a Municipality, will undertake at the very next meeting of the Commissioners of that Municipality to have a Resolution passed for the acquisition of a plot of open land sufficient for the purpose, but the Commissioners of Municipalities apprehend that they are not so included But taking into consideration the fact that taste for football and other manly games is now growing in the mufassal, and that friendly competition in manly games is carried on between the residents of different places, as also the fact that the acquisition of open spaces for this purpose in the

vicinity of mufassal towns is not expensive, I think the amendment of my hon'ble friend, the mover of the amendment, ought to be accepted What will be the expense of acquiring a few bighas of land in mufassal municipalities? They are not Calcutta, where the value of land is so very great Take the case of any neighbouring Municipality, take even Howrah, Serampore, Hooghly You can get plenty of land at such places at a very little cost A few acres of land would not cost very much in such places, and the up keep would not cost much I submit, therefore, that this amendment ought to be accepted '

The Hon'ble MR RISLEY said —"I have a personal explanation to make I find that a certain speech I made at the first meeting of the Society for the higher training of young men, four years ago, as President of that Society, has been alluded to I did say that the first thing to do was to get a good play ground, but I put it that we must look for that to a 'benevolent founder', and I said no word whatever about the expenditure of public money for the purpose"

The Hon'ble MR A M BOSE in reply said —"The first objection, which has been taken to this amendment, is that it has been brought forward too late I submit that it has been, on the contrary, placed before the Council at the earliest period when it is possible for any Member, who was not on the Select Committee, to have done so As this argument has been used frequently in the course of these proceedings by the Hon'ble Member in charge, I think I should point out that it has been held over and over again that on the occasion when a Bill is referred to a Select Committee, Hon'ble Members can only speak upon the principle of the Bill Then if that is so, Hon'ble Members who are not on the Select Committee can only give notice of amendments and bring forward proposals when the Report of the Select Committee has been laid before the Council with the Bill, as recommended to be passed We have heard in the course of these debates of disfranchising But if the contention of the Hon'ble Member in charge of the Bill is correct, then it will disfranchise most of the Members of this Council, all in fact who are not Members of the Select Committee upon a Bill But I submit with regard to this and other amendments which are before the Council, and also with regard to the constitutional rights of Hon'ble Members, that the contention of the Hon'ble Member is not tenable This particular amendment, I may add, has been before the Council for the last three weeks Passing on to the next argument of the Hon'ble Member that provision for the acquisition of open spaces is included in the clause relating to the construction, maintenance and improvement of gardens and squares, and with reference to other observations of a similar character which have fallen from some other Hon'ble Members, I venture to say that if that is so, there is no reason why we should wait for an expression of opinion from municipalities, and there is no substantial ground for the Hon'ble Member to oppose my motion But if there is any room for doubt, I submit it is desirable and proper to remove that doubt by accepting the amendment And there is ample room for doubt and more than doubt It is perfectly true, as was observed by my hon'ble friend Mr Das, that all squares are open spaces, but unfortunately the converse does not hold good, and it is not true that all open spaces are squares I will give one or two instances The other day I was at a mufassal station where I was shown an extensive play ground placed at the disposal of the public by the courtesy of the proprietor That ground could not certainly be described as a square I was told that the municipality could now acquire it on extremely easy terms, but that a few years hence it would be very costly to do so, and the probability is that it would be impossible The same argument applies to the next objection that clause (*v*) regarding the establishment and maintenance of schools also includes provision for physical education I think strong doubts may be entertained on that point, and in all probability, if any municipality were to expend money for the promotion of physical education under the authority of the clause which empowers it to provide for the establishment and maintenance of schools, the Commissioner of the Division would be down upon

it for having gone beyond the powers given by law I hope it will be perfectly clear that I am prepared to have this provision so included within the section, that it will come within the purview of the proviso, and the provision for physical education shall be placed on the same footing as that for the improvement of the breed of horses, asses and the like I trust this arrangement will remove the doubts which my hon'ble friend Maulvi Muhammad Yusuf Khan Bahadur has felt in regard to this matter Then with regard to the objection on the ground of a multiplicity of objects to which municipal funds may be devoted, it should be remembered that this particular provision is purely optional and permissive All that you will do is to give the Commissioners the power to give effect to it, if at any time funds are available and they find it necessary or desirable to do so It has been said by the Hon'ble Member in charge of the Bill that in the case of Bengal municipal towns there is not that necessity for open spaces which exists in regard to English towns, that they are not overcrowded and cooped up as many English towns are That, I submit, is an argument in favour of accepting my amendment Let us take steps early, at a time when the small means at the disposal of municipalities may be able to provide what is wanted and prevent difficulties arising hereafter It would not be the part of statesmanship or wisdom to wait till municipal towns become cooped up and are placed in the position of the English towns to which the Hon'ble Member in charge of the Bill has referred Now when things can be easily done, if the object is a desirable one, let us enable municipalities to spend a portion of their funds to make provision for the open spaces which are really necessary and desirable, and let us take warning from the sad state into which many English towns have fallen"

The Hon'ble THE PRESIDENT said —"Before putting this motion to the vote, I wish to say a few words Various objections have been taken to this amendment, the first of which is that it has been brought forward too late and at a time when municipalities cannot be consulted That would have been a formidable objection with regard to the passing of a measure upon a matter which had not been referred to municipalities, and with regard to which they are to be left no option But inasmuch as the Hon'ble Mover of the amendment wishes to place this provision under the proviso so that it will be entirely optional with municipalities to adopt the project contemplated by the amendment I think the question which they might otherwise previously have answered, they will answer by and bye according to their own wishes and desires Therefore I think that the objection which has been taken to the amendment having been brought too late is really no objection Then it is said, however laudable this object may be—and not a single Hon'ble Member has attempted to suggest that it is not a laudable and useful object—it has already been provided for Of course if it has been already provided for, the Hon'ble Mover of the amendment would not think of pressing his motion I think it has not been provided for in the Bill It is said that it will come under clause (xiii) of the section, which provides for 'works of public utility calculated to promote the health, comfort or convenience of the inhabitants' I think that the object the Hon'ble Member has in view will not be such a work as that contemplated under clause (xiii), which refers to works of a structural character, or things of that description Then it is said it will come under clause (v), which provides for the establishment and maintenance of schools There is no doubt that works for the promotion of physical education may be undertaken by schools, but what is contemplated by the amendment is the acquisition of open spaces for the benefit of the people living in the municipality who may not be school boys and may not attend schools, therefore the objects which are contemplated by this amendment do not fall within the scope of clause (v) Then there is a more difficult question than those which I have been considering, and that is that under clause (i) power is given for the construction, maintenance and improvement of squares and gardens No doubt under that clause municipalities can construct and maintain squares It has also been said that municipalities may under this clause turn a square into a playground I do not think that is the ordinary meaning of the word 'square' I do not think it is the

intention that people should use a square for the purpose of playing such a rough game as football or cricket Squares are intended for the purpose of recreation and usually for every quiet people to congregate in and walk about, and not for the playing of games of this description And then the object contemplated by the amendment, namely, 'the acquisition of open spaces and the promotion of physical education,' cannot be split up into two parts What is meant is that open spaces might be kept for the promotion of physical education The argument that the amendment might be split up into two parts and that those parts are provided for by individual clauses of section 69 is not in my opinion a correct view of the matter We must therefore face the amendment as it stands, namely, to make provision for the acquisition of open pieces of land for the purposes of exercise and the promotion of physical education A great many objects are covered by section 69, and I can see no possible objection to municipal funds being spent also in the way contemplated by the amendment, to the great advantage of people living in the municipality In countries like France and Belgium municipalities provide for gardens and bands and all sorts of amusements for the people, and in this country are we not to spend money in providing open spaces for the promotion of physical health when we find that native boys are now taking a liking to manly sports and pastimes The only reason that can possibly be urged against this amendment is that matters of this description do not come within the scope of the objects upon which municipal funds should be spent I am plainly of opinion that they do I think when you are providing for veterinary establishments for the benefit of the people so as to have their cattle looked after, I do not see why you cannot provide for the physical education of the people if you wish them to grow up a manly race, able to undergo fatigue and labour I cannot conceive a higher object towards the accomplishment of which Municipal funds may be devoted I have not heard a single word against the object of this amendment being a useful and most laudable one The Hon'ble Maulvi Muhammad Yusuf Khan Bahadur expressly said that it is a most laudable object, and yet, bearing that in mind, he takes a very narrow view, and contends that this amendment should not be allowed The Hon'ble Member in charge of the Bill suggested that we should look to the liberality of private individuals for such things Suppose you do, there will be no means for keeping up the liberal gift If you obtain a boon from a charitably disposed person, you cannot spend even a few rupees to keep it up Hon'ble Members have heard from the Hon'ble Rai Eshan Chundra Mittra Bahadur that lands outside Calcutta are not so valuable that Municipalities will not be able to acquire a few acres Therefore under all these circumstances, as far as I can judge, I think the Council should consider well before they disallow this amendment As far as I am concerned, if the amendment is put to the vote, I shall vote in favor of it"

The Hon'ble MR RISLEY said —"In view of the law as expounded by the Hon'ble the President, I will accept the Motion, provided it is passed as an additional clause (xiii), falling within the purview of the proviso to section 69"

The Motion was put and agreed to, on the understanding that the new clause should be numbered (*viii*), the remaining clauses of the section being altered accordingly, and that the new clause should be mentioned in the proviso to the new section 69(1)

The Hon'ble MR A M BOSE applied to the Council to withdraw the Motion of which he had given notice that in section 6, in the proviso to the new section 69 (1), for the words after "both inclusive" to the end of the proviso, the following be substituted —

'unless such application be sanctioned by the consent of two thirds of the Commissioners present at a meeting specially convened for considering such application, or held after special notice has been given that such application will be considered at such meeting

He said —I am glad to find that the legal difficulty to which I had the honour of drawing the attention of the Council at its last sitting has

been fully recognized and in order to obviate the inconsistency in certain cases, which I pointed out, between the proviso as drafted by the Select Committee and the provisions of section 70 of the Act, an amendment is to be moved by my hon'ble friend, Babu Surendranath Banerjee, which will no doubt be accepted by the Hon'ble Mr Risley There is one other remark I wish to make with regard to my amendment, and it is this The position of affairs in respect of it at the present moment is materially different from what it was when I gave notice of it At that time the proposed proviso related practically only to veterinary matters But since then, on the motion of my hon'ble friend, Rai Eshan Chundra Mittra, Bahadur and on my own motion, which the Council has been good enough just now to accept, such matters as libraries and the acquisition of open spaces have been brought within the scope of the proviso Under these circumstances I do not think the proviso need be made stricter than it is at present in the Bill I would therefore ask leave to withdraw my amendment"

The Motion was, by leave, withdrawn

The Hon'ble Babu Guru Proshad Sen moved that in section 6, in the proviso to the new section 69 (1), the words "two thirds" be substituted for "majority", and also that in the same proviso the words 'at a special meeting to be convened for the purpose" be substituted for the words "at the meeting"

He said —"This simply comes to the same thing as the amendment which has just been withdrawn, only that in the place of 'majority' I would have 'two thirds present at a special meeting' I think the necessity for fettering the discretion given to the Municipal Commissioners has been admitted by this Council, by providing that certain expenditure shall not be made 'unless a majority of the Commissioners present at the meeting are satisfied that the other purposes, specified or referred to in this sub section, or such of them as the majority consider it necessary to carry out, have been sufficiently provided for' But the question is whether by this provision that discretion has been sufficiently fettered If you give the Commissioners the fullest discretion, I would not object, but when notwithstanding all the fine talk we have heard regarding the expenditure under certain heads being left to the discretion of the Municipal Commissioners, we have by the Select Committee's Bill provided for fetters to that discretion, and when once you recognise the necessity of fettering their discretion just as by the provision which I have read, instead of a majority of one I would make it a majority of two thirds, and instead of a vote being taken at an ordinary meeting, I would have a special meeting Some of the money might have to be spent outside the municipality A legal objection was taken by my hon'ble friend Mr Bose that in order to do that you require under section 70 a majority of two thirds and the sanction of the Local Government I think these are very necessary conditions, and that they are more necessary when you examine the state of the funds of mufassal municipalities I have just stated that the utmost resources of 146 municipalities amount to Rs 21,84,000, which gives an average of about Rs 15,000 for each municipality The expenditure under necessary heads, excluding education, absorbs almost the whole of this income, except about Rs 10,000 or Rs 12,000, not only to provide for education, but several other purposes It is therefore absolutely necessary that the discretion of the Commissioners be used wisely If the discretion is exercised wisely, probably all these clauses will be inoperative But if the discretion is likely to be abused, it ought to be fettered more stringently than is provided for in the Bill I submit therefore that to guard against abuse instead of measures of this kind being carried by a bare majority, there should be at least a majority of two thirds of the members present at the meeting, and that that meeting ought to be a special meeting, so that the attention of the Commissioners may be specially drawn to the subject Another reason for the necessity of fettering the discretion of the Commissioners in the way I propose is to be found in an amendment to be moved by my hon'ble friend Babu Surendranath Banerjee, under which the further restriction provided by section 70 is proposed to be removed in respect of expenditure incurred out side the municipality for certain objects [The Hon'ble the President —"It is irregular to refer to a notice of motion which

is not now before the Council"] Then I shall confine myself to my own motion, in connection with which I think the conditions imposed by section 70 ought to apply"

The Hon'ble MR RISLEY said —"I have only to say that I hope the Council will reject the amendments which have now been moved, and will accept the amendment which will be moved by the Hon'ble Babu Surendranath Banerjee, and which covers the ground better"

The Hon'ble BABU SURENDRANATH BANERJEE said —"Let us for a moment leave out the amendment of which I have given notice and consider the amendment to the proviso of section 69 which my hon'ble friend has moved He says the majority under the proviso should be a majority of two thirds, and that that should be the majority of the Commissioners voting at the meeting in respect of expenditure, some of which may be incurred outside the limits of the municipalities concerned But section 70 of the Act provides that when municipal expenditure is to be incurred outside the limits of a municipality, not a majority of two thirds of the Commissioners attending the meeting but two thirds of the whole number of Commissioners must make a statement in writing in support of the proposal, and the recommendation must receive the sanction of the Local Government, and only under these conditions can any expenditure be legally incurred outside any municipality A part of the expenditure which may be incurred under section 69 may be outside the municipality, therefore under the amendment of my hon'ble friend, the Commissioners will labour under a legal difficulty which the amendment which I propose to move later on will remove But over and above this legal objection I have another objection based on practical considerations Does my hon'ble friend really believe in his heart of hearts that if a majority of two thirds is imposed this section will be at all operative? Moreover, the amendment will re open matters which have already been discussed and decided If my friend's amendment be accepted, the veterinary clauses will be rendered inoperative I have not the slightest objection to introduce the necessary safeguards, but we should not fetter the discretion of the Commissioners so as to render it impossible for them to devote municipal funds to these purposes"

The Hon'ble MAULVI MUHAMMAD YUSUF KHAN BAHADUR said —"I think this amendment should not be accepted The obvious tendency of the amendment is to render those clauses of the section to which the proviso relates, more difficult of operation, if not absolutely impossible and nugatory Several amendments have been accepted by the Council, on the ground of their importance, although their importance, being only secondary in degree, as compared with other objects, they have been thrown into the proviso but it is quite clear that the proviso should not be so clogged and hampered by the introduction of conditions, as to render the clauses a dead letter The proviso should not, therefore, be made more stringent than it is"

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR said —"I wish to oppose the amendment which has been moved by my hon'ble friend Babu Guru Proshad Sen It appears to me that, if we require the votes of a majority of two thirds of the Commissioners at a meeting, it will render these provisions absolutely inoperative I have some experience in the working of Municipalities, and I know that, in the first place, it is difficult to get a very large number of the Commissioners to attend We have had bitter experience of the way in which things are managed, when some particular questions are to be brought up, some will not attend, and others have an undignified way of reserving their votes It will always be within the power of particular Commissioners, who wish to be obstructive, simply to say—we will not attend and we will not vote, I submit, therefore, that this amendment should not be passed If the sense of the Council be that these matters should be considered at a special meeting in order that the Commissioners may receive special notice of the importance of the subject, I have no objection, but the votes of a majority of two thirds should not be required"

The Hon'ble Babu Guru Proshad Sen in reply said—"This amendment consists of two parts, one of which has reference to a majority of two thirds, and the other, to the convening of a special meeting for the consideration of these matters My hon'ble friend who spoke last agrees that special notice should be given of these meetings, but with respect to the question of majority, both he and my hon'ble friend Babu Surendranath Banerjee seem to think that, if a majority of two thirds is required, these provisions will be wholly inoperative, and that section 70 insists on an impossibility That section 70 of the Municipal Act is the work of that Select Committee of all the talents, for which we have the greatest amount of admiration here [The Hon'ble Mr Risley —"Not at all, it was in the original Bill of 1884"] Well, then, it was one of the sections, the impossibility of which they did not see Then my hon'ble friend Babu Surendranath Banerjee sees a motive He seems to think that I have moved this amendment in order to prevent the veterinary clauses from being operative [The Hon'ble the President —"No the Hon'ble Member said the effect of the amendment would be to render those clauses inoperative"] Well, I shall say then that the effect of passing these amendments according to the Hon ble Babu Surendranath Banerjee would be the amendment regarding the veterinary clauses having been lost if the present amendment were to be passed, the application of Municipal funds to veterinary purposes would be rendered impossible, and thus the veterinary clauses would be inoperative I did not know that he was so fond of these veterinary clauses, but I shall tell him once more what I have told before, that it is not the fetter which I seek to impose, but the scanty nature of the Municipal revenues, which will render the application of any money out of that fund to these purposes impossible The total amount of Municipal revenue proper is Rs 21,84,000 for 146 Municipalities, and the expenditure under those heads to which there is no option left, is Rs 21,72,000, excluding public instruction (I like to be corrected if I am wrong), therefore there will be no money to spend, and the clauses, if the discretion, which we now leave to the Municipal Commissioners, is not to be abused, but rightly used, are bound to be inoperative, and they will remain as dead letters in our law, and all the time the Council has spent in providing for a class of expenditure which cannot be met from the scanty revenues of Municipalities has been spent in vain It is all very good to hear of Municipal Commissioners being vested with discretion, but at the same time you do not leave them unfettered It is true that the effect of my amendment is to make the fetters a little stronger I say do not allow them the opportunity of abusing their discretion, and therefore I say do not leave the decision to a bare majority of one or two, but to a majority of two thirds It has been pointed out that, for expenditure outside Municipalities, a majority of two thirds of the whole number of Commissioners, plus the sanction of the Government, is required under section 70 If that suits my hon'ble friends better, I will not have the slightest objection"

The Motions were severally put and lost

The Hon'ble Mr A M Bose moved that in section 6—

(*i*) the proposed new section 69P be omitted, and

(*ii*) for the first paragraph of the proposed new section 69A (*1*) the following be substituted —

'Subject to such rules as the Local Government may from time to time prescribe, the Commissioners shall cause to be kept, for each hospital and dispensary vested in them, accounts showing—

He said —"Except for one small consideration, which I shall presently notice and for which my amendment provides, I find it difficult to understand why the Select Committee thought it necessary to propose this new section (69B) With regard to the proposed provision empowering the Local Government to make rules prescribing the qualifications of candidates for employment as veterinary practitioners, my first point is that it is wholly unnecessary If we refer to section 69 as it stands, and as it is proposed to re-enact it, we find the following words 'and may, except as is otherwise provided in this Act and subject to such rules and restrictions as the

Local Government may from time to time prescribe, apply the Municipal fund to any of the following purposes,' one of which is the training and employment of female medical practitioners and of veterinary practitioners, &c Therefore the power to make rules prescribing the qualifications needed is there provided for, and the proposed new section 69B is unnecessary My second point is that it is more than unnecessary, because it presupposes the existence of doubts [The Hon'ble THE PRESIDENT —"It is under my advice that this section has been put in to make matters safer "] My reason for moving the omission of section 69B is this, that it will by implication throw doubt on the construction of section 69 and on the exercise of powers which are now exercised by the Local Government Let me give a concrete case Under the present law the entire section 69 is governed by the clause 'subject to such rules and restrictions as the Local Government may from time to time prescribe' In the Manual for the management and maintenance of dispensaries, it is stated that it is under this provision that the Local Government makes rules as to the qualifications of the Doctors to be employed, and so forth, and if that provision is sufficient for this purpose, then it is also enough for the purpose of defining the qualifications of veterinary practitioners It applies as much to clause (*iv*) regarding the establishment and maintenance of hospitals and dispensaries, as to clause (*x*) regarding the appointment of qualified persons to prevent and treat diseases of cattle Therefore, by enacting section 69B, which specially refers to clause (X) of section 69, doubt will be thrown by implication upon the power which the Government at present possess of laying down the qualifications of persons to be appointed as doctors, &c This provision should therefore, I submit, be either omitted or extended in scope Then coming to the next part of the new section 69B, 'generally for the guidance of the Commissioners in all matters connected with the carrying out of the purposes of section 69,' that also is, I submit, provided for in the saving and regulating clause of section 69, not simply as a matter of theory, but as a matter of practice, and not the slightest complaint has been made that the Lieutenant Governor is exceeding his powers Why then still further extend those powers as now proposed? The only reason I can understand for the introduction of section 69B arises from its referring, not only to section 69, but also to section 69A, which provides for the keeping of separate accounts of hospitals and dispensaries vested in the Commissioners The governing clause of section 69, while it will sufficiently apply to the making of rules for the establishment and maintenance of dispensaries for veterinary matters, will not apply to the hospitals and dispensaries mentioned in section 69A Therefore in the second part of my amendment I propose to put in the new section 69A the words which now exist in section 69, and thereby extend them to the matters mentioned in section 69A If I have been able to make myself clear, I submit that there is no necessity for anything like section 69B by way of safeguard, and moreover it may lead to a doubtful interpretation, and to a result just the reverse of that which is wanted This amendment raises no question of principle, but only refers to the proper way of laying down what we all want to provide"

The Hon'ble MR RISLEY said —"I have only to say that this is what may be called a lawyer's question It was pressed upon me by the learned Assistant Secretary to the Legislative Department, who is an extremely accomplished and experienced drafter, that something of this kind is necessary to make clear the power which the Government has of making rules, and on this point the learned Advocate General, who is the highest legal adviser of the Government, has concurred with the Assistant Secretary and has taken the same view of the matter"

The Hon'ble THE PRESIDENT said —"I think the new section 69B very necessary, and I approve of it I do not propose to discuss a legal question here"

The Motion was put and lost

The Hon'ble BABU SURENDRANATH BANERJEE moved that for section 7 of the Bill the following be substituted —

"7 (1) For the words 'the last preceding section in section 70, the words and figures 'section 69, sub section (1) shall be substituted

"(2) To the said section 70, the following shall be added, namely —

'Notwithstanding anything in this section the Municipal Fund may be applied, by the vote of the majority referred to in the proviso to section 69, sub section (1), and without the consent and sanction mentioned in this section, to meeting expenses incurred beyond the limits of the Municipality in the training of female medical practitioners, or of veterinary practitioners

He said —"This amendment is divided into two parts section 70 deals with the expenditure of money outside the limits of Municipalities, and in such cases the section requires 'the consent of two thirds of the Commissioners obtained in writing and the sanction of the Local Government to such expenditure' Two sub sections have been added to section 69, which do not in the smallest degree refer to the expenditure of Municipal money outside Municipal limits Sub section (2) of section 69 provides as follows —

'(2) The Municipal Fund shall also be applicable to the payment, at such rates as the Local Government may from time to time direct of travelling expenses incurred by any of the Commissioners in attending meetings convened under the rules made by the Local Government in pursuance of sub section (4) of section 1 of the Indian Councils Act 1892 for the purpose of recommending a person to be nominated as a member of the Lieutenant Governor's Council

"It is very obvious that the money to be spent under this clause will be spent within the limits of the Municipality, therefore it cannot come within the purview of section 70, which deals with the expenditure of money outside Municipal limits Further, sub section (3) of section 69 is of wider application, and empowers the Commissioner to do all things not inconsistent with the Act which may be necessary to carry out the purposes of the section I have also to point out that the words 'last preceding section' in section 70 may now be held to apply to section 69B, which has nothing to do with the subject matter of section 70 As the Hon'ble Mr Bose observed with great force, the new proviso to section 69 of the Bill is in conflict with the provisions of section 70 of the Act The object of my amendment is to remove this legal defect, while maintaining the necessary safeguards imposed by the proviso But at the same time I think it will occur to most people, that when a Municipality desires to spend a few rupees a month on such paltry objects as the training of female doctors, or the training of veterinary students at Belgatchia, they ought to be allowed to do so without the elaborate formalities provided by section 70, namely, the consent of two thirds of the whole body of Commissioners obtained in writing, such consent being afterwards ratified by the Local Government That seems to me to be a waste of administrative energy Therefore, having regard to the changes which have been introduced in the proviso to section 69, this seems to me to be a necessary amendment For the more important purposes involving expenditure outside the limits of Municipalities, such as the establishment of hospitals, &c, beyond Municipal limits, the elaborate safeguards provided by section 70 will be operative The object of my amendment is to cure a defect in the law, which was referred to by my hon'ble friend Mr Bose, and also to promote the purposes of administrative convenience"

The Hon'ble MR RISLEY said —"I accept this amendment When the question as to the provisions of section 70 was raised in Council the other day, I did not reply to what was then said I was not prepared on the spur of the moment to pronounce on a question, the solution of which is by no means easy We have now what seems to me to be a satisfactory section, but it was not the work of two minutes It seems unnecessary that these small items of scholarships and the like should come within the purview of section 70, which was intended to apply to the cases of large payments made to other Municipalities by way of contributions to important works of drainage and the like in which both the Municipalities are interested"

The Hon'ble MR A M BOSE said —"I rise to make one suggestion, namely, that the words 'the proviso to' in the second line of the second part of my hon'ble friend's amendment be omitted, and my reason for doing so is this In section 69 there are two majorities referred to—one in the opening part of section 69 (1) for the application of Municipal funds to the purposes described, in which the votes of a majority will be necessary, and in addition to that a second majority is required in regard to the clauses specially mentioned in the proviso If the amendment proposed by my hon'ble friend, Babu Surendra nath Banerjee, is accepted as it is now drafted, then the necessity for a two thirds majority and the sanction of the Local Government, which section 70 requires will be obviated only in the case of a division under the proviso But that will not obviate the necessity for a majority of two thirds under section 70 in regard to the second or other division which will be required for the grant of any help in training female and veterinary practitioners The amendment only refers to the majority mentioned in the proviso It does not refer to the majority which is necessary under section 69 itself The acceptance of my suggestion will, on the other hand, meet the whole difficulty"

The HON'BLE MR RISLEY said —"I would advise the Council to accept the amendment of the Hon'ble Babu Surendranath Banerjee, and leave the diffi culties referred to by the Hon'ble Mr Bose to be considered before the Bill is finally passed"

The Motion was put and agreed to

The Hon'ble Mr A M Bose moved that, in sub section (*1*) of section 8 of the Bill, for the words and figures "in section 142" be substituted the words and figures "in section 131 and section 142"

He said —"The expression 'habitually used' is a very vague expression It has formed the subject matter of a reference to the High Court, where the interpretation has been not only narrowed, but left about as uncertain as before The Select Committee propose to remove that uncertainty in regard to section 142 But the substantive portion of section 142 of the Municipal Act has been copied from section 131, with this difference that section 142 applies to taxation in the case of carts, and section 131 relates to the im position of a tax upon the use of carriages and horses which are kept or 'habitually used' within the Municipality The one is as vague as the other, and therefore to avoid a further reference to the High Court, I have brought forward this amendment"

The Hon'ble MR RISLEY said —"I accept this amendment A reference to the judgment of the High Court supports the Select Committee in the interpreta tion they have put upon the word 'habitually' The High Court decided in the case which was referred to them, that a cart cannot be said to be habitually used, unless it is used in pursuance of the owner's occupation"

The Motion was put and agreed to

The Hon'ble MR A M BOSE also moved that the following words be added at the end of sub section (*1*) of section 8 —

"and after the words 'or habitually used within, in those sections, the words 'the Municipality' shall be added."

He said —"I have often considered the wording of this section and have been puzzled It is a mere question of drafting Section 142 provides that 'the Commissioners at a meeting may make and publish an order that every cart which is kept or habitually used within, or which is let for hire within or without the Municipality and habitually used within it, shall be registered, &c My difficulty comes in after the word 'within' What is it that 'within' governs? Does it govern the word 'Municipality' in the next clause? If so, it means 'which is kept or habitually used within the Municipality and habitually used within it' That would bear no meaning Putting in the

word I suggest after 'within' would remove the difficulty I therefore propose this amendment"

The Hon'ble MR RISLEY said —"I have not the slightest objection to this amendment, but I am not prepared to say that it is necessary I am told that the section as it stands is good legal grammar"

The Motion was, by leave of the Council, withdrawn

The Hon'ble MR A M BOSE also moved, that after sub section (2) of section 8, the following be inserted—

'(3) To section 147A the following shall be added, namely —

'When carts not kept within any Municipality or Cantonment are so used in more than one of them, on the application of any one of such Municipalities or Cantonments, the Local Government may apportion the amount of registration fee between them'"

He said —"Section 147A contains a very salutary provision which protects carters from having to pay fees to more than one Municipality My amendment does not affect the carters at all They are not to be required to pay more than one tax, but it is a question which relates to the different Municipalities, the roads of which are used by these carts, it is extremely desirable that the difficulty which is now experienced between these Municipalities in regard to the collection of the cart registration fee should be removed One concrete case will perhaps illustrate the necessity for my amendment, better than any amount of abstract exposition as to the difficulty which the amendment is intended to remove There are two Municipalities, the circumstances of both of which I happen to know I shall call them A and B A large number of carts which are kept in rural areas pass through Municipality A, using a short extent of its road, they do not stop there or transact any business there Then they enter Municipality B, passing through several miles of its roads Some of them come on to Calcutta, but a great many of them stop at B and transact business there There are two Railway Stations in B, and a large jute business is also transacted there But it so happens that the carts having to enter A in the first instance, the tax is realized there and B gets no portion of it That does not seem to be fair or just But that is not all, for this state of things sometimes leads to Municipal demoralisation, before the date of cart registration comes on, there is a regular system of coaxing going on, and even worse than that—it may lead to what may be called a war of tariffs between different Municipalities The rates for cart registration are not subject to the sanction of the Commissioner of the Division, but are entirely within the discretion of Municipalities, and there will be a temptation or competition amongst neighbouring Municipalities to fix the rates, irrespective of the merits of the case, so as to induce as many carts as possible to be registered within their limits Therefore I submit there should be a power vested in the Local Government, if it thinks fit, on the application of any Municipality, to apportion the proceeds of the taxation upon carts between the several Municipalities entitled to them In section 96 of the Calcutta Municipal Consolidation Act there is such a provision It is there provided that the net proceeds of the tax shall be divided between the Municipalities of Calcutta and Howrah, and such other Municipalities adjacent to Calcutta or Howrah as the Local Government shall declare to be entitled to a share in the receipts Therefore what I propose is not a novel procedure In the Calcutta Act the Local Government *shall* apportion My proposal does not go so far All I ask is that the Local Government may, if it think it necessary in any case, apportion the fees which have been realized between the several Municipalities in order to prevent injustice to the Municipalities, harassment to the carters, and the other evils to which I have referred"

The Hon'ble MR. RISLEY said —"I sympathise strongly with the principle of this amendment The only difficulty is how we shall give effect to it The precedent which has been quoted from section 96 of the Calcutta Act is one way parallel and in another way it is not Under that section we do

declare that certain municipalities are entitled to certain fractions of these fees, but there all the fees are collected by one municipality, the municipality of Calcutta, and put into a separate fund, so that there is something tangible to divide But here the carts do not all pay to one municipality, and there is great confusion, as they pay fees sometimes in one municipality and some times in another, and I do not see how we are to apportion a lot of individual fees which are paid here, there and everywhere, at different places at different times It seems to me to be an impossible state of things Then I have another objection to the amendment of a technical character I believe it is the case that this Council is not entitled to introduce into this Bill any provi sion relating to Military Cantonments, the municipal affairs of which are governed by an Act of the Imperial Council of the year 1889 Every one admits that the difficulty which the Hon'ble Member has pointed out does exist, and I am very much afraid that in certain cases it leads to unhappy con troversies between neighbouring municipalities regarding the payment of two or three rupees by way of registration fees, and it possibly also does lead to some oppression on carters As I have already said, I fear a proper solution of the difficulty is impracticable, and the Government would have the trouble of deciding upon separate applications each claiming the fees paid by individual carters, and there might be two or three hundred such applications to decide upon The Government would in such cases decline to pass any order, and the municipalities would be left to their own resources The only solution I can suggest is one of two arbitrary ways Either the fees may be apportioned with reference to the expenditure upon the repair of roads in each municipality, an apportionment which might be left to the Commissioners of Divisions Or you might be more arbitrary and say that the fees shall be divided equally between all the municipalities concerned in which carts have been registered I am not prepared to say which of these methods is the best, but I am quite certain that the amendment as it stands will not answer"

The Hon'ble BABU SURENDRANATH BANERJEE said —"I am afraid that which ever of the two ways of solving the difficulty suggested by the Hon ble Member in charge of the Bill is adopted, great injustice will be done to some municipalities Take the case of the Baidyabatty Municipality It is opposite the North Barrackpore Municipality with which I happen to be connected A large portion of the income of that municipality is derived from fees for the registration of carts They get about Rs 6,000 a year from cart registration out of a total revenue of about Rs 18,000 They have a great *hât* held there twice a week, and if it were not for that *hât*, carters would not go there A town which has a *hât* of that description to which a large number of carts resort is legitimately entitled to the fees for the registration of those carts But if you adopt a rule such as that proposed by the Hon'ble Member in charge of the Bill, I think a muni cipality like Baidyabatty would have cause to complain I confess that the question is attended with serious difficulties, and therefore the Legislature for years together refused to define the word 'habitual' The question came up before the Select Committee of 1894, and they set their faces against defin ing the word, they thought it would be best not to attempt a definition We have attempted a definition this time, and I think we should stop at that point If further difficulties arise, they might be dealt with later on It may be that our inaction may lead to hardship and perhaps injustice, but I do not know that it is possible by any act of the Legislature to deal with the matter so as to do justice to all interests concerned Our efforts in this Council really produce very little results I am therefore inclined to leave things alone 'Sufficient unto the day is the evil thereof' is a maxim which the practical administrator may sometimes conveniently adopt"

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR said —"I do not agree with the Hon'ble Member who has just spoken, though I admit that this is a matter of great difficulty In the Hooghly Municipality there is a *hât* from which the Municipality derives an income of Rs 2,000 In going to that *hât*

carts travel through roads in different municipalities and sometimes also through the Grand Trunk road It is difficult to adjust on what principle cart-fees are be to apportioned in such a case, and there is constant contention between the employés of neighbouring municipalities Between the municipalities of Serampore and Bansberiah, a distance of 14 miles, there are several municipalities, with intervening distances of two or three miles Several carts come to the *hát* or bazar in the Hooghly Municipality, and the roads within it are to a certain extent used by such carts Under section 142 of the Municipal Act the Bansberiah Municipality imposed a fee of Re 1 8, and all the carts got themselves registered there The Municipal Commissioners referred the matter to the Commissioner of the Division, and he declined to sanction the budget of that municipality unless they raised the fee to Rs 2, and thus the matter was set at rest The officers of the several municipalities try to seize the carts as early as they can, and there is an unhealthy competition which should be put a stop to Although the task is a very difficult one, still some attempt should be made to divide the proceeds of cart fees in such a way as to meet the requirements of the several municipalities Some attempt should at any rate be made to prevent the unhealthy competition which is now going on"

The Hon'ble Mr A M Bose in reply said —The Hon'ble Member in charge of the Bill has been good enough to express his great sympathy with this amendment and to admit the hardship and the difficulties which result under the existing law I would appeal to him to carry his sympathy a little further and accept my proposal All that my amendment asks is that power may be left in the hands of the Government to take up the matter and apportion the proceeds of cart fees if they think there is a practical difficulty which ought to be dealt with by the Government If they think that in certain cases it will be best to leave matters alone, they will do so If in other cases they find difficulties of serious proportions, and that there is a way in which these can be met, they will exercise the power which my amendment proposes to confer on them and remove those difficulties I may point out that it is altogether premature to discuss at this stage what particular solution it would be best to apply in any particular case That would depend upon the nature of the case itself Therefore I hope there will be no objection to the acceptance of the amendment I have no objection to the omission of the reference to Cantonments, as there is the technical difficulty to which the Hon'ble Member has referred My only reason for putting in the word Cantonment was that it occurs in the section of the present Act to which my amendment proposes an addition',

The Motion was then put and agreed to in the following amended form —

'(3) To section 147A the following shall be added namely —

'When carts not kept within any municipality are so used in more than one municipality, the Local Government, on the application of the Commissioners of any such municipality, may if it thinks fit, apportion between all such municipalities the registration fee paid under this Act in respect of such carts'

The Council adjourned to Saturday, the 22nd instant

CALCUTTA,
The 8th September, 1896

F G WIGLEY,
Offg Assistant Secretary to the Govt of Bengal,
Legislative Department

RESOLUTION ON THE ADMINISTRATION REPORT OF THE STATIONERY DEPARTMENT FOR 1895 96

FINANCIAL DEPARTMENT—MISCELLANEOUS

Calcutta, the 31st August 1896

RESOLUTION—No 4866Mis

READ—

Letter No 689B, dated the 29th July 1896, from the Board of Revenue submitting the Report on the Administration of the Stationery Department for the year 1895 96

THE following statement compares the value of the stocks, receipts, and issues of the Stationery Office for the past two years —

	1894 95	1895 96
	Rs	Rs.
Value of stores at the beginning of the year	6,87,473	7,39,840
Gain (+) or loss (—) by revaluing the opening balance at the issue rate of the year	(—)24,019	(+)71,537
Corrected value of stores	6,63,454	8,11,377
Value of stores received during the year	23,57,947	25,56,706
Total	30,21,401	33,68,083
Value of stores issued during the year	22,81,561	25,97,305
Value of the balance in stock at the close of the year	7,39,840	7,70,778

2 Compared with the figures of 1894 95, there was an increase of Rs 1,98,759 in the value of stores received, and of Rs 3,15,744 in that of stores issued during the year The value of the stores in stock at the close of the year also rose by Rs 30,938 The advance in the receipts was mainly due to an increase, amounting to Rs 1,93,252, in the value of country made paper, of country made miscellaneous articles, and of English articles purchased locally This increase is attributed to the higher rates charged for paper by the local mills, to a greater demand for paper made by the printing presses directly under the Governments of India, the North Western Provinces and Oudh, and the Central Provinces, and also by the Postal Press at Aligarh, and to an enhanced expenditure on China ink, miscellaneous articles, and binding materials, which were largely indented for by the Military Officers with the Chitral Relief Force and by the presses English articles obtained from the India Office show a falling off in value of Rs 30,852, if calculated at 2 shillings per rupee on their invoiced prices, but this decrease would diminish to Rs 309 if the percentage to cover exchange, freight charges, &c, is included in the prime cost of the stores In the Resolution reviewing the report for 1894 95, it was laid down that the value of imported stores should be calculated on their invoice value at the official rate of exchange for the year, *plus* 15 per cent on the converted value for freight, packing, and other incidental charges This method of valuation has been adopted with effect from the current official year, but could not, it is stated, be applied to the valuation of imported stores received during 1895 96, as the order was received late in the year, when most of the stores had been already valued on the old plan The official rate of exchange for 1895 96 was 1s $1\frac{1}{2}d$, against 1s $1\frac{11}{16}d$, the average rate for the preceding year, and, calculated at these rates, with 15 per cent. added for freight, incidental charges, &c, the total value of imported goods would amount to Rs 4,57,886, against Rs 5,05,463 in 1894-95, showing a decrease of Rs. 47,577

3 The value of stores issued to departments and officers under Local Governments rose by Rs 2,01,575 as compared with the figures of the preceding year The largest advance, viz Rs 1,61,033, occurred in the North Western Provinces and Oudh, but all the other Local Governments, except the Punjab and Assam, contributed to the increase The increase in Bengal amounted to Rs 17,037, while the value of stationery used by officers and departments under the Government of India rose by Rs 1,13,687 The largest decrease occurred in the supplies to State railways, which show a falling off of Rs 28,493 These fluctuations have not been explained in the report under review, and it is stated that they will be noticed in the reports on the consumption of stationery, which the Superintendent submits to the several Local Governments and to the Government of India

4 The value of the stores in stock at the end of the year was Rs 7,70,778, or Rs 30,938 in excess of that at the end of 1894 95 This high figure is said to be due to the inability of certain officers to gauge their requirements accurately, to the fact that certain consignments of goods from England were not received till late in the year, to the higher rates charged by local mill owners for country made paper, and to the fall in exchange The last cause accounts for no less than Rs 30,543, so that the increase only came to Rs 395 It must be remembered, however, that the balance of the preceding year was unusually high, and considerably exceeded the average consumption for three months, which is the proper standard to observe The necessity for keeping the balance within reasonable limits has often been pointed out, and the Lieutenant Governor desires that special attention may be given to this important matter

5 The quantity of water marked paper issued for use with court fee stamps rose by 1,406 reams, and its value by Rs 4,570 The increase occurred chiefly in Bengal and the Hyderabad Assigned Districts, while the Punjab, the Central Provinces, and the Native States in Orissa show a decrease This paper has recently been introduced into the North Western Provinces and Oudh

6 The income and expenditure of the Stationery Department amounted to Rs 4,655 and Rs 1,04,483, respectively, against Rs 94,262 and Rs 1,05,136 in the preceding year The falling off in the receipts, amounting to Rs 89,607, is due almost entirely to the exclusion from the accounts of the commission of 5 per cent on the value of locally purchased articles, which is a book entry and had been improperly mixed up with cash transactions The items of expenditure which show an increase are freight and miscellaneous charges An increase of Rs 4,860 under the former was due to freight and bailing charges incurred in despatching packages of stationery by steamer to the State railways in Burma and to the East Coast Railway in Madras, and in sending papers direct from the mills to the presses in the North Western Provinces and Oudh and the Central Provinces, while under the latter Rs 4,271 was expended on the payment of municipal rates and taxes for the Stationery Office

7 The total value of the different articles of stationery issued, exclusive of deficiencies in stock taking and miscellaneous adjustments, shows an advance of Rs 3,14,129 This increase is partly attributable to the fall in exchange and the consequent rise in the rates of locally manufactured articles, but there were other reasons, among which the following may be mentioned —An increased supply of drawing paper, drawing materials, and tracing cloth to the Public Works Department and the Commissioner of Settlement and Agriculture, Central Provinces, the consumption of a larger quantity of writing, printing, and coloured papers, and of binding cloth and materials by the Government presses, the issue of a larger supply of carbonic, papyrographic, and other kinds of paper to the Telegraph and Postal Departments, and to the Military Officers with the Chitral Relief Force, the demand for Chubb's padlocks and box locks throughout India The principal increases occurred under "Writing paper (Rs 60,114), "Printing paper" (Rs 1,45,657), "carbonic, papyrographic, and other kinds of paper" (Rs 33,306), "Paste, mill and straw boards" (Rs 9,366), and "Other articles" (Rs 11,480) The only noticeable decrease was in the consumption of quill pens, which shows a falling off of 300,000 in number and Rs 4,954 in value

8 The substitution of country made for imported articles effected a net gain of Rs 1,47,358 in paper and Rs 7,997 in other articles. The use,

however, of country made white printing, white cartridge, coloured mottled grey, and cream wove paper resulted in a loss, which the Superintendent states at Rs 36,861, but, seeing that the samples of English made paper, with which the comparison is made, were very inferior in quality to the country made paper actually purchased, this figure cannot be taken to represent the true state of the case In 1894 95 a loss of Rs 5,260 was incurred by the use of country made white cartridge and coloured mottled grey paper, and in paragraph 9 of the Resolution reviewing the report for that year, it was observed that, unless the local mills were prepared to reduce the rates for these two kinds of paper, they should in future be obtained from England The system of procuring paper appeared also to the Lieutenant Governor to admit, in some respects, of improvement, and, with the consent of the Government of India, a standing Committee was appointed to consider the questions that might arise in connection with the substitution of country made for English stationery, and with the settling of contracts for Indian made stationery It is satisfactory to notice that mill owners have reduced their rates for certain descriptions of country made paper, and that no loss is expected to arise from the use of locally manufactured paper of any kind during the current year

9 For the purpose of determining the relative prices of paper made in England and in India, samples of country made paper have hitherto been sent to England by the Superintendent of Stationery three months before calling for tenders, and the Director General of Stores has furnished him with samples of English made paper of similar quality, with their English prices A difficulty has now arisen in obtaining samples and prices, owing to the refusal of English manufacturers to supply samples which cost money and bring in no orders, and the Director General has therefore suggested that one tenth of the annual requirements of paper for the Stationery Office should be obtained from England The question is now under the consideration of the Government of India

10 The system of supplying newspapers and periodicals through the Stationery Office appears to be working satisfactorily The number of periodicals supplied during the year fell off by 72, while that of newspapers and books rose by 241 and 1,743, respectively, as compared with 1894 95 The total payment for the newspapers, &c, amounted to Rs 1,06,671, against Rs 90,366 in the preceding year The excess expenditure was incurred mainly by the Finance and Commerce Department of the Government of India, the Military Education Department, and the Government of Bengal

11 The details of the administration of the Form Branch of the Stationery Office, which relates almost entirely to Bengal, will be embodied in the report on the consumption of stationery by the various offices under the Government of Bengal, and will be reviewed when that report is received Here it is sufficient to say that the total number of standard and special forms received from the press and issued during the year shows a considerable decline The Lieutenant Governor observes with satisfaction that the decrease in the consumption of forms is said to be mainly due to the active co operation of the District and Subdivisional Officers with the Superintendent of Stationery in adopting every possible method of economy in this direction In paragraph 12 of the Resolution on the Annual Report for 1894 95, it was stated that the rule directing that no form should be revised nor any new form introduced, except at or before the time of the annual indent, save with the sanction of Government, had not been carried out in the case of forms prescribed by the High Court or the Accountant General, Bengal, and the Comptroller, Assam It has since been arranged that the Comptroller General and the Accountant General, Bengal, will inform the Superintendent of Stationery, when they prescribe new forms, whether these must be introduced at once or whether they may be held over until the existing stock is exhausted, that the Comptroller General will issue a circular requesting all Account Officers to ascertain, before issuing orders for the introduction of a new form, what stock exists of the form which is to be superseded, and that the Superintendent, when he has a large stock of any form which it is proposed to condemn, should bring the fact to the notice of the Account Officer concerned In similar cases, the High Court have nearly always ordered the old forms in stock to be used up before a new supply was indented for These measures form a sufficient safeguard

against the loss which may be caused by superseding a large stock of existing forms

12 The receipts and charges of the Form Branch amounted respectively to Rs 37,084 and Rs 47,746, against Rs 34,957 and Rs 48,109 in 1894 95 The increase in the receipts, amounting to Rs 2,127, was mainly due to the sale of a larger number of forms and service books to the public in Bengal and Assam, while the decrease in expenditure is the necessary consequence of the despatch of a smaller number of forms

13 The thanks of the Lieutenant Governor are due to Mr Beames, who held the post of Superintendent of Stamps and Stationery during the greater portion of the year, for his economical administration of the Department

ORDER —Ordered that a copy of the Resolution be forwarded to the Board of Revenue for information, and that their special attention be invited to paragraph 4

Ordered, also, that a copy of the Resolution, with a copy of the report, be submitted to the Government of India, in the Department of Finance and Commerce, for information

Ordered, also, that a copy of the Resolution be forwarded to the Superintendent of Government Printing, Bengal, for information

By order of the Lieutenant Governor of Bengal,

H H RISLEY,

Secretary to the Government of Bengal

RESOLUTION ON THE ANNUAL REPORT ON THE WORKING OF THE CALCUTTA SHIPPING OFFICE AND OF THE SHIPPING OFFICES AT THE OUTPORTS FOR THE YEAR 1895 96

No 1468Marine

GOVERNMENT OF BENGAL—MARINE DEPARTMENT

Dated Calcutta, the 5th September 1896

RESOLUTION

READ—

Letter No 676B, dated 28th July 1896, from the Secretary, Board of Revenue Lower Provinces, submitting the Annual Report on the working of the Calcutta Shipping Office and of the Shipping Offices at the outports for the year 1895 96

The number of seamen of all nationalities shipped and discharged through the Calcutta Shipping Office was 21,644 and 20,515 respectively, as compared with 21,555 and 19,724 in the previous year —

	1895 96		1894 95	
	Shipped	Discharged	Shipped	Discharged
British	1,184	1,062	1 545	1,346
Europeans, Continental	428	431	648	632
Americans and West Indians	189	124	266	183
Australians	10	10	19	15
Asiatics other than Indians	236	307	245	294
Indians proper	19,183	18,181	18,468	16 787
Eurasians and Goanese	414	410	366	467
Total	21 644	20 515	21 555	19,724

These figures show that the decrease in the number of British seamen shipped and discharged, which was noticed in the reports of the last two years, still continues, and also that this decrease continues to be accompanied by a much larger increase in the number of Indian seamen The lascar appears to be gradually supplanting the European sailor in the Indian Trade

2 The number of seamen of all nationalities shipped in and discharged from foreign vessels through their Consulates, and not included in the figures given above are—

Shipped	92
Discharged	54

The number of deserters fell from 62 in the previous year to 46, the decrease being ascribed to the reduction in the number of European seamen arriving at the Port as crews of British ships

3 The receipts of the shipping office amounted to Rs 39,462, as compared with 39,823 during the previous year, showing a decrease of Rs 361 The largest falling off was under "shipping fees," and this was due to the more extensive employment of lascars Under discharging fees there was a small increase due to the fact that some native crews which were engaged in Bombay were discharged through the Shipping Office on the termination of their engagement and sent back to that port by rail. The expenditure amounted to Rs 24,124 against Rs 23,711 in 1894 95, the cause of this small increase being satisfactorily explained

4 The following table shows the receipts of the funds held in trust by the Shipping Office for the past two years —

	1895 96 Rs	1894 95 Rs
Ticket money	430	322
Deposit money of British seamen	40 661	38,797
Deposit money of Native seamen	6,614	1,867
Estates of deceased native seamen	4,720	3,675
Total	52,425	44,661

As explained in last year's report, the amount of "deposit money" is dependent on the number of seamen discharged or left behind in jail or hospital During the year there was an increase in the number left behind, the majority

of whom were foreigners, who deposited a portion of their wages in the Shipping Office in order to secure the rights of British seamen, especially in the matter of relief and passage home at the expense of the British Government The number of deposits made was 375

The large increase of Rs 4,747 in the deposits of native seamen was principally due to the remittances from Singapur of the crews of two steamers, who were sent on as passengers to Calcutta

Hitherto the head of account "Estates of British seamen" has been included in the funds held by the Shipping Master in trust, but under the orders of the Board of Revenue this account has now been separated and shown as a separate item under the heading "Account current with the Board of Trade" The receipts credited to this fund were Rs 9,928 against Rs 5,760 during the previous year

The amount remitted on account of seamen's money orders was Rs 11,079 The increase is ascribed to the more favourable rate of exchange, which made it an easier task to pursuade seamen to remit their wages home

5 The number of distressed seamen sent home was 102 against 26 in the preceding year Of this number 66 arrived in Calcutta from other ports in search of work, but as there was no reasonable prospect of their obtaining employment, they were deported at the expense of Government This large influx of unemployed seamen was a source of considerable anxiety to the authorities, and the Government of India, as well as the Colonial Governments, have been addressed on the subject with a view to prevent its recurrence

6 Two cases of imposition on seamen, and one of ill treatment were reported In the first case the serang and lascars of a steamer complained that they had not been supplied with food according to the scale of provisions sanctioned by Government The charge having been proved, compensation was awarded In the second case the master of a ship was prosecuted for presenting an incorrect account of one of his crew who had applied for his discharge The Master was acquitted by the Chief Presidency Magistrate, but the High Court set aside the order for discharge, on the ground that an offence had been committed against the statute, though the master was not actuated by dishonest motives The charge of ill treatment was found to be without foundation

7 At Chittagong the number of seamen shipped and discharged was 28 and 50 against 46 and 33 in the previous year The decrease in the shipments is stated to be due to the smaller number of men who sought employment at Chittagong, while the increase in the number of discharges is attributed to the paying off of the whole of the crew of a native vessel on the termination of her agreement during the year The strictness which was observed in sanctioning the discharge of seamen on the ground of mutual consent, though tending to reduce the number of discharges on that ground, is held to have been the cause of the increase in the number of desertions, which were seven as compared with one in the previous year One of these deserters was arrested and eventually treated as a vagrant, but the other six escaped

The receipts on account of Trust Funds amounted to Rs 2,677 against Rs 4,075 in 1894 95

The Shipping Master visited 69 ships in port, and no complaints of bad or insufficient food were made

8 At False Point 4 seamen were shipped and 75 discharged Of the number discharged one was a European and the remainder natives and all were discharged by mutual consent These men were replaced by other seamen from Calcutta

The Shipping Master paid 11 visits of inspection to vessels in port No complaints were made by any of the crews of the ships visited

9 At Balasore 15 seamen were discharged Of these, 6 were prosecuted and sentenced to six weeks' rigorous imprisonment for continued wilful disobedience of orders and neglect of duty

10 No transactions under the Merchant Shipping Acts are reported to have taken place at Puri

By order of the Lieutenant Governor of Bengal,

A D McARTHUR, *Col*, R E,
Secretary to the Government of Bengal

RESOLUTION ON THE ADMINISTRATION REPORT OF THE COMMISSIONERS OF THE PORT OF CHITTAGONG FOR THE YEAR 1895 96

No 1481Marine

GOVERNMENT OF BENGAL—MARINE DEPARTMENT

Dated Calcutta, the 8th September 1896

RESOLUTION

READ—

The Administration Report of the Commissioners of the Port of Chittagong for the year 1895 96

Financial

The financial position of the Chittagong Port Fund for the past two years is shown in the following statement —

	1894 95	1895-96
1	2	3
	Rs A P	Rs A P
Opening balance of the year	55,291 10 7	70,134 3 0
Receipts during the year	99 928 8 8	89,080 15 4
Total	1,55,220 3 3	1,59,215 2 4
Expenditure during the year	85,086 0 3	1,02,257 8 9
Balance at the close of the year	70,134 3 0	56 957 9 7
Total	1,55,220 3 3	1,59,215 2 4

2 The subjoined table shows the number and tonnage of the vessels which visited the port during the year as compared with the figures of the two previous years —

Shipping

	1893 94		1894 95		1895 96	
	Number	Tonnage	Number	Tonnage	Number	Tonnage
1	2	3	4	5	6	7
European vessels trading with foreign ports { Entered	17	30 272	32	40 861	21	28 655
{ Cleared	15	26 694	20	20 637	19	28 787
British Indian vessels trading with foreign ports { Entered	17	2 572	7	1 206	3	569
{ Cleared						
Vessels trading with home ports { Entered	626	202 020	595	210 834	600	211 582
{ Cleared	617	208 885	563	219 942	620	217 873

In paragraph 8 of the report under review, the number of vessels which cleared for foreign ports during the year 1895 96 is shown as 20 From the statement given in paragraph 12 it appears that this number includes one vessel which sailed for ports situated in the Maldive Islands, but those ports come under the category of home ports, and not of foreign ports, under the provisions of Act I of 1859 The figures in the table above have been corrected accordingly

A similar mistake was made in last year's report, and was pointed out in the Resolution reviewing it The Lieutenant Governor trusts that steps will be taken to avoid such errors in future

3. The total value of the foreign trade during the year is stated to be Rs 1,10,44,712, of which Rs 32,48,453 is under imports There is an increase in the value of this trade of Rs 3,12,766, as compared with that of the previous year

Foreign trade.

4 The total value of the coasting trade is stated to be Rs 1,66,38,770 against Rs 1,63,35,492 of the previous year the increase being chiefly in jute and cotton

Coasting trade

5 The principal articles of trade are shown in the following statement —

			1894 95	1895 96
Exports	Jute	Tons	37,395	45,128
	Rice	,	37,335	25,797
	Tea	lbs	107 948	968,929
Imports	Salt	Tons	10,142	13,564
	Mineral oil	Gals	114,875	10,45,491

6. The appliances of the Port and the light houses at Norman's Point and Kutubdea are reported to have been kept in good order during the year New moorings have been ordered with the aid of a loan applied for from Government, and it is hoped that the long pending question of the provision of a jetty will shortly be settled

Port appliances

7 The earnings of the steam-tug *Gekko*, maintained by the Port, amounted to Rs 12,279, whilst the expenditure on maintaining that vessel, exclusive of Rs 16,294 for interest and sinking fund, aggregated Rs 18,622 The net loss was therefore Rs 6,343, but as a set off against this loss should be placed the estimated value of services performed for the port amounting to Rs 5,000, for which no charge was made

Earnings and expenditure of the *Gekko*

8 The health of the shipping was good Thirty eight seamen were admitted into hospital, among whom there were no deaths, and 35 are said to have been completely cured before discharge

Health of the shipping.

9 The state of the Pilotage Fund is shown in the subjoined table —

Pilotage Fund

1	1894 95	1895 96
	2	3
	Rs A P	Rs A P
Opening balance of the year	7,341 11 3½	14,890 4 10½
Receipts during the year	16,599 0 0	16,357 12 0
Total	23 940 11 3½	31,248 0 10½
Expenditure during the year	9,050 6 5	11,916 13 2
Balance at close of the year	14,890 4 10½	19,331 3 8½
Total	23,940 11 3½	31,248 0 10½

10 The working of the pilot service is stated to have been satisfactory There was one accident to a vessel under pilotage charge, but the pilot was not to blame for it

Pilot service

By order of the Lieutenant Governor of Bengal,

A D McARTHUR, *Col*, RE,
Secretary to the Government of Bengal

WEATHER AND CROP REPORT

For the week ending the 7th September 1896

Burdwan—Rainfall at Sadar 4 86 Kalna 1 75 Katwa 0 91, Raniganj 1 42 Weather hot Passing showers More rain wanted in Katwa and Kalna *Aus* being harvested Prospects of jute and sugarcane satisfactory *Aman* suffering in parts for want of rain In the west of thana Manteswar *aman* has not been transplanted for want of rain Condition of cattle good Fodder and water sufficient Price of rice has risen owing to large purchases by outside merchants Common rice selling as follows —

	Srs	c	
Sadar	11 to 13	4	per rupee
Kalna	12 to 13	0	
Katwa	11	12	
Raniganj	12	8	

Midnapore—Rainfall at Sadar 1 44 Contai 2 60, Tamluk 1 88, Ghatal 1 89 Weather seasonable Transplantation of *haimanti* paddy is still going on Prospects of sugarcane and jute good, and of paddy fair Common rice sells as follows —

	Srs	
Sadar	15	per rupee
Contai	15 to 18	
Tamluk	14	
Ghatal	14 to 15	

24 Parganas—Rainfall at Sadar 2 62 Weather hot and clear Prospects of standing crops favourable Transplantation of *aman* finished Harvesting of *aus* and jute continues No cattle disease Fodder and water sufficient Common rice sells as follows—

	Srs	c	
Sadar	10 to 12	8	per rupee
Barasat	10	0	
Basirhat	11	10	
Diamond Harbour	11	6	

Murshidabad—Rainfall at Sadar 1 14 Jangipur 2 20 Kandi 2 26 Weather hot The late rain has done some good to the transplantation of *aman* and to the other standing crops Harvesting of *bhadoi* going on State of sugarcane and mulberry fair Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	12	per rupee
Kandi	12	
Jangipur	11½	

Khulna—Rainfall at Sadar 3 51 Bagerhat 3 63, Satkhira 7 20 Weather hot and cloudy The recent rain has improved prospects and has facilitated the transplantation of *aman* rice More rain wanted Harvesting of *aus* and jute going on No cattle disease Fodder and water sufficient Prices of common rice—

	Srs	c	
Sadar	9 to 11	8	per rupee
Bagerhat	9	8	
Satkhira	10	8	

Dinajpur—Average rainfall 3 17 Weather seasonable Transplantation of winter rice is going on, but is impeded in places for want of rain *Bhadoi* and jute are being cut More rain wanted No cattle disease Fodder and drinking water sufficient Common rice selling from 9 to 10 seers per rupee

Rangpur—Average rainfall 9 20 Transplantation of *aman* and steeping and washing of jute going on vigorously The rainfall of the week has been beneficial to the crops More rain wanted Prospects appear hopeful Water and fodder sufficient Common rice selling from 8 to 12 seers per rupee

Pabna—Rainfall at Sadar 3 22 Sirajganj 3 20 More rain wanted for the standing crops Fodder available

Dacca—Rainfall 5 61 Weather seasonable Prospects of standing crops not favourable, but the recent rain has done some good Fodder available No cattle disease Common rice sells at 8 seers per rupee

Chittagong—Rainfall 4 34 Weather hot Harvesting of *aus* nearly completed More rain wanted for transplantation of *aman* Water and fodder sufficient Rice selling from 9 to 11 seers per rupee

Patna—Rainfall at Sadar 09 Transplantation of paddy going on *Bhadoi* being harvested Prospects favourable Prices stationary Common rice selling at 14¼ seers per rupee at Patna Fodder and water for cattle sufficient

Gaya—Prospects of crops fair Transplantation of paddy finished *Marua* and *makai* being harvested More rain wanted Rice selling at 12 seers per rupee

Champaran—Rainfall at Sadar 84 More rain wanted for winter rice, some of which is still not transplanted Price of common rice at Sadar 14 seers, against normal 13½ seers per rupee Fodder and water sufficient

Darbhanga—Rainfall at Sadar 56 Madhubani 3 50, Samastipur 2 51 Indian corn is ripening *Marua* attaining maturity More rain urgently needed, otherwise west wind will dry up *marua* and weaken the growth of paddy

Bhagalpur—Rainfall at Sadar 24 Weather hot and cloudy More rain urgently required Harvesting of *bhadoi* going on Transplantation of winter rice nearly completed Water and fodder sufficient Cattle disease reported from thanas Madhipura and Pratapganj Common rice sells at an average of 13 seers per rupee

Purnea—Rainfall 63 More rain badly wanted for the transplantation of winter rice Harvesting of *bhadoi* paddy and jute still going on Cattle disease at Kasba Fodder and water sufficient Common rice sells from 10 to 12 seers per rupee

Cuttack—Rainfall 4 74 Weather seasonable Early *bali* in places not affected by the flood is being reaped *Sarad* is being replanted in places in the flooded tracts Agricultural prospects in tracts not affected by the flood are generally good No cattle disease Common rice sells as follows —

	Srs	c	
Cuttack	14	7	per rupee
Jajpur	21	0	
Kendrapara	22	5	
Banki	21	0	

Hazaribagh—Prospects of paddy, sugarcane, and *bhadoi* crops good Transplantation in progress A little more rain wanted Rice sells from 9 to 12 seers per rupee

General Summary—There was general and in places heavy rain during the week except in Bihar, where only light scattered showers are reported The rain has greatly aided the transplantation of winter rice, which was very backward in some parts. In Bihar the want of rain is again beginning to be felt In Cuttack the agricultural prospects in the tracts not affected by the flood are good, and in some of the flooded tracts winter rice is being replanted The harvesting of early rice and jute is generally going on, and *bhadoi* crops are being gathered in Bihar Cattle disease is still reported from Bhagalpur and Purnea The price of common rice is generally high, and is said to be rising in some districts

M FINUCANE

Offg Secretary to the Govt of Beng

Abstract of the results of Meteorological Observations taken at the Alipore Observatory in the month of August 1896

	Inches	Date	Hour
The mean pressure of the month	29 572		
The average pressure of August from 24 years registers	29 598		
The highest pressure in the month	29 722	30th	22
The lowest pressure in the month	29 280	1st	16
The range of pressure	0 442		
	Hours		
The total number of hours of bright sunshine during the month	162 3		
The maximum possible number of hours of sunshine	398 4		
	°		
The mean temperature of the month	83 2		
The average temperature of August from 24 years registers	83 1		
The highest temperature in the month	89 8	28th	
The lowest temperature in the month	75 6	3rd	
The range of temperature during the month	14 2		
The mean daily range of temperature	8 9		
The greatest range of temperature in one day	10 7	7th	
	Per cent		
The mean humidity of the month	88		
The average humidity of August from 24 years registers	86		
	Inches		
The mean vapour tension of the month	1 004		
The average vapour tension of August from 9 years registers	1 002		
The mean cloud proportion of the month	6 82		
The average cloud proportion of August from 19 years' registers	7 94		
	Inches		
The total rainfall of the month	11 02		
The total rainfall indicated by a Beckley's self registering rain gauge (mouth of the gauge about 52 feet above the ground)	10 64		
The average fall of August from 48 years registers	13 94		
The greatest fall in 24 hours	1 22	3rd	
	Days		
The number of rainy days in the month	27		
The average number of rainy days in August from 24 years registers	25		
	°		
The mean maximum equilibrium temperature of solar radiation during the month	146 8		
The mean difference of sun and air temperatures	59 2		
The greatest sun temperature	156 3	18th	
The greatest excess of sun over air temperature	68 0	16th	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	76 8		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	2 0		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	2 9	12th	
	Miles		
The mean movement of the wind per day	88 8		
The greatest movement of the wind in one day	286 0	2nd	
The greatest movement of the wind in one hour	17 0	2nd, 9 to 10 A M	

The number of hours with winds from each of the 8 points—
N 3, N E 28, E 157 S E 195 S 200 S W 95, W 6, N W 2 Calm 58

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory) The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore 003 lower The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 0 6° higher and, finally, the thermometer which furnished the record of temperature at the Surveyor General's Office during 20 years and upwards is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory

J H GILLILAND,

For Meteorological Reporter to the Govt of India

METEOROLOGICAL OFFICE INDIA,
Calcutta, the 7th September 1896

Abstract of the Results of the Barometric and Thermometric Observations taken at 10 a.m at the Meteorological Office, Chowringhee in the month of August 1896

	Inches	Date
The mean pressure at 10 A M during the month	29 612	
The mean temperature at 10 A M during the month	86 2°	
The highest temperature during the month	94 0	8th
The lowest temperature during the month	76 8	21st
The absolute range of temperature during the month	17 2	
The mean daily range of temperature during the month	10 5°	
The greatest range of temperature in one day during the month	12 9	28th
The mean 10 A M humidity during the month	83%	
The mean 10 A M vapour tension during the month	Inches 1 042

	Inch
The mean pressure of the seven days	29 657
The average pressure of the corresponding period for 24 years, Surveyor General's Office	29 644
	Hours
The total number of hours of bright sunshine	2 34
The maximum possible number of hours of sunshine	87 7
The mean temperature of the seven days	84 2
The average temperature of the corresponding period for 24 years Surveyor General's Office	83 7
The extreme variation of temperature	16 7
The maximum temperature	91 9
	Miles.
The highest velocity of the wind in one hour	14
	%
The mean relative humidity	87
The average relative humidity of the corresponding period for 24 years, Surveyor General's Office	85
	Inches
The total fall of rain from 30th August to 5th September 1896	2 62
The average fall of the corresponding period for 24 years, Surveyor General's Office	2 25
The total fall from 1st January to 5th September 1896	46 74
The average fall of the corresponding period for 24 years Surveyor General's Office	50 11

The mean pressure, temperature, &c, are deduced from the traces of the Barograph and Thermograph

The maximum and minimum temperatures are obtained from self registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides and are suspended four feet above the ground

The barometer readings are corrected approximately to those of the standard Newman's No 86, formerly at the Surveyor General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain gauge is one foot above the ground

o, overcast, g, gloomy, d, drizzling rain, t, thunder, p, passing temporary showers, <, lightning

METEOROLOGICAL OFFICE, GOVT OF INDIA,
Calcutta, the 7th September 1896

J H GILLILAND,

Balasore	Mr William Boyd Thomson Babu Srigopal Bhattacharjee " Prasanna Kumar Banerji
Puri	Mr Douglas Hollinshed Kingsford

M FINUCANE,
Offg Secy to the Govt of Bengal.

NOTIFICATION—No 3726L R

The 14th September 1896—In supersession of this Government's Notifications No 2453L R dated 30th April 1894, and No 657L R, dated 5th February 1895, published at page 545 of Part I of the *Calcutta Gazette*, dated the 2nd May 1894, and at page 115 of Part I of the *Calcutta Gazette*, dated the 6th February 1895, respectively, the following revised rules for the grant of leases of waste lands for tea cultivation in the districts of Jalpaiguri and Darjeeling, which have been approved by the Government of India, are published for general information

M FINUCANE
Offg Secy to the Govt of Bengal

REVISED RULES FOR THE GRANT OF LEASES OF WASTE LANDS FOR TEA CULTIVATION IN THE DISTRICTS OF JALPAIGURI AND DARJEELING

PART I

1 The lands that are generally available under these rules in the district of Jalpaiguri are the unsettled lands, excepting reserved forests, which lie within that tract of country bounded on the north by Darjeeling and Bhootan, west by the Tista river, south by the State of Cooch Behar east by the Sankos river Any lots of waste land belonging to Government, which lie in any other parts of the district of Jalpaiguri, and which are not reserved for other purposes, may also be made available for tea cultivation under these rules

The lands that are generally available in the Darjeeling district lie in the Kalimpong or Daling subdivision of the district, east of the Tista They are in two blocks, bounded as follows —

I —*North*—The Labha forest block

South—The Lehti Noam, Pugo, and Mal forest blocks

West—The Jeet Chu

East—The Nim Chu to its junction with the Chu Chu, then the Chu Chu to a point about ½ mile below Ambiokh, then a line northwards up to the Ambiokh forest block, and thence southward the boundary of the Dalingkote forest block and the Goorcobathan khas mahal area about 19 95 square miles

II —*North*—The Mo forest block

West—The East Nar block

South and South west—The Moohu up to its junction with the Khoomanee

East—The Khoomanee and Rougo forest block area about 8 50 square miles

2 The following lands will not ordinarily be available under these rules —

(*a*) Lands which, by a notification in the *Calcutta Gazette* are held to constitute a reserve for the supply of timber, fuel, grazing, or any other articles of general and public consumption

(*b*) Lands not included in the above category, but which now bear India rubber trees, or other valuable timber (such as sâl, khair, chelownee, sissoo, &c.) in considerable quantities and in compact blocks or patches

(*c*) Lands in respect of which any person or persons, or any village community, possess rights of occupancy, or such other rights or privileges as render it impolitic or unadvisable to grant such lands to any other person or persons for the purpose of tea cultivation

(*d*) Lands lying within a distance of 60 feet on either side from the centre of any public road or thoroughfare provided that such road or thoroughfare shall have been constructed or shall be kept in repair, from public funds

(*e*) Lands which the Local Government may at any time, by a notification in the *Calcutta Gazette*, expressly exempt from the operation of these rules

3 Every person, company, or association, or promoter of a company or association, desirous of obtaining a grant of land under these rules, must, in person or by a duly authorized agent, present an application on stamped paper of the value of eight annas to the Deputy Commissioner of the district in which the land lies

4 The application must specify—

(*a*) The name or names, and address or addresses, of the applicant or applicants, and of his or their authorized agent, if any

(*b*) The area, situation and boundaries of the land applied for, as far as they can be ascertained without a detailed survey

(*c*) The particulars if any, which may appear to the applicant to bring any part of the land applied for within the exceptions mentioned in Rule 2 The application must also state whether the land, or any part of it, is, or has ever been, cultivated in any manner, and be accompanied by such evidence or guarantees as shall satisfy the Deputy Commissioner and superior Revenue authorities that the applicant has *bond fide* at his command sufficient capital to enable him to open out the grant

5 Every lot applied for must be compact and capable of being enclosed in a ring fence and if any part of the land touches on a public road or navigable river, the length of such road or river frontage must not exceed one half the breadth of the lot applied for

The exact boundaries will be settled by the Deputy Commissioner, who will decide the point on a consideration of what is best in the public interests

6 Not more than 1,500 acres will ordinarily be granted to any one applicant, company, or association and when more than 1 500 acres are applied for, the applicant must set forth specially the grounds for such application

If upon proceeding to survey and map out the grant, the Deputy Commissioner finds that it is desirable in the public interests, or for the sake of good boundaries, to include a larger area than 1,500 acres within the area to be granted on the application, it shall be in his discretion, with the sanction of the Commissioner, to grant to one applicant so much land, not exceeding 1,800 acres, as may be necessary to obtain good boundaries and to avoid waste, &c

7 All applications for more than 1,500 acres will be forwarded by the Deputy Commissioner to the Commissioner, who, if he desires to recommend compliance therewith, will forward them to the Board of Revenue, who are empowered to sanction such grants up to a limit of 3,000 acres, and shall take the orders of Government upon applications for an area exceeding that amount

8 The holder of a grant may apply for a second grant if he can satisfy the Deputy Commissioner and superior Revenue authorities that he has *bond fide* at his command sufficient capital to warrant the concession, and if he has fulfilled all the conditions attaching to his existing grant Tea leaseholders may obtain arable grants contiguous to their tea lots

9 (*a*) On receipt of an application the Deputy Commissioner must satisfy himself, as far as lies in his power, that the requirements of the rules have been complied with. If he considers that the application should be rejected, he will record an order to that effect, giving his reasons for such rejection. An appeal will lie from such order of rejection to the Commissioner of the Division, if preferred within 60 days from the date of the order If the application is for an area over 1,500 acres, and the Deputy Commissioner considers that it might properly be entertained, he will forward the application with his opinion to the Commissioner for submission to the Board or Government If the Deputy Commissioner considers that an application for such area as it is within his power to grant should be entertained, or, in the case of application for areas over 1,500 acres, when the orders of Government or the Board, as the case may be, accepting the application, are received, the applicant or his agent will be required to deposit the estimated cost of the enquiry referred to in the next rule, and the cost of survey and demarcation to be made as hereinafter provided The amount to be so deposited must be calculated at one rupee per acre of the total area applied for If the area is found to be greater the sum of one rupee per acre must be paid on account of such excess area before a preliminary lease is granted

(*b*) Payments under this rule do not cover the cost of erecting permanent boundary marks under Rule 24

(*c*) In the event of the applicant withdrawing his application before any enquiry has been made under Rule 10 or in the event of its being found that the land has been previously applied for, the applicant shall be entitled to a refund of the survey fee paid by him but in the latter case (*i e*, of the land having been previously applied for) an enquiry fee at the rate of one anna per acre is to be deducted from the survey fee deposited, and the balance is to be returned

(*d*) If the cost of survey is not paid within one month of demand, the application shall be struck off

10 On receipt of the sum payable under Rule 9(*a*) and of an agreement signed by the applicant, or by his authorized agent, to pay such further sum as may be required for the purposes above mentioned, the Deputy Commissioner will record an order appointing the Waste Land Settlement Officer or other officer to visit the land and to make a full and detailed enquiry into its condition and circumstances

11 The general object of such enquiry shall be to ascertain whether or not the land applied for can be granted under the rules in force but the Deputy Commissioner may instruct the officer making the enquiry to furnish him with such other specific and detailed information as may seem to him to be necessary

12 On completion of this enquiry, the officer making it will record the result thereof and submit a report for the orders of the Deputy Commissioner If the Deputy Commissioner, after considering the report, and after calling for such further explanations, oral or written, as he may deem necessary, shall be of opinion that the land applied for cannot be granted under the rules, and should not therefore be surveyed, he will record an order to that effect An appeal will lie from such order to the Commissioner of the Division if preferred within 60 days from the date of the order

13 If the Deputy Commissioner decides that the land applied for can be granted under the rules, and should therefore be surveyed, he will record an order to that effect

14 The Deputy Commissioner shall at once send a copy of any order passed under Rule 13 to the Conservator of Forests, in order that an estimate may be made by the Forest Department of the value of any forest trees standing on the land The Conservator of Forests will depute an officer to examine the land and make a detailed report, a copy of which will be allowed to the applicant suggesting the average rate per acre at which payment should be made for such trees Such officer, in valuing the timber shall have regard to its present market value on the spot, and to the local circumstances of the case, the accessibility of the grant, and the prospect of markets for timber becoming available during the currency of the lease The Conservator will carefully examine the report, and forward it to the Deputy Commissioner with such remarks and alterations as he may think necessary If the Deputy Commissioner, on receipt of the Conservator's decision, sees reason to object to the proposed rate per acre, he may refer the matter to the Commissioner, who shall take the orders of the Board of Revenue and of Government on any point on which he and the Conservator may eventually differ

15 If the Deputy Commissioner finds the land, or any part of it in the occupation of any person or persons, or of any village community he will submit a full report of the circumstances for the orders of the Commissioner, stating in detail how he proposes to deal with such prior occupants, and, if it is proposed to remove them, the compensation, if any which the applicant undertakes to pay to such persons If the Deputy Commissioner declines to propose the removal of such occupants, an appeal shall lie to the Commissioner within thirty days after the record of an order by the Deputy Commissioner declining to propose the removal The Commissioner will report his orders in all such cases for the information of the Board of Revenue

16 If any claim or objection be preferred under Act XXIII of 1863, the Deputy Commissioner will proceed to dispose of the same in accordance with the provisions of that Act

17 The officer who made the enquiry provided for by Rules 10 to 12 will, on receipt of an order to that effect from the Deputy Commissioner, proceed to point out to the Surveyor the boundaries of the land applied for, and such prominent features in it as may be

useful for the purposes of the survey, and which should, in his opinion, be entered in the preliminary lease as hereinafter provided The boundaries and other features above mentioned should be clearly marked and defined by the officer in presence of the Surveyor, and the latter should be furnished with a list of them signed by the said officer

18 The Surveyor will then proceed to make the survey and put up such temporary boundary marks as are necessary for that purpose He must prepare a map showing—

(*a*) All natural features of the country lying within the boundaries as fixed by the officer who made the enquiry under Rules 10 to 12, *e g*, *hills*, streams, forest clumps, &c

(*b*) Such features of the country lying outside the boundary of the land to be surveyed as may serve to identify the latter and connect it with the revenue survey or other existing map

(*c*) The total area within the boundaries after deductions of areas for roads or other Government reserves, jobes &c, and the net area of the grant

(*d*) Points at which permanent or other marks should be erected by the lessee

The Surveyor is bound to bring to the notice of the Deputy Commissioner any fact which may come to his knowledge in the course of the survey, rendering it advisable that the land he is surveying should not be granted under these rules He is particularly bound to bring to notice any need for public roads across the lands he surveys, and if the Deputy Commissioner concurs with the Surveyor in this matter, the road or roads should be marked off on the ground and on the map, and the area to be occupied thereby should be deducted from the rent paying area of the grant

19 The map should ordinarily be on a scale of 16 inches to the mile If possible the Surveyor's field book should be copied at the back of it If not a copy of the field book should be attached to or accompany the map If the map be made originally in the vernacular the Deputy Commissioner will cause it to be translated into English

20 On the map being completed, it must be checked by the Waste Land Settlement Officer, or other officer appointed by the Deputy Commissioner If found to be incorrect, it will be amended by the Surveyor in conjunction with the officer abovementioned If found to be correct, it will be laid before the Deputy Commissioner with the report of the officer who made the preliminary enquiry under Rules 10 to 12 and with all other papers connected with the case, and will be signed by the Deputy Commissioner and the applicant

21 The Deputy Commissioner will then proceed to consider the application A date for this purpose must be previously fixed by him, and due notice of it given to the applicant or to his authorized agent

22 The Deputy Commissioner shall have power to reject an application at any stage of the proceedings under the rules, if he sees reason to do so, refunding in such case to the applicant the deposit made by him on account of survey, minus such an amount as it may seem to the Deputy Commissioner fair to retain in consideration of the expenses incurred If, however the application is rejected for a reason which could not reasonably be anticipated under these rules, no portion of the deposit money shall be retained The Deputy Commissioner is authorised to reject an application when he does not consider that there is a *bonâ fide* intention on the part of the applicant to cultivate in tea the land applied for, or when it appears desirable to reserve the land for cultivation other than tea, or to preserve any forest standing on it An appeal against every such order of rejection shall lie to the Commissioner of the Division if preferred within 60 days of the date of the order

23 If the Deputy Commissioner grant the application, he will without delay grant the applicant a lease in Form H of Appendix II, and call upon him to execute a counterpart thereof, which must be registered, and to pay for forest trees the sum assessed under Rule 14 Payment for these may be made by instalments with the sanction of the Board of Revenue, which will only be given when the Board are fully satisfied of the good faith and solvency of the applicant In such case the dates and amounts of the instalments shall be endorsed upon the lease, and the lessee must covenant that, in the event of his throwing up his lease, all outstanding instalments shall be forthwith recoverable from him, whether the timber on the grant has been cut by him or not, but he shall have no further right to fell or remove timber from the grant

24 When granting the lease, the Deputy Commissioner shall also direct the lessee to mark out the land leased, within three months of the granting of the lease, by a continuous trench, or by clearing the jungle for a breadth of at least twelve feet along the boundaries, or in such other manner as the Deputy Commissioner may direct, and by erecting boundary marks at the points indicated on the map

These boundary marks may be of masonry, or of stone or hollow iron telegraph posts filled with clay or shingle, as the Deputy Commissioner may direct, and he will decide on their shape and dimensions

25 On the expiry of the three months, the Surveyor shall test the correctness of the boundary lines, and ascertain whether the boundary marks have been erected and are in their proper places, and report the result to the Deputy Commissioner, at the same time pointing out to the lessee or his representative, by written notice, any mistakes or omissions that may be found If the mistakes or omissions are not rectified or supplied by the lessee or his representative within 60 days of the receipt of such notice, the lessee or his representative shall be liable to a fine, not exceeding Rs 50 per day, from the date of the expiry of such notice till the requirements of the notice have been complied with If at the expiration of

30 more days he fails to rectify the mistakes and omissions, the Deputy Commissioner may direct that such rectification shall be carried out, and may recover from the lessee the cost of so doing

26 If upon any inspection being made it shall be found that owing to the neglect of the lessee, the boundary lines and boundary marks of his grant have either never been cleared and erected in accordance with instructions received by him, or have been allowed to fall out of repair or become covered with jungle in such a manner that without a resurvey of the entire boundary line the exact position of such boundary marks or lines cannot be ascertained, the Deputy Commissioner may direct that such resurvey be made and may recover from the lessee such sum not exceeding one rupee per acre of grant as may suffice to defray the cost of such resurvey

27 Fines, costs or any other money that may become due from applicants or lessees to Government under rules 9 10 15, 23 25 26, 30 32 and 34 shall be deemed to be a demand under the Recovery of Public Demands Act for the time being in force, and shall be recoverable as such

28 Whenever, after receipt of an application, as provided for in Rule 3, and after making such enquiries as he may deem necessary the Deputy Commissioner shall be of opinion that there is no *primâ facie* objection whatever to the grant under the rules of the land applied for he may put the applicant in preliminary and provisional possession of any area not exceeding one eighth of the estimated area of the land applied for, with the object of enabling the applicant to make preparations for commencing cultivation and getting the land in order provided that the applicant before obtaining such preliminary possession, shall have cleared the boundaries and erected such temporary boundary marks round the whole of the area applied for as the Deputy Commissioner may direct, and that the amount of all estimated charges incurred in connection with such preliminary occupation shall have been deposited by the applicant provided further that the applicant shall engage in writing to pay the cost of any trees felled at such rate as may be determined by the Forest Department after inspection of the land under Rule 14, and provided further that the applicant shall take on himself all risk of loss occasioned by other claims being preferred to the land, or by his application being eventually rejected, or from any other cause whatsoever Such preliminary and provisional possession is not to be regarded as fixing the date of entry upon the grant

29 The order for and conditions of, such preliminary occupation shall be in Form I of Appendix II, and shall be addressed to the tahsildar or other officer appointed by the Deputy Commissioner A copy of the order shall be delivered to the applicant at the time of giving preliminary possession by the officer who gives it, the officer signing and dating it then and there The original order addressed to the tahsildar, or other officer shall be signed by the applicant on the date he receives possession in acknowledgment thereof, and the tahsildar or other officer shall forward such original order, with his report written on the back of it, to the Deputy Commissioner for record in his office

30 If any transfer of an application for land is desired before the grant of the preliminary lease and if such a transfer is allowed * it must be registered in the Deputy Commissioner's Office within 21 days of the issue of the order allowing the transfer, or within 3 months if the deed be executed out of India, and a fee of one rupee an acre must be paid by the transferee

31 If an applicant shall fail to comply with any requisition of the Deputy Commissioner made in accordance with the rules, or fail to deposit any sums of money (other than the cost of survey under Rule 9) for which the applicant is liable under them within two months after notice in writing shall have been given to him by the Deputy Commissioner, the application may be struck off

32 Lessees are not permitted to transfer club or amalgamate their grants otherwise than by transfers duly registered as provided for in the preliminary lease, and no isolated grant can be amalgamated with other grants lying more than two miles away from it When a transfer or amalgamation is effected of lands held under preliminary lease, the transferor shall pay to Government a fee of one rupee per acre of the whole area transferred if less than 5 per cent of the area leased has been brought under tea before the date of transfer, and a fee of two annas per acre, if not less than 5 per cent of the area leased has been brought under tea before the date of transfer When an amalgamation has been permitted by the Deputy Commissioner and the fee paid the percentage of clearance required by clause 6 of the lease shall be calculated on the amalgamated area Any unauthorized amalgamation will subject the lessees to forfeiture of all rights in the lands so amalgamated †

33 The lessee shall maintain the boundaries of the grant clear of jungle, and all the boundary marks in good repair Where roads (kept clear of jungle) or streams do not form the boundaries, the lessee shall clear the boundaries of jungle at least once a year not later than the end of February in each year

---

* No transfer will be allowed, unless the transferee would be eligible as an applicant under Rule 4 or as holder of a second grant under Rule 8

† The following is an abstract of a ruling by Government in regard to grants held by a company in Jalpaiguri No extension of time can be allowed for clearance of requisite percentage of area. Government cannot permit companies or individuals to take up under the rules large quantities of lands in separate blocks simply to hold until it suits them to cultivate or sell at a profit When blocks are a mile or two apart, they are distinct Holdings, and credit cannot be given in one grant for cultivation carried on in other grants —[Board's Waste Land Proceeding 12th March 1881 No 123 Collection 9 File 118]

34 The Deputy Commissioner should occasionally himself inspect or cause to be inspected the boundary lines and permanent marks referred to in Rules 24 to 26 and should he find any out of order, shall by letter instruct the lessee or his representative to place the same in order, and failing his doing so within 30 days of the receipt of the said letter, shall cause the same to be put in order, and shall recover from the lessee or his representative the cost of so doing

35 If the lessee is at any time found, by survey or otherwise, to be in possession of land in excess of the acreage for which he has paid rent, he shall pay rent, at the rates payable by him for the grant itself, for such excess land, whether it be within or without the boundaries described in the lease or map, from one year after the date he entered on occupation of the grant, or any portion of it, unless it is established to the satisfaction of the Deputy Commissioner that no possession of the excess land was taken until after the grant of the renewed lease in which case rent shall be payable from the date of the expiration of the preliminary lease provided that such unauthorised occupation of excess land, and payment of rent for it, shall give the trespasser no right to continued occupation, and the Deputy Commissioner shall be entitled, if he thinks fit to do so to recover possession of the excess lands

36 If under Rules 9 (*a*) 12 15, or 22 the Commissioner cancels in appeal the orders of the Deputy Commissioner, he shall report his orders for the information of the Board of Revenue

37 Nothing in these rules shall be held to prevent Government from adding such clauses as may be found necessary to the leases when they are renewed provided that such additional clauses shall not be inconsistent with the law or the express conditions of the grant and shall not have retrospective effect

38 The Local Government reserves to itself the right to exclude any particular area (whether before or after application made) from the system of free grant under these rules and to sell grants under the rules in that area by auction on such terms of sale and in such manner as the Local Government may determine

PART II —*Terms and conditions of renewed leases of lands for tea cultivation*

SUBJECT to any general or special orders of Government, the rent to be paid on the renewal of the lease for a term of 30 years shall be fixed by the Board of Revenue on the report of the Deputy Commissioner on each occasion of renewal but shall not exceed the rate* of rent per acre paid in the neighbourhood at the time of renewal for the highest class of land under ordinary cultivation

Provided that in no case shall the total rent payable under the renewed lease be less than twelve annas an acre on the entire area of the land leased

If at any future time the administration of the tracts under tea cultivation should entail on the State any considerable increase of expenditure, it will be competent to the Government with the sanction of the Legislature, to impose such special taxation as may be deemed necessary, either by raising the rent or in some other mode, but under no other circumstances will the rent which has been fixed for a term of years on the principle above enunciated, be raised during the currency of such term

Lands actually planted with tea in the Duars will, for the present, be assessed at the rate fixed for rupit land in the pargana wherein they lie Waste lands will be assessed at

The rates payable as aforesaid at present in the Western Duars of Jalpaiguri are as follows —

Name of tahsil	Rupit	Faringhati	Homestead	Bamboo	Betlanti gardens	Doba	Waste	REMARKS

Ambari Falakata	1 8 0	1 2 0	2 0 0			1 8 0	0 3 0	

Effect has been given to the above rates since 1st April 1892, and in leases issued since that date the highest revised rate fixed in the above statement has been charged for each class of land

six annas an acre in all parganas, and the rest of the lands in each grant will pay the pargana rate of bastu bamboo, rupit and faringhatty according to the area of the land answering to each of these descriptions that may be found in the grant

In the case of the tract of Daling transferred to the Jalpaiguri district by Government notification dated 9th January 1882, the rates to be imposed will for the present be those paid for similar lands in the adjoining pargana of the Duars on the principle just stated, waste lands paying six annas an acre

The rate to be charged for the present in the case of lands in the Darjeeling Hills is a single uniform rate of one rupee an acre for all lands in the grant

2 The title conveyed by the renewed lease shall be heritable and transferable provided that the prior sanction of the Commissioner of the Division be procured to the transfer of any portion of the grant less than the whole that the transfer be effected by duly registered deed, and that no transfer shall be valid as against Government but that it shall on the contrary, be equivalent to a surrender of the lease, unless notification of the transfer shall have been given by the transferee to the Deputy Commissioner and the transfer is authorised by him

3 In other respects the conditions of the renewed lease* will be the same as those of clauses 4, 5, 7, 8, 9, 11, 12, 13, and 21 of the preliminary lease

Vide Form J

FORM II

FORM OF PRELIMINARY LEASES OF LANDS FOR TEA CULTIVATION IN THE DISTRICTS OF JALPAIGURI AND DARJEELING

Preliminary Lease of Land in *granted by the Deputy Commissioner*
of *to* *(name) of* *(address)*

1 The lands covered by this lease are situated within the boundaries shown by the red lines in map No , dated , and attached to this lease The lands may be described as being bounded as follows —

North—
East—
South—
West—

Their area is more or less acres, and they are situated in the parganas and tahsils detailed in the margin

2 This lease shall be for a period of five years from the commencement of the official year next following the official year of actual entry and the rights conveyed by it are heritable they are also transferable provided—(*a*) that the entire grant, and not a portion of it be transferred by duly registered deed (*b*) that the clearance conditions are duly observed by the transferor and transferee respectively, (*c*) that a transfer fee, as prescribed in Rule 32 of the Rules under which this lease is granted, has been paid to the Deputy Commissioner (*d*) that the Deputy Commissioner is satisfied that the transferee has *bond fide* at his command sufficient capital to enable him to cultivate the amalgamated grant and (*e*) that the transfer is registered in the Deputy Commissioner's office within one month of the registration of the deed of transfer *

3 The rent to be paid shall be as follows —

Year of entry (*i.e.* from actual date of entry to 31st March following)	*Nil*
1st full year (from 1st April following date of entry)	*Nil*
2nd year	3 annas per acre
3rd ,,	6 ,, ,,
4th ,,	9 ,, ,,
5th ,,	12

In Jalpaiguri

The rent shall be paid to the tahsildar of or other officer appointed by Government in the following instalments —

1st September	One half
1st March	,,

In Darjeeling

The rent shall be paid to the Deputy Commissioner in the following instalments —

On or before 20th July	One half
,, ,, 12th January	,,

4 The lessee shall either himself reside on or near to the lands covered by this lease or he shall appoint a manager or agent who shall reside on or near to such lands, and who shall be provided with full legal power to act on behalf of the principal in all matters arising out of or concerning the lands covered by the lease

---

NOTE.—A shareholder in a registered Joint Stock Company may transfer [illegible] shares or any part of the [illegible] without registering the transfer A partner in any other firm or company or association may transfer his interest or any part of it but in that case the transfer must be registered in accordance with this rule

5 The lessee binds himself to conform to all the provisions of the rules for the grant of tea leases under which this lease is granted

6 Five per cent of the area of the land leased shall be cleared and actually planted with tea by the end of the second year after the grant of this lease, and ten per cent by the end of the third year, and fifteen per cent by the end of the fifth year

7 Any land covered by the lease, which may at any time be required for a public purpose, may be taken up by Government free of cost on a reduction being made in the rent payable under the lease proportionate to the area taken by Government for the class of land taken But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes

8 All rights to minerals or quarries of all kinds are reserved to Government, together with such rights of way and other reasonable facilities as may be requisite for access to, working, getting and carrying away such minerals

9 No right of fishery, and no right to dam up or otherwise obstruct the passage of any stream is given by this lease A public right of way over twenty yards on either bank of every stream, however much the bank may shift by action of the stream or otherwise, available at any time of the year for local boat traffic is reserved

Public access shall be allowed at all times to any springs of water on the lands leased, whenever such access is in the opinion of the Deputy Commissioner, necessary for the convenient supply of good water to persons residing in the vicinity and the lessee is bound not to injure the springs or allow others to do so

10 Standing timber must be paid for at the average rate per acre intimated to the lessees by the Deputy Commissioner before possession is given under this lease unless with the sanction of the Board of Revenue, payment by instalments has been allowed In the latter case, payment must be made according to the schedule of instalments endorsed upon the lease In the event of the lessee throwing up the lease while any instalments due to Government on account of timber are unpaid the lessee hereby agrees that all such instalments shall forthwith become due and be recoverable from him, whether all the timber on the grant has been cut by him or not but he shall have no right of any kind over any timber on the grant, cut or uncut after the date of his so throwing up the lease

11 The lessee shall be bound to make and erect the boundary lines and marks referred to in rules 24 to 26 within three months after this lease is granted If he fails to do so within the three months allowed, and within 60 days of the receipt of a notice to that effect, which may be served upon him after the term of three months has expired by a Surveyor appointed by the Deputy Commissioner, he shall be liable to pay a fine not exceeding Rs 50 per day from the date of the expiry of the notice so served till the requirements of the notice have been complied with Should he fail to make and erect the boundary lines and marks required within 30 days more, the Deputy Commissioner shall cause it to be done and if the lessee fails to pay the Deputy Commissioner shall be entitled to recover from the lessee all costs incurred in doing so

Whenever on any subsequent inspection being made the boundary lines and marks referred to in Rules 24 to 26 are found to be out of order the lessee shall be bound to put them in order at his own expense on receipt of a requisition to that effect from the Deputy Commissioner Should the lessee fail to do so within 30 days from the receipt of the requisition, the Deputy Commissioner hall cause it to be done and if the lessee fails to pay, the Deputy Commissioner shall be entitled to recover from the lessee all costs incurred in doing so

12 If upon any inspection being made it shall be found that, owing to the neglect of the grantee, the boundary lines and boundary marks of his grant have either never been cleared and erected in accordance with instructions received by him, or have been allowed to fall out of repair or become covered with jungle in such a manner that without a resurvey of the entire boundary line the exact position of such boundary marks or lines cannot be ascertained the Deputy Commissioner may direct that such resurvey be made, and may recover from the grantee such sum not exceeding one rupee per acre of grant as may suffice to defray the cost of such resurvey

13 The lessee shall be bound to furnish the Deputy Commissioner with information as to the births and deaths of residents in his tea garden, and as to progress and outturn thereof in such form as may be approved by Government

14 In the event of the provisions of the Chaukidari Act [VI (B C) of 1870, as modified by Act I (B C) of 1871, Act I (B C) of 1886, and Act I (B C) of 1892] being enforced (as provided in Government order No 53J D dated 8th May 1893) by order of the Local Government in any tea garden, the lessee shall be bound to furnish proper and fit accommodation for the residence of such chaukidar or chaukidars as it may be found necessary to appoint in each garden to carry out the duties imposed under the Act The lessee shall also be bound to see that the said chaukidar (or chaukidars) receives his pay punctually in accordance with the provisions of the Act

15 Within two months after the expiration of the second and third year of the lease, the lessee or his representative shall report and certify to the Deputy Commissionar the area actually brought under cultivation and planted with tea

16 The Deputy Commissioner or the Waste Land Settlement Officer or other officer appointed by the Deputy Commissioner may, at any time after report made, enter on, inspect, and measure the area under cultivation, with a view to ascertain the correctness of any report submitted by the lessee or his representative

17 If the lessee or his representative fail to submit the report required by clause 15 within the specified period, the Deputy Commissioner may depute a Surveyor to inspect and measure the area under cultivation either immediately after the expiration of the two months allowed to the lessee for the submission of the report, or at any subsequent time If on such inspection and measurement being made or on a consideration of the lessee's report, it is found that the requisite percentage has not been planted with tea, the land may be resumed, or such pecuniary penalty inflicted as the Deputy Commissioner, with the sanction of the Commissioner, may think fit

18 After the expiration of the fifth year, the Deputy Commissioner, or the Waste Land Settlement Officer or other officer appointed by the Deputy Commissioner, shall enter on, inspect and make a detailed survey of the whole grant for the purpose of resettlement The lessee may at any time demand that an inspection and measurement be made of the area cleared and under cultivation The expenses of any such inspections and measurements as are made before the due date on demand of the lessee (but of no others) shall be paid by the lessee as rent due If on any inspection being made during the term of this lease, or if on the first inspection being made after the expiration of such term it is found that 15 per cent of the total area held under the lease has been brought under cultivation by means of good husbandry, and actually bears tea plants the lessee shall be entitled to the renewal of the lease for a further period of 30 years and to renewals for similar periods in perpetuity subject to the rules and the terms and conditions of the renewed leases and to such clauses as the Local Government may from time to time find it necessary to add on the renewal of a lease provided that such additional clauses shall not be inconsistent with the law or the express conditions of the grant, and shall not have retrospective effect

19 If, by the end of the fifth year after the grant of this preliminary lease, less than 15 per cent of the total area held under it has been brought under cultivation by means of good husbandry, and less than 15 per cent actually bear tea plants, the land may be resumed, or, on the application in writing of the lessee he may be allowed to hold on from year to year as a tenant at will for three more years or such less period of time as the Commissioner, with the sanction of the Board of Revenue, may determine, on agreeing to pay rent for such terms at the same rates for which he would have been liable if he had complied with the condition about bringing 15 per cent under tea cultivation On the application of the lessee an inspection and measurement shall be made as soon as convenient after the expiration of any one of the three years and the Deputy Commissioner may make such inspection and measurement of his own accord after the expiration of the third year If after any such inspection and measurement it is found that 15 per cent of the area bears tea plants, a renewed lease shall be granted on the terms that would have been in force if the condition had been complied with by the end of the fifth year At the expiration of three years, all rights in the lands leased will lapse to Government if 15 per cent of the area does not then bear tea plants The cost of all inspections and measurements made during the three years' grace shall be paid by the lessee

20 All expenses connected with inspections and measurements and all costs incurred in connection with the grant of a renewed lease, shall be paid by the lessee, and shall be recoverable under the Public Demands Recovery Act

21 The rights and privileges conveyed by this lease and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any portion of clauses 2, 4, or 6 thereof, and the lessee shall be liable to a daily penalty, under the orders of the Deputy Commissioner, not exceeding fifty rupees per day or a total sum of fifteen hundred rupees for any breach of either of the clauses 13 or 14 thereof, until such clause has been complied with

22 The fines, instalments, costs, and penalties due under one or more of clauses 10 11, 12, 17, 20, 21 shall be deemed to be a demand recoverable under the Public Demands Recovery Act for the time being in force

23 An appeal may be made to the Commissioner against any order of the Deputy Commissioner inflicting a fine or other penalty for a breach of this lease, and an appeal may be made to the Board of Revenue against any order of the Commissioner ordering resumption of the land or the forfeiture of this lease

FORM I

FORM OF ORDER GRANTING PRELIMINARY OCCUPATION UNDER RULE 28

To the tahsildar of

WHEREAS of and (name) of (residence) propose to enter into an agreement in regard to certain land (situated at or near the spot herein described) for the purpose of cultivating tea, and whereas (name) of (residence) desires immediately to enter upon occupation of some part of the above lands for the purpose of making preparations for, and for commencing, such cultivation, I do hereby authorise the said (name) of (residence) hereby to use for that purpose any lands lying within (here specify boundaries) and not exceeding ¼th of the area applied for

In the event of a lease being hereafter granted, the date of entry referred to in such lease shall be held to be not the date of this order, but the date of possession being given

under such lease In case of a lease being refused, no claim to compensation shall lie against the Government for any outlay incurred by
(name) of
(residence) on the strength of this order No rent shall be payable for land occupied during the currency of this order, the term whereof shall expire on the 31st March next

Occupation under this order, or after its expiry, without any express condition to the contrary, shall never be held to constitute any tenure other than a tenancy at will from year to year The occupant shall keep the boundary lines and marks in repair and clear of jungle A copy of this order has been delivered to (name) with permission to enter into occupation You will register him as in occupation of the land under the usual amalnama

FORM J

I.—Eghishe's History of the Wars of the Vardons (fifth century) Parts I, V, VI, and last ten pages of the Supplement

II.—A course of reading in classical Armenian for advanced students by Elisha (Selections from ancient and modern classical authors)

Poetry

1 Joseph declaring himself to his brothers pages 117—121
2 The Mother and Daughter, pages 191—194
3 The Shepherd and Shepherdess, pages 212—216

ELEMENTARY PHYSICS

Ganot	Popular Natural Philosophy, 5th edition, Book I, omitting articles 12, 13, 32—35, 49—52, 56, 61—75, Book II, omitting articles 107—110, Book III, omitting articles 124—131 137—140, Book V, omitting articles 209, 210, 221, 222, 235, 240—242, 252, 260—265, 268—298, 302, 303, 305, Book VI, omitting articles 355, 365—374, 376—378, 381—397, Book VII, omitting articles 405, 407—409 Book VIII, omitting articles 416 451—461, 488, 500—508, 511, 512, or the corresponding portions of any subsequent edition

ELEMENTARY CHEMISTRY

Roscoe and Lunt	Inorganic Chemistry for Beginners,

BOTANY FOR FEMALE CANDIDATES

Oliver's First Book of Indian Botany, the whole of Part I and Chapter I of Part II, viz, the Elements of Morphology and Physiology of Flowering Plants, the Principles of their Natural Classification, and the diagnosis and detailed accounts of the following six natural orders —

1	Anonaceæ	4	Solanaceæ
2	Leguminosæ	5	Euphorbiaceæ
3	Rubiaceæ	6	Palmeæ

LOGIC

(*a*) The following books are recommended to be used in studying the subject of Logic as defined by the Syllabus prescribed —

Any one of the following —

Jevons	Elementary Lessons in Logic
Stock	Deductive Logic
Ray	Text book of Deductive Logic

(*b*) The following books are recommended for purposes of reference —

Whately	Elements of Logic
Hamilton	Lectures in Logic
Mill	System of Logic
Ueberweg	System of Logic and History of Logical Doctrines
Keynes	Formal Logic
Jevons	Studies in Deductive Logic

The examination in Logic shall be on the subject as defined by the Syllabus, and shall not necessarily be confined to any one of the books recommended to be used in studying the subject

HISTORY

Smith	Smaller History of Greece
Creighton	Primer of the History of Rome

MATHEMATICS

Euclid	* Hall and Stevens's edition
Asutosh Mukhopadhyay	Geometry of Conics, omitting—

(*a*) All the Propositions marked with an asterisk

(*b*) In Chapter I (on the Parabola) Propositions XVII, XVIII, XIX, XXIII and XXV

(*c*) In Chapter II (on the Ellipse) Propositions XI, XVI, XVIII, XIX, XXIII, XXV, XXVIII, XXIX, XXXI, XXXIII, and XXXIV

(*d*) In Chapter III (on the Hyperbola) Propositions XIV, XVI XVII XXI XXIX—XXXI, XXXIV, XXXV, and XXXVI

(*e*) The section of Chapter III dealing with the Equilateral Hyperbola

B A EXAMINATION, 1899

ENGLISH

Pass Course

Shakespeare	The Tempest, Hamlet, Richard II
Milton	Paradise Lost, Books IV and V
Hales	Longer English Poems—Dryden to Byron, omitting Burns
Burke	Thoughts on the Cause of the Present Discontents Speech on the American Taxation, Speech on moving Resolutions for Conciliation with the Colonies, as in Burke's Select Works, Vol I, Clarendon Press Series
Morley	Life of Burke (English Men of Letters Series)

Honour Course

(In addition to the subjects for the Pass Course)

Spenser	The Faery Queene, Book I
Tennyson	The Princess
Bacon	Essays (omitting the Essays on Unity in Religion, Boldness, Atheism and Vicissitude)

Permanent Subjects

Earle	Philology of the English Tongue
Shaw	Outlines of English Literature

* The notes are to be read as elucidating the text of Euclid, and the additional propositions are to be treated as riders.

GREEK

PASS COURSE

Sophocles	Philoctetes Electra
Demosthenes	De Corona

HONOUR COURSE

(In addition to the subjects for the Pass Course)

Thucydides	Book II
Euripides	Bacchæ
Plato	Phædo

Permanent subject

Peile	Primer of Philology

LATIN

PASS COURSE

Livy	Books I and III
Horace	Odes Books I and II
Cicero	Pro Cluentio

HONOUR COURSE

(In addition to the subjects for the Pass Course)

Juvenal	Satires, 3 5 7, 8 10, 11
Tacitus	Annals Books III and IV
Terence	Adelphi

Permanent subject

Peile	Primer of Philology

FRENCH

(FOR FEMALE CANDIDATES)

PASS COURSE

Delavigne	Les Enfants d Edouard, edited by H W Eve, (Pitt Press Series)
Sainte Beuve	Selections from the Causeries du Lundi, edited by G Saintsbury (Clarendon Press Series)
G Masson	French Classics Vol IV (Clarendon Press) A selection from the letters of Mme de Sevigné and her Contemporar es (the first 40 letters of Mme de Sevigne and the Lettres Choisies des Contemporains)

HONOUR COURSE

(In addition to the subjects for the Pass Course)

Molière	L'Avare, edited by L M Moriarty (Macmillan & Co)
Racine	Esther edited by Saintsbury (Clarendon Press Series)
Augustin Thierry	Recits des Temps Merovingiens, edited by Gustave Masson, I—III (Cambridge University Press)

Permanent subject

Brachet	Historical Grammar of the French Language, translated by G W Kitchin (Clarendon Press Series)

HEBREW

PASS COURSE

Samuel, I and II	Psalms, XC—CL
Chronicles, I and II	Proverbs

HONOUR COURSE

(In addition to the subjects for the Pass Course)

Isaiah
Ezekiel
The History of the Hebrew Language and Literature

SANSKRIT

PASS COURSE

Kálidása	Kumárasambhava, Cantos I—V
Mágha	Sisupálabadha, Cantos I—II
Kálidása	Sakuntalá, text as fixed in Pandit Iswarachandra Vidyáságar's edition

HONOUR COURSE

(In addition to the subjects for the Pass Course)

Bhavabhuti	Uttararámcharita
Bharavi	Kirátárjuniya, Cantos XIII, XIV

Permanent subject

Baradá Rájá	Laghukaumudi (Dr Ballantyne's edition as reprinted by Lazarus & Co, pages 1—282, i e to the end of *Tinanta*)

ARABIC

PASS COURSE

Tarikh i Yamini	Pages 51 to 100 (Delhi Edition)
Mustatraf	The first 70 pages (Egyptian Edition)
Hamasah	31 pages (Urdu Guide Press)
Diwan i Mutanabbi	Calcutta edition (pages 283—332) beginning with the Qasidah for Azududdaulah

HONOUR COURSE

(In addition to the subjects for the Pass Course)

Maqamat i Hariri	The first half
Tarikh i Timuri	The whole
Hamasah	84 pages from page 32 (Urdu Guide Press)
Baft Suad	The whole

PERSIAN

PASS COURSE

Selections by Shams ul Ulama Ahmad

HONOUR COURSE

(In addition to the subjects for the Pass Course)

Aklak i Jalali	The whole
Hafiz	From the beginning up to the end of Radifi Dal (Urdu Guide Press)
Wakai i Niamat Khan i Ali	The last half
Masnaviyat of Maulana Rumi	From the beginning up to the story of Bazangan and Tuti

PALI

PASS COURSE

Poetry

Suttanipata (Pali Text Society's edition) pages 1—99

Prose

Milindapanha (Trenckner's), pages 211—420

HONOUR COURSE

(In addition to the subjects for the Pass Course)

Mahavanisa	Chapters 1 to 38
Dighanikaya	Vol I (Pali Text Society's edition), the Brahmajala and Samannaphalasuttas

Permanent subject

Whitney's Science of Language

MENTAL AND MORAL SCIENCE

(*a*) The following books are recommended to be used in studying the subject of Mental and Moral Science as defined by the Syllabus prescribed —

PASS COURSE

Psychology

Any *one* of the following—

Sully	Outlines of Psychology (new edition)
James	Text book of Psychology
Hoffding	Outlines of Psychology
Maher	Psychology

Logic

Bain	Logic, Introduction, Books II, III, IV, V (Chapter 5 only), VI
	or
Mill	System of Logic, Introduction Book I, Chapter VIII Book II (omitting Chapter VII) Book III (omitting Chapters XVII, XVIII, XIX, XXV) Book IV, Chapters VII, VIII, Book V, Chapters IV, V

Ethics

Any *one* of the following—

Calderwood	Hand book of Moral Philosophy
James Seth	A Study of Ethical Principles
D'Arcy	Short Study of Ethics
Janet	Theory of Morals

HONOUR COURSE

Psychology

Any *one* of the following—

Sully	Outlines of Psychology (new edition)
James	Text book of Psychology
Hoffding	Outlines of Psychology
Maher	Psychology

Logic

Bain	Logic, Introduction, Books II, III, IV, V (Chapter 5 only), VI
	or
Mill	System of Logic Introduction Book I, Chapter VIII, Book II (omitting Chapter VII), Book III (omitting Chapters XVII, XVIII, XIX, XXV), Book IV, Chapters VII, VIII, Book V, Chapters IV, V

Ethics

Any *one* of the following—

Calderwood	Hand book of Moral Philosophy
James Seth	A Short Study of Ethical Principles
D Arcy	Short Study of Ethics
Janet	Theory of Morals

History of Philosophy

Ueberweg	History of Philosophy, Vol II,
	or
Erdmann	History of Philosophy, Vol II

SPECIAL SUBJECT

Berkeley	Selections by A C Fraser, 4th edition (Clarendon Press Series)

Natural Theology

Martineau	A Study of Religion

(*b*) The following books are recommended for purposes of reference —

Hamilton	Lectures in Metaphysics
Mansel	Metaphysics
Mill	Examination of Hamilton's Philosophy
M'Cosh	Examination of J S Mill's Philosophy
Bain	Mental and Moral Science
Spencer	Principles of Psychology
Ladd	Elements of Physiological Psychology
Green	Philosophical Works, Vol I Prolegomena to Ethics
Martineau	A Study of Religion
Ueberweg	System of Logic and History of Logical Doctrines
Jevons	Principles of Science
Venn	Logic of Chance, Empirical Logic
Sigwart	Logic (English Translation)
Sidgwick	Methods of Ethics
Martineau	Types of Ethical Theory
Flint	Anti Theistic Theories
Caird	Introduction to the Philosophy of Religion
Stirling	Gifford Lectures—Philosophy and Theology
Windelband	History of Philosophy
Schwegler	History of Philosophy

The examination in Mental and Moral Science shall be on the subject as defined by the Syllabus, and shall not necessarily be confined to the books recommended to be used in studying the subject

MATHEMATICS

PASS COURSE

Loney	Elements of Statics and Dynamics
Besant	Elementary Hydrostatics, 16th edition, Introduction, Chapters I—VIII, omitting articles 96, 105, 107, 114—124, 144-160

(or the corresponding portions of S B Mukerjee's Elementary Hydrostatics)

Lockyer	Elementary Lessons in Astronomy, omitting Arts 38 46 48 59, 123, 352 356, 372, 373, 388 395 427 431, 456-486, 496 535, 554, 567 598, 619 667 and the Appendix

HONOUR COURSE

Loney	Elements of Statics and Dynamics
Maxwell	Matter and Motion, Chapter III, and Articles 96 and 97 only
Besant	Elementary Hydrostatics, 16th edition, Introduction Chapters I—VIII, omitting Articles 96, 105, 107 114 –124, 144—160

(or the corresponding portions of S B Mukerjee's Elementary Hydrostatics)

Lockyer	Elementary Lessons in Astronomy, omitting Arts 38 46 48 59 123, 352 356, 372, 373, 388 395, 427 431 456 486 496 535, 554, 567 598 619 667 and the Appendix
Salmon	Conic Sections (6th edition), Chapters I—III, V—VIII to the end of article 116, and X—XIII
Williamson	Differential Calculus (6th edition), Chapters I—V, IX XI—XVIII
Todhunter	Integral Calculus, Chapters I—VIII

(or the corresponding portions of Williamson's Integral Calculus)

HISTORY

PASS COURSE

History of England

Gardiner	Student's History of England

History of India

Elphinstone	History of India—Hindu and Muhammadan Periods, *omitting the Appendices*
Meadows Taylor	Student's Manual of the History of India (British Period only, from Book V to the end)

Histories of Greece and Rome

Smith	Student's History of Greece
Liddell	Student's History of Rome

Political Economy

Fawcett	Manual of Political Economy

HONOUR COURSE

History of England

Green	Short History of the English People
Bagehot	The English Constitution

History of India

Elphinstone	History of India (Hindu and Muhammadan Periods), *including the Appendices*
Meadows Taylor	Student's Manual of the History of India (British Period only from Book V to the end)

Histories of Greece and Rome

Smith	Student's History of Greece
Shuckburgh	History of Rome

Political Economy

Fawcett	Manual of Political Economy
Marshall	Economics of Industry
Prothero	Political Economy, *omitting Book V*

Political Philosophy

Mill	On Representative Government

PHYSICS AND CHEMISTRY

PASS COURSE

Deschanel	Elementary Treatise on Natural Philosophy (13th edition, 1894), Part I —Omitting Arts 1—100, 102—105, 112—140, 131—275
	Part II —Omitting Arts 186—189, 202—258, 261—279

Part III —Omitting Arts 132—147, 213—217, 228—234, 291—295, 324—354
Part IV —Omitting Arts 60 69 70 119, 120 130—132 136, 145, 146, 191—211, 238—244, 275—295

Newth	A text-book of Inorganic Chemistry, latest edition

PHYSICS CHEMISTRY AND THE DOCTRINE OF SCIENTIFIC METHOD

HONOUR COURSE

Deschanel	Elementary Treatise on Natural Philosophy
S P Thompson	Elementary Lessons on Electricity and Magnetism (Edition, 1895)
Tait	Heat
Newth	A Text-book of Inorganic Chemistry (latest edition)
Tilden	Introduction to the study of Chemical Philosophy (latest edition)
Remsen	Organic Chemistry
Jones	Junior Course in Practical Chemistry
or	
Valentin	Qualitative Chemical Analysis
Jevons	Principles of Science, 2nd edition (omitting Books I and II)

BIOLOGY

PHYSIOLOGY AND BOTANY

PASS COURSE

Huxley	Elementary Lessons in Physiology
Parker	Lessons in Elementary Biology
Prantl and Vines	Text book of Botany
Oliver	First Book of Indian Botany

PHYSIOLOGY AND ZOOLOGY

PASS COURSE

Huxley	Elementary Lessons in Physiology
Parker	Lessons in Elementary Biology
Claus Sedgwick	Elementary Text book of Zoology, Vol I, General Part and Special Part, Protozoa to Insecta Vol II, Special Part Mollusca to Man

PHYSIOLOGY BOTANY ZOOLOGY AND THE DOCTRINE OF SCIENTIFIC METHOD

HONOUR COURSE

Kirke	Hand book of Physiology
Parker	Lessons in Elementary Biology
Haddon	Introduction to the Study of Embryology
Prantl and Vines	Text book of Botany
Henfrey	Elementary Course of Botany
Vines	Lectures on the Physiology of Plants
Claus Sedgwick	Elementary Text book of Zoology Vol I, General Part and Special Part, Protozoa to Insecta Vol II, Special Part Mollusca to Man
Jevons	Principles of Science 2nd edition (omitting Books I and II)

GEOLOGY

GEOLOGY AND PHYSICAL GEOGRAPHY

PASS COURSE

Geikie	Class book of Geology
Judd	Volcanoes
Mill	The Realm of Nature (University Extension Manuals)
Medlicott and Blanford	Manual of the Geology of India, 2nd edition, by Oldham
Cole	Aids to Practical Geology

GEOLOGY AND MINERALOGY

PASS COURSE

Geikie	Class book of Geology
Rutley	Rock forming Minerals
Cole	Aids to Practical Geology
Rutley	Mineralogy
Medlicott and Blanford	Manual of the Geology of India, 2nd edition, by Oldham

GEOLOGY MINERALOGY, PHYSICAL GEOGRAPHY AND THE DOCTRINE OF SCIENTIFIC METHOD

HONOUR COURSE

Geikie	Text book of Geology
Rutley	Rock forming Minerals
Cole	Aids to Practical Geology
Geikie	Atlas of Physical Geography
Judd	Volcanoes
Mill	The Realm of Nature
Rutley	Mineralogy
Medlicott and Blanford	Manual of the Geology of India, 2nd edition, by Oldham
Jevons	Principles of Science, 2nd edition, (omitting Books I and II)

M A EXAMINATION, 1898

MENTAL AND MORAL SCIENCE

The following books are recommended to be used in studying the subject of Mental and Moral Science as defined by the Syllabus prescribed —

Psychology

Hamilton	Lectures in Metaphysics
Mill	Examination of Hamilton's Philosophy
Bain	Mental Science
Spencer	Principles of Psychology

Logic

Bain	Logic
Mill	System of Logic
Venn	Empirical Logic

Ethics

Sidgwick	Methods of Ethics
Green	Prolegomena to Ethics
Martineau	Types of Ethical Theory

Natural Theology

Caird	Introduction to the Philosophy of Religion
Martineau	A Study of Religion, 2nd edition
Max Muller	Hibbert Lectures on the Origin and Growth of Religion, as illustrated by the Religions of India

Political Science

Aristotle	Politics (English Translation by Jowett or Welldon)

History of Philosophy

(*General*)

Ueberweg	History of Philosophy
Windelband	History of Philosophy
Erdmann	History of Philosophy, Vols I and II
Madhavacharyya	Sarva darsana Sangraha, translated by Cowell and Gough (the Nyaya, Charvaka, and Sankhya systems)

(*Special*)

Plato	Theaetetus (as in Jowett's Dialogues of Plato, vol iv)
Aristotle	The Nichomachean Ethics (English Translation by Williams or Welldon)
Kant	Transcendental Aesthetic (as in Max Muller's translation of Kant's Critique of Pure Reason, vol ii)

The examination in Mental and Moral Science shall be on the subject as defined by the Syallabus and shall not necessarily be confined to the books recommended to be used in studying the subject

MATHEMATICS

GROUP A

Chrystal	Algebra Part II, Chapters XXIII—XXVIII, XXXII XXXV
Hobson	Plane Trigonometry
Casey	Spherical Trigonometry
Burnside and Panton	Theory of Equations (3rd Edition)

Salmon	Conic Sections
Salmon	Higher Plane Curves, Chapters I—V, omitting Section V
Salmon	Geometry of Three Dimensions, the Course selected by Dr Salmon for Junior Readers
Williamson	Differential Calculus (8th Edition)
Williamson	Integral Calculus (7th Edition)
Johnson	Differential Equations
Todhunter	Analytical Statics Ed Everett
Williamson and Tarleton	Dynamics (2nd Edition) Chapters I—VIII
Minchin	Hydrostatics and Elementary Hydrokinetics, omitting Chapter VIII
Newton	Principia, Sections I, II, III
Godfray	Astronomy

GROUP B

Salmon	Conic Sections, Chaps I—XIII
Smith	Solid Geometry, omitting Chaps VII and IX
Williamson	Differential Calculus (8th Edition)
Williamson	Integral Calculus (7th Edition), omitting Chap XII
Minchin	Statics (4th Edition) omitting Chap XIV
Williamson and Tarleton	Dynamics (2nd Edition) omitting Chap XIV
Besant	Hydro mechanics, Part I (Hydrostatics)
Basset	Elementary Treatise on Hydrodynamics and Sound
Godfray	Astronomy
Newton	Principia, Sections I II, III IX, XI

NATURAL AND PHYSICAL SCIENCE

A —CHEMISTRY

Roscoe and Schorlemmer	Treatise on Chemistry, Vols I and II, Parts I and II
Richter	Organic Chemistry translated by Smith The portions in large type are considered of special importance and the portions in small type of subsidiary importance and of these portions only a general knowledge is required
Frankland	Lecture Notes for Chemical Students— Vol II Organic Chemistry
Valentin	Qualitative Chemical Analysis
Clowes and Coleman	Quantitative Analysis (latest edition)
Ostwald	The Scientific Foundations of Analytical Chemistry (translated by G McGowan)
Meyer	Outlines of Theoretical Chemistry

B —HEAT ELECTRICITY AND MAGNETISM AS PRINCIPAL SUBJECTS, WITH LIGHT AND SOUND AS SUBSIDIARY SUBJECTS

Principal Subjects

Maxwell	Electricity and Magnetism (2nd Edition) Vol I—Preliminary—1 17 19, 21 24 Part I—Chapters—I II—63—77 80—end III IV—95*a*—96*a* 98—99*b*, 101*a* 101*d*, V, VI, VII VIII, XI—155 161 XIII Part II—Chapters I, II, III, IV, V, VI IX—315 318, X—325 327, 331 334 XI, XII Vol II Part III—Chapters I, 371 386 389 390, 393 394 II III—407—416, 423 IV, V—437 441 VI, VII—449 451, 453, 455—464 VIII, 465 Part IV—Chapters I II, III IV, V VI VII VIII—585—598, 602 603 IX—604-617 X, XI, XIII—682 688 XV—721 729 XVI—730 749, XVII, XVIII—758 761, 763 767, XIX—768 778, 780, XX, XXI—806 821, 831, XXII
Faraday	Experimental Researches in Electricity, volume I
Preston	Theory of Heat
Maxwell	Theory of Heat (latest edition)
Fourier	Theory of Heat, Chapters I and II
Stewart and Gee	Practical Physics Volume II
Glazebrook and Shaw	Practical Physics, Chapters VIII—XIII (omitting section 31)

Subsidiary Subjects

Daniell	Text book of the Principles of Physics 1st edition, Chapter V, pages 74—133 Chapters XIV and XV, or corresponding portions of 2nd edition

C —LIGHT AND SOUND AS PRINCIPAL SUBJECTS WITH HEAT, ELECTRICITY AND MAGNETISM AS SUBSIDIARY SUBJECTS

Principal Subjects

Preston	Theory of Light
Heath	Elementary Treatise on Geometrical Optics
Helmholtz	Sensations of Tone, Introduction and Chapters I—VIII
Everett	Vibratory Motion and Sound
Donkin	Acoustics
Glazebrook and Shaw	Practical Physics, Chapters VIII—XX

Subsidiary Subjects

Daniell	Text book of the Principles of Physics Chapters VII XIII, and XVI, 1st edition, or corresponding portions of the 2nd edition

M A EXAMINATION, 1899

ENGLISH

Chaucer	The Tale of the Man of Lawe &c Edited by Skeat (Clarendon Press Series)
Shakespeare	Henry VIII Coriolanus, As You Like It, King Lear
Marlowe	Edward II
Milton	Paradise Regained
Pope	Satires and Epistles
Tennyson	In Memoriam
Sir Thomas Browne	Religio Medici
Milton	Areopagitica
Emerson	Representative Men
Jane Austen	Mansfield Park
De Quincy	Autobiographical Sketches
Holmes	Autocrat of the Breakfast Table

Permanent Subjects

Morris	Historical Outlines of English Accidence
Smith	Student's Manual of the English Language
Taine	History of English Literature translated by Van Laun
Dowden	Shakespeare a Critical Study of his Mind and Art
Sweet	Anglo Saxon Primer
Sayce	Introduction to the Science of Language

GREEK

Homer	Iliad, Books I—XII
Pindar	The whole
Æschylus	Prometheus Agamemnon Eumenides
Sophocles	Œdipus Tyrannus Ajax Antigone
Euripides	Hecuba Medea Ion
Aristophanes	Knights Clouds Frogs Birds
Herodotus	Books II and III to the end of Chap LXVI
Thucydides	Books VI VII VIII
Demosthenes	Orations against Leptines and Meidias De Falsâ Legatione
Plato	Republic, Theætetus
Aristotle	Politics

Permanent Subjects

Sayce	Introduction to the Science of Language
Mahaffy	History of Classical Greek Literature

Also passages from authors not prescribed beforehand to be translated into English

LATIN

Virgil	Bucolics (with the exception of II) Georgics Æneid, Books I—VI
Horace	Odes Epodes Satires I (with the exception of 2 and 8) Epistles I De Arte Poetica
Juvenal	Satires (except II, VI, and IX)
Persius	Satires
Lucretius	Books I, V, and VI

Catullus	1 2, 3 4 9 12, 22, 30 31, 46, 49 51, 63 64 65, 66
Plautus	Aulularia, Trinummus
Terence	Andria Heauton Timoroumenos
Livy	Books XXI—XXV
Sallust	Bellum Catilinarium Bellum Jugurthinum
Cicero	Second Philippic, De Natura Deorum
Tacitus	Histories

Permanent Subjects

Sayce	Introduction to the Science of Language
Cruttwell	History of Roman Literature

Also passages from authors not prescribed beforehand to be translated into English

HEBREW

Isaiah
Jeremiah
Ezekiel
The Minor Prophets
Psalms
Proverbs
Job
Ecclesiastes
Song of Solomon
Daniel
Ezra
Nehemiah

Permanent Subjects

Robertson Smith	Old Testament in the Jewish Church
Davidson	Introduction to the Old Testament
Ewald	History and Antiquities of Israel
Sayce	Introduction to the Science of Language

SANSKRIT

Kalidasa	Vikramorvasi
Kalidása	Meghadúta
Bhavabhuti	Mahávíracharita
Sudraka	Mrichchhakatika
Visakhadatta	Mudrá Rákshasa
Bánabhatta	Kádambarí, Purvabhága
Vyása and Sánkara	Vedánta Sutra and Bhashya, first four Sutras of the 1st Adhyáya and 1st and 2nd Pádas of the 2nd Adhyaya
Gautama and Viswanátha	Nyaya Sutra and Vritti, Chapters I—IV
Váchaspati Misra	Tattva Kaumudi
Upanishad	Katha, with Sankara Bháshya
Rigveda	Hymns from the Rigveda Sanhita, edited by P Peterson
Vyása	Bhagavadgítá
Pánini	Vaidika Prakriyá, Káraka and Samása, as contained in Siddhanta Kaumudi
Manu	Ram Manu—1, 2, 3 4 7, 8 12
Mammata Bhatta	Kávya Prakása

Permanent Subjects

Max Muller	Science of Language Vols I—II
Muir	Sanskrit Texts, Vol V

Students may take up the Inscriptions of Asoka instead of one of the following groups —

GROUP I

Nyáya Sutra and Vritti (limited as above)

GROUP II

Tattva Kaumudi and Vedánta Sutra (limited as above)

PALI

Anuraddha	Abhidhammatthasangaha
Theragāthā	The Ekanipāta Dukanipāta and Tikanipāta
Anguttara nikāya	The Bālavagga, Rathakāravagga, Pugalavagga, and Devadūtavagga of the Tikanipāta
Mahāvamsa	The first five chapters (Parichchedas), Turnour's or Sumangala's Edition
Jatakas	Fausboll's Edition, Vol II, Dalhavagga, Santhavagga, Kalyānadhammavagga

Kaccāyana	Pali Grammar (Senart's Edition)
Mahāparinibbānasutta	(Childer's Edition)
Dhammapada	The first Bhāṇāvram (pathamakabhāṇavāram) with Fausboll's Extracts from Budha Ghosa's Commentary for this portion of the text
Burnouf	Introduction à l histoire du Budhisme Indien
Spence Hardy	Manual of Buddhism
Weber	History of Indian Literature
Bigandet	Legends of Gaudama

ARABIC

Prose

Moquddamai i Ibn Khalladun	Egyptian edition, pages 69 to 119
Maqamàt-i Hariri	The second half

Poetry

Hamásah Diwán i Mutanabbi Sabai Muallaqah	} The whole

Two unseen passages shall be set at the examination—one in prose and the other in poetry The prose passage shall form part of paper V and the poetry passage shall form part of paper II Such passages shall not exceed in difficulty the general standard of the text books prescribed for the examination

PERSIAN

Prose

Shams uddin Faqir	Hadáiq ul Balaghát
Saifi	Urus
Abu'l Fazl	Akbarnámah, Vol I
Inshai Abu l Fazl	First Daftar
Jámi	Qawafi

Poetry

Kháqáni	Qasaíd
Ferdausi	Selections from the Shâhnamah by Colonel Jarrett Calcutta, 1880
Hakim Senái	Hadíqah
Sáib	Díwán, as far as Qufiyat ud Dal
Habib Qááni	Qasáíd first half
Platt	Persian Grammar

Candidates are also required to possess a knowledge of Arabic to the extent laid down in the course for the First Examination in Arts

Two unseen passages shall be set at the examination—one in prose and the other in poetry The prose passage shall form part of paper V and the poetry passage shall form part of paper II Such passages shall not exceed in difficulty the general standard of the text-books prescribed for the examination

HISTORY

(*a*)	Green	History of the English People
	Miss Martineau	History of the Thirty Years' Peace, Vols i—ii (to Book v, ch 9)
	Mill	History of British India edited by Wilson Vols iii, iv, v (Books iv v vi, ch 6)
(*b*)	Stubbs	Constitutional History of England
	Hallam	Constitutional History of England
	Erskine May	Constitutional History of England
(*c*)	As a period—The History of Europe from 1754 to 1795 —	
	Mahon	History of England—from ch 82 to the end
	Lecky	History of England, during the Eighteenth Century—from ch 7 to end of ch 21
	Von Sybel	French Revolution, translated by W C Perry
	De Tocqueville	France before the revolution of 1789, translated by Reeve
	Dyer	Modern Europe—Book vi, ch 5 to Book viii, ch 7
(*d*)	Sidgwick	Elements of Politics
	Austin	Jurisprudence Lectures—v, vi
	Wheaton	International Law, Parts i, ii
(*e*)	Adam Smith	Wealth of Nations
	Mill	Political Economy
	Marshall	Principles of Economics, Vol i (omitting the Appendix)
	Levi	History of British Commerce

NATURAL AND PHYSICAL SCIENCE

D —BOTANY

Asa Gray	Structural Botany
Sachs	Text book of Botany, edited by Goebel (latest edition)
Balfour	Palæontological Botany
Roxburgh	Flora Indica Clarke's Edition (for reference in identifying Indian plants)
Sachs	Physiology of Plants, translated by Ward (1887)
Bower	Practical Botany

E —PHYSIOLOGY AND ZOOLOGY

Michael Foster	Text book of Physiology
Arnold Lang	Text book of Comparative Anatomy Part I
Wiedersheim	Comparative Anatomy of the Vertebrata
Klien	Histology
Stirling	Outlines of Practical Histology
A M Marshall	Practical Zoology
Halliburton	Text book of Chemical Physiology, omitting the Pathological portions

BAY OF BENGAL—BURMA COAST

Exact position of Oyster Island light

THE following Notice to Mariners (No 91 of 1896), issued by the Government of Bombay, is republished —

Information having been received from the Officer Commanding R I M S 'Dalhousie,' dated 7th August, that the position of Oyster Island Light house given in the list of light houses and light vessels in British India, including those in the Gulf of Aden as existing at the end of 1895, is doubtful the following position given in the Admiralty List of Lights of 1896 is to be accepted until further notice —

Latitude	20°	12	00"	N
Longitude	92°	33	00"	E

Oyster Island is a bank of sand standing on a rock foundation, and the whole of the surrounding reefs are solid rock

The shape and the extent of the reef is incorrectly shown on the Chart No 821 Heavy breakers were observed during recent bad weather extending 1½ miles to the northward of the light house and subsequent soundings revealed four fathoms (irregular bottom) 1½ miles N 17° W from the light house

South channel—Depth and buoyage of dredged channel

THE British Admiralty has given notice (No 392 of 1896) that on 9th June 1896 the southern side of the dredged channel in the vicinity of Pile light, South channel had a navigable depth of 28 feet at low water springs for a width of 200 feet and that the tide gauge westard of Pile light would be altered to agree with depth

The deepening of the northern side of the channel was in progress

Also that, on 18th June 1896, the *gas* buoy No 11 (*green* light) moored with Pile lighthouse bearing S W by W ¾ W, distant 3 7/10 cables, would be replaced by an ordinary black buoy (*can*), numbered *11*

The south edge of the eastern end of the dredged channel would be marked by a *gas* buoy showing a *fixed green* light, elevated 10 feet above the sea, and visible 3 miles in clear weather

And the south edge of the western end of the dredged channel would be marked by a *gas* buoy showing a *fixed white* light, elevated 10 feet above the sea and visible 5 miles in clear weather

Approximate position, Pile light, lat 38° 20 0″ S long 144 31 5″ E

INSANITARY CONDITION OF GARDEN REACH WARDS

The Hon'ble MR GLADSTONE asked—

Has the attention of the Government been drawn to the dangerously insanitary condition of the Garden Reach Wards of the South Suburban Municipality, and in particular to the almost impassable condition of the Garden Reach Road which connects an important district of the Suburbs with Calcutta? Will the Government be pleased to state what steps it is proposed to take to compel this Municipality to discharge its ordinary duties in respect of these Wards?

The Hon'ble MR RISLEY replied —

"The attention of Government was called to the insanitary condition of the bastis in the Garden Reach Wards of the South Suburban Municipality in 1894 by a report in which Surgeon Lieutenant Colonel Dutt, then Civil Surgeon of the 24 Parganas, described them as 'wanting in the very rudimentary conditions of health,' and complained that the Municipal Commissioners 'could not be roused to make any serious efforts to improve the condition of these bastis' Since then repeated attempts have been made to induce the Commissioners to improve the sanitary arrangements of Garden Reach, but the Magistrate states that little has been done, and that the conservancy of the locality is still carried on by a Contractor under a system which the Commissioners have admitted to be unsatisfactory Some drains have been cleared and levelled, and the streets are said to be better swept, but as there is only one Overseer for the whole Municipality, covering an area of over thirty square miles, and the conservancy staff in Garden Reach consists of two sweepers and six coolies with three conservancy carts, no real improvement can be looked for The Commissioners have admitted that the Municipality is too large and scattered for efficient management and have applied to Government to sub divide it Orders will be passed on their application as soon as certain inquiries have been completed

"The Garden Reach Road has been much neglected for many years, and is now in a very bad state An officer of the Public Works Department has been deputed to report upon it, and as soon as his report is received, the Lieutenant Governor will consider whether an order should not be passed under section 64 of the Municipal Act requiring the Commissioners to repa r the road within a fixed time, failing which the work will be done by the Magistrate and the cost recovered from the Municipal Fund."

BENGAL MUNICIPAL ACT, 1884, AMENDMENT BILL

The Hon'ble MR RISLEY moved that the consideration of the Bill to further amend the Bengal Municipal Act, 1884, be resumed

The Motion was put and agreed to

The Hon'ble MR A M BOSE moved that after section 8 of the Bill, the following be inserted —

"8A After section 141A, the following shall be inserted, namely —

'141B A carriage horse or other animal shall be deemed to be used in the ordinary course of business, within the meaning of section 131 if it is used, on an average, twice a week

He said —"I may explain that the Council has already amended section 131, so as to substitute for the words 'habitually used' which were in that section, the words 'used in the ordinary course of business' That being so, it

becomes necessary to define these latter words, so as to prevent ambiguity and indefiniteness, and in fact this is exactly what has been done in regard to the use of these words in the section relating to carts I therefore propose that what has been done in the one case be also adopted in the other In fact, the amendment I now propose, necessarily follows in principle the alteration in section 131, which has already met with the approval of the Council"

The Hon'ble MR RISLEY said —"It does appear at first sight that the amendment now proposed is the logical sequence of the amendment, which was introduced in a similar section relating to the registration of carts, but I am disposed to think that it is really not parallel, and that it would be dangerous to act on the assumption that the two sections should be dealt with in precisely the same manner To make this clear, I must refer to the amendment in the section relating to the registration of carts (section 142) That section is based upon, and is justified by, what is known as the Chanduria cart case, a place which is a small municipal town in Khulna It has lived to the twelfth year of its existence on the revenue derived from the registration of carts, and in fact has no othe income worth speaking of Certain orders of the High Court had the effect of killing the municipality, and it is now dead Certain carters, who resided outside the municipality and kept their carts outside the municipality, used their carts within the municipality regularly during two days in the week (Wednesdays and Sundays) for the purpose of attending a very large *hát* held there, and the chief staple of trade in that *hát* was date sugar It was alleged that over 700 carts went to the *hát* regularly on those two days of the week, and of course cut up the roads to pieces The particular case to which I referred was against certain carters who were prosecuted for not taking out a license from that municipality The Deputy Magistrate held that those carts did not fall within the purview of section 142, and then the Chairman of the Municipality set Mr Monmohan Ghose in motion, and he applied to the High Court for a decision in the matter The High Court said it was not authorised to interfere in cases of acquittal, except upon application made by the Local Government, and they referred to the Dinapore case, which was referred to at the last meeting of the Council, as a case which would be of use in any application which might be made to the Government Application was accordingly made to the Government to order the institution of an appeal against the decision of the Deputy Magistrate An order was issued, and the case went to the High Court, who, in their judgment interpreted the words 'habitually used' to mean practically 'in the ordinary course of business' In the amendment which has been introduced in section 142, we have gone a good deal beyond the principle laid down in this judgment, we extend the law and no doubt we make it more stringent, but as far as carts distinguished from carriages are concerned, the Select Committee held that we are justified in what we have done on certain grounds—*firstly*, by the great damage which carts, with their narrow tires and wide axles and heavy loads, do to the roads which they pass over, particularly to municipal roads in the mufassal, which are made of brick metal and not of stone, *secondly*, by the fact that carts, which are not kept within a municipality, are brought in on particular days for purposes of profit arising out of operations connected with the arrangements of the municipality, *thirdly*, and this is important, that the carts used in this way are used regularly As the Chairman of one municipality very forcibly said, in most municipalities to which the section applies, *hát* days are well known days, and these carts come in regularly on those days, they do not come in casually—sometimes on one day and sometimes on another, moreover, the fact of the days being regular and known to every body beforehand, renders it possible to have some systematic check over the number of times on which a cart is used, and a municipal officer may be deputed regularly or occasionally to take stock of the number of carts and the number of times each cart makes its appearance, and whether they have municipal tickets or not Applying these rules to the case of carriages, it will be seen that none of them can be applied to carriages and not even to hackney carriages. Carriages do not do anything like the special damage to roads that carts do,

they are not exclusively or mainly used in connection with any arrangements which would give the municipality a claim to license fees from carriages, and *fourthly*, they are used casually and not regularly You cannot say that carriages use the roads of the municipality on two or three days of the week and on no other days, as you can in the case of carts I submit, therefore, that the cases are not parallel, and I further submit that if they are treated as parallel cases, and practical application is given to it in the case of carriages, it will operate with great inconvenience both to natives and to Europeans Take a case which occurs to me at once, and has practical application to the impecunious South Suburban Municipality—the case of a native gentleman who lives in Calcutta, and who has a garden house within that municipality There are a good many garden houses there Suppose this gentleman goes twice a week to his garden house in that municipality for a *nach* or other amusement, would it not be hard that he should be pounced upon by the municipality and compelled to pay a carriage tax when he has already paid it in Calcutta? This is a typical case in regard to native gentlemen Then, as regards European gentlemen, there is a certain club in Tollygunge, suppose a gentleman goes there twice a week in pursuit of physical education, would it not be hard that he should pay a second carriage tax? The cases which I have instanced are not, I think, cases in which it can be said that the carriages are used in the 'ordinary course of business' You will introduce enormous difficulties, you will not be able to distinguish between carriages used for business and carriges used for pleasure, and I think we can safely venture to say that the rule which has been accepted for carts will not be applicable to carriages It would not be safe to apply the same rule to both There is a provision in the Act that no cart shall pay more than one registration fee, and possibly there should be a similar provision for carriages Either you must sweep away the registration fee in Calcutta, or the South Suburban Municipality will be unable to obtain fees within their area Two fees there cannot be"

The Hon'ble MR A M Bose in reply said —"I confess I have heard with some little surprise the arguments which have been used in regard to this amendment, possibly owing to my not having been able to follow the Hon'ble Member, and also perhaps because I thought this amendment so much a matter of course that in moving it I did not think it necessary to take up the time of the Council But I wish to point out now that no portion of the speech of the Hon'ble Member in charge of the Bill is applicable to the present amendment, which simply seeks to define and make intelligible what we mean by certain terms which we have already adopted in regard to carriages This is the history of the matter There came before the Council a proposal from the Select Committee that in section 142 of the present Act the words 'habitually used' should be struck out, and the words 'used in the ordinary course of business' be substituted for them The phrase 'habitually used' is vague and undefined, and incapable of proper construction, and one of the fundamental requirements of legislation is that those affected by it ought to be in a position to understand with certainty what the law means and what their liabilities and obligations under it are On those grounds the words 'habitually used' were struck out Then I pointed out that the same words were used in section 131, which relates to carriages, and that if the words 'habituly used' are so difficult of definition, then it is desirable that they should be struck out of section 131 also That suggestion was adopted, and the Council has acted upon it The speech which the Hon'ble Member in charge of the Bill has now delivered might have been delivered in regard to that amendment However, those words have been struck out, and therefore, in section 131, which relates to carriages, the words we find in the Bill are 'kept or used in the ordinary course of business' Now what is the meaning of the expression 'used in the ordinary course of business'? It has already been defined by this Council, in accordance with the suggestion of the Select Committee that it should mean 'used on an average twice a week' But that definition occurs not among the general definitions of the Act, but in the Chapter under the special head of

'registration of carts' If that definition had occurred, as in the new drafting of a Bill it would naturally have occurred, at the beginning of the Act, there would have been no necessity for a further amendment, because the definition would be applicable wherever the words 'used in the ordinary course of business' occurred in the Act But owing to the way in which the Council has proceeded, the definition which has been accepted occurs, as I have pointed out, in the Chapter of the Act headed 'On the Registration of Carts' Therefore, I submit, it is absolutely necessary that that definition should be repeated in connection with section 131, where the words 'used in the ordinary course of business' also occur If you do not do so, what will be the position of affairs? In order to do away with the uncertainty and vagueness which attach to the words 'habitually used' in section 131, the Council has substituted certain other words, namely, 'used in the ordinary course of business,' and is it not neces sary to define what we mean by using those words there? Is our mind, in regard to the application of these terms, the same as in regard to the definition of that term in section 147, or is it different? I fail to understand that there can be any objection to defining the term The Hon'ble Member has referred to certain cases and difficulties which members of the public may be put to For my own part, I would prefer to know whether I am in the clutches of the law or not what it is the Legislature mean by saying that carriages used in the 'ordinary course of business' are liable to the tax, rather than have my liability ascertained in each case by the far more costly and troublesome process of litigation And it is better for municipalities also to know what it is that will make carriages liable to the tax within their respective jurisdictions As I said before, I had taken it so much as a matter of course that the words would be taken to mean in section 131 what they are defined to mean in section 142, that the possibility of any opposition had not entered my mind As to the ground of inconvenience and the ground of making a distinction between carts and carriages, such grounds have no sort of reference to the necessity that exists of defining words If twice a week be not thought enough in the case of carriages, make it three times, and I will accept the change, but by all means define the expression If you deliberately leave it undefined, you will open a door to all the difficulties and inconvenience, to all the harassment and uncertainty which the Hon'ble Member in charge of the Bill is so anxious to avoid"

The Motion was then put and carried in the following amended form —

"8A After section 141A, the following shall be inserted, namely —

'141B A carriage, horse or other animal shall be deemed to be used in the ordinary course of business within the meaning of section 131, if it is used on business on an average thrice a week'"

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR moved that the follow ing be inserted at the end of section 8 of the Bill to form an addition to the clause, which it has been decided to add to section 147A of the Act —

'Provided that the municipality or cantonment within which any cart is kept, shall have the right to levy the fee in preference to any other municipality or contonment

He said —"After the amendment which has just been passed, I do not know whether this amendment will not appear to be still necessary that I shall leave the Council to determine The object of this amendment is simply to remove a difficulty which has long been felt"

The Hon'ble MR RISLEY said —"I am willing to accept the amend ment with the omission of the words 'or cantonment'"

The Motion was put and carried in the following amended form —

'Where a cart is registered under this Act in more than one municipality, the Commis sioners of the municipality within which the cart is kept shall have a right to levy the registration fee in preference to the Commissioners of any other municipality'

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR also moved that after section 9 of the Bill, the following be inserted —

"9A In section 238 sub section (1), the words 'or without waiting for the orders of the Commissioners for six weeks from the date of his giving notice in writing under section 237, shall be inserted after the words 'as aforesaid'"

He said —"It appears to me that there is a clear flaw in section 238 Section 237 provides what a person is to do when he asks for permission to build or to rebuild a house, he has to make an application and to supply plans and give certain other information Then, under section 238, should any person commence to erect or re erect any house not being a hut, the Commissioners may require the building to be altered or demolished as may be necessary It sometimes happens that after a party has made an application and furnished the Commissioners with plans, &c, he proceeds with the work without waiting for sanction In such a case the Commissioners have no authority to demolish the building or to do anything in the matter The law provides that when a person commences to build without giving notice to the Commissioners, or without submitting the necessary plans, &c, they can demolish the building or cause it to be altered But suppose that after making the application and supplying plans, &c the party commences to build, and goes on building, without waiting for the six weeks prescribed by the law, the Commissioners have no authority either to demolish the building or to impose any penalty I find that in the Calcutta Act, section 241, a penalty is provided for commencing to build without submitting an application or before the expiration of the time prescribed for the Commissioners to give or to withhold their sanction, that is to say, the Commissioners can demolish or alter the building as they may think fit But under section 238 of the Bengal Municipal Act, there is no authority for the Commissioners to interfere in any way whatsoever I understand that this question has actually been raised in the municipality of Howrah, and such cases are possible elsewhere, and therefore unless some such amendment as I propose is accepted, there will be no remedy whatever against commencing to build before the grant of sanction The intention of the law evidently is to impose a penalty in the same way as in the case where a plan is not submitted"

The Motion was put and agreed to

The Hon'ble MR WALLIS moved that clause 1 (*a*) in section 10 of the Bill be omitted

He said —"That section reads as follows —

'With the sanction of the Local Government, the amount of water rate imposed under this section may vary with the distance of houses or lands from the nearest stand pipe or other source of water supply, and the amount may be higher in the case of premises to which communication pipes are attached than in the case of other premises

"I have ventured to bring this amendment forward, as it seemed to me to be one of the most important additions which had been made in the Bill by the Select Committee since it was first introduced into Council, and I think I am not mistaken in saying that Mufassal Municipalities, Commissioners of Divisions, and Public Associations have not had an opportunity of stating their opinions on this important addition The new sections ought to introduce several varying rates which I fear would lead to considerable difficulty and danger to the success of any scheme of water supply which might be put forward It would be admitted that the health of the inhabitants of a town depended very largely on the sources of water supply, and recent events had shown very conclusively that this all important question of pure water supply was one which must be taken strongly in hand This being so, it would be undesirable to introduce into the Act any clause which was likely to weaken the hands of those who had to bring forward such schemes, and he feared the proposal to vary the rates more than was provided in the Act would tend to have this undesirable effect The new clause, taken as it must be in conjunction with section 279 of the Act, referred only to houses and lands within the town, and

not to the outside radius, the limits of which were to be fixed by the Local Government under proviso (*a*) Section 279 of the Act reads as follows —

'In any municipality to which the provisions of this Part shall be extended in the manner provided in section 222, it shall be lawful for the Commissioners at a meeting to impose a water rate not exceeding 7½ per cent on the annual value of holdings when the houses and lands are situated in any road supplied with water and not exceeding 6 per cent when the houses and lands are situated in any road not so supplied

"Here were two rates, but the new clause introduces two more varying rates I may say several more varying rates, for it first provides that houses which are situate beyond certain distances from a stand pipe or source of supply should pay another rate, and further that the rate shall be higher in the case of premises in which communication pipes are laid than in the case of other houses To illustrate my meaning we will suppose water pipes are laid in Dalhousie Square, North The section provides that all the houses in that street should pay not more than 7½ per cent We will take it that pipes are not laid in Dalhousie Square, South there the residents would have to pay a rate not exceeding 6 per cent , then in Esplanade Row, where also pipes are not laid, the rate might be 5 per cent , in Lindsay Street, which is further off, 4 per cent , and in Park Street, which is furthest, 3 per cent These differential rates will, I fear, cause great difficulties and will hamper the introduction of schemes for pure water supplies Before Municipalities could formulate any scheme for the introduction of water supply, it would be necessary for them to be in a position to estimate to some degree the returns they are likely to receive from the outlay which they may incur, but if those living in roads where the water is laid down can decline to have their houses connected with the main, and then claim a reduction in rates, this would be next to impossible It seems to me that the proposals set forth in the new section are contradictory to the existing law, which provides that houses situated in roads where the pipes are laid down shall pay the maximum rate If the Municipal Commissioners in any town consider that the requirements of a pure water supply exist, and the Local Government agree, the scheme should be carried through, and all residents made to pay a fair share of the tax Under the Calcutta Act all the inhabitants are called upon to pay the same rate of water tax, and those who live in third stories of houses have not only to pay the water rate, but have also to employ bhisties to carry the water for domestic purposes I have not referred to the provisos to section 279, which will be found in the existing law Proviso (*a*) provides that water rate shall not be levied on any house or land which is within the radius to be fixed by the Local Government, and the latter portion of proviso (*b*) gives the Commissioners power to make special arrangements consistent with the Act with persons living beyond the radius Therefore, I submit that all residing within a town, where it has been considered necessary to introduce a scheme for the supply of pure water, should be called upon to pay their fair share towards the cost In Calcutta we are all content to pay the water rate, although some of us do not get the water without incurring additional expense, still we are all willing to pay our share for the benefit we get in an indirect way by the supply of pure water to the town I hope I have succeeded in showing that it will not be desirable to vary the rates to be paid more than is provided for in the existing Act "

The Hon'ble Mr Risley said —"I agree with the Hon'ble Mover of this amendment in considering this section of the Bill an important one, and that it was unfortunate that all municipalities were not consulted about it It is a section which was introduced at a late stage on a representation made by the Chairman of an important municipality while the Bill was in Select Committee As regards the two rates in the existing section, it is not clear to me that they affect the question at all Those are maximum rates, and whatever the section of the Bill provides must be subject to the provisions contained in the Act as to the maximum rates It will probably be simplest to explain precisely how this section in the Bill came to be drawn up in order to enable a municipality, with the sanction of the Local Government, to impose differential water rates varying with the distance of the houses and lands from the nearest hydrant, and

also with the circumstance whether the house is connected with the water supply or not, but, as I have said before, whatever rate may be fixed in any case must be subject to a maximum of 7½ or 6 per cent, as the case may be The first impetus to the introduction of pure water in mufassal towns was given by the Chairman of the Bhagalpur Municipality, one of the most efficient Chairmen of Municipalities in Bengal—a man who has done more to advance Municipal Government in Bengal than anyone else, and it is to his exertions that the Bhagalpur water works are mainly due The Chairman of that Municipality, in a letter recently received, said —

'* * In our municipality a rate of 3 per cent is levied * * *'

"In a subsequent letter, in support of the proposal to levy differential rates, he says, in regard to house connections —

'A system of that kind is in force in Mymensingh'

"And I find that since 1891, from which time water rates have been enforced in that municipality, the following rates have been introduced, namely, 4 per cent on all holdings within 300 yards from the nearest hydrant 3 per cent on holdings over 300 yards, but within quarter of a mile from the nearest hydrant, and 7½ per cent on holdings with house connections The rate is levied on the valuation of holdings

'That is precisely the state of things which is contemplated by the section in the Bill, and the object of the section, which was unanimously agreed to by the Select Committee, is to legalise the state of things which already exists in Mymensingh, and to enable the Bhagalpur Commissioners to introduce similar arrangements in Bhagalpur for reasons which I have read to the Council in the Chairman's letter It seems to me that the proposal is in the interests of both classes, in the interests of the poor, because, with a differential system in force, they will not have to pay at the rate calculated with reference to the allowance for house connections I understand that the granting of house connections not only leads to a great waste of water—as everybody knows it does—but it also necessarily enhances the cost of maintaining the scheme of water supply And as it may be said with reference to a municipality starting a scheme of water supply that a rate of 3 per cent on the value of holdings will not enable you to give house connections, though a rate of 5 per cent would, I may fairly ask why should poor people pay a higher rate for water by reason of the necessity to allow richer people house connections? Poor people cannot afford the cost of house connections, therefore, to be equitable in a case of this kind, instead of imposing a rate of 5 per cent all round, you may fairly provide for a rate of 3 per cent on people who have not house connections, and 6 per cent on richer people who have house connections, for, in that case, as the Chairman of the Bhagalpur Municipality has pointed out, they will be able to dispense with the employment of bhisties to carry the water from the municipal hydrants It is to the interest of the rich, not only because they will be able to dispense with bhisties, but the fact of levying the higher rate will make all the difference to the municipality being able to grant house connections In that way it will be distinctly to the interest of both classes, to the rich, because they will get what they want, and to the poor, because they will not be charged a rate which they cannot afford There is, however, one object which I admit neither this amendment nor any other will effect, namely, the great waste of water caused by house connections"

The Hon'ble BABU SURENDRANATH BANERJEE said —"I am sorry I cannot support the motion which has been made by the Hon'ble Mr Wallis It will be seen that the provision in the Bill is entirely permissive The Hon'ble Mover of the amendment has stated that the operation of the section will be attended with serious administrative inconvenience I think that argument is met by the terms of the section, which says that, 'with the sanction of the Local Government, the amount of water rate imposed under this section may vary with the distance of houses or lands from the nearest stand post, &c' Whether in any case there will be administrative inconvenience or not, the Municipal Commissioners will always be the best judges If they find serious

inconvenience, they will not make a recommendation to that effect, and even if they did, the Local Government would not accept the recommendation, therefore, as far as the Hon'ble Member's argument is based upon the question of administrative inconvenience, it is practically demolished by the permissive character of the section Then the Hon'ble Member stated that the Commissioners will not be able to obtain a correct statement of the income to be derived from the water-rate by reason of the varying rates to be imposed. I confess I am not able to follow the Hon'ble Member in this line of argument I presume the Commissioners would fix the varying rates according to distance, they would say that for houses and lands within a distance of 300 yards the rate would be so much, for houses within 600 yards so much, and 900 yards so much, and they can easily count the houses within those distances, and arrive at an approximately correct estimate of the proceeds of the rate. My hon'ble friend has further observed that in Calcutta we have no varying rate. In this view of the matter he is mistaken, we have it in the suburbs, which are now included within Calcutta. There is one water rate there, and a different rate in the town. For all these reasons I do not think the motion before the Council ought to be accepted I entirely sympathise with the remark of the Hon'ble Member in charge of the Bill that the effect of this section in the Bill will be to make the law more elastic, and that municipalities will be in a better position to introduce water supply schemes and with less pressure upon the poorer classes, and it is because the section will have this effect that I have no hesitation in saying that it ought to commend itself to the acceptance of the Council"

The Hon'ble Mr GRIMLEY said —"If I understand the matter correctly, the Hon'ble Mover of the amendment seemed to see some contradiction between the terms of the section in the Bill and the provisions of the existing Act The provisions of section 279 (1) say that the rate shall not exceed 7½ per cent in the case of people who reside in houses situate on streets in which water pipes have been laid, and that it shall not be more than 6 per cent in the case of people who live at a distance from such roads That is the substantive law But it does not say how the rate shall be regulated The amendment in this Bill lays down a reasonable rule for measuring the differential rates, and says that the measure shall be by distance What can be more reasonable? Where there are communication pipes, the rate is to vary directly with the distances of the houses from the main, the greater the distance the water has to be carried by the pipe, the greater the amount of payment In other cases, where there is no communication pipe, the rate is to vary inversely, so that people who live at a distance and have to carry their water a long way, will have to pay less than those who live close to a hydrant That, I think, is a very reasonable rule The section in the Bill merely provides this rule for measuring the differential rates, and therefore I can see nothing inconsistent in the Bill with the Act itself With this explanation, the Hon'ble Member will, I hope, be able to withdraw his motion"

The Hon'ble MAULVI MUHAMMAD YUSUF KHAN BAHADUR said —"The difficulty which the Hon'ble Mover of the amendment feels seems to be that under this new section the Municipal Commissioners will be able to levy water rate from persons who are beyond reach under the existing law I think all difficulty in this direction will vanish if the new section were to be read along with section 279, the new section must not be read alone by itself The Act lays down the maximum and minimum rates of 7½ and 6 per cent, with reference, respectively, to houses situated in streets which have been piped and which have not been piped, but the Act does not lay down how the rates are to be worked out with reference to the area and how they are to be distributed over the area The new section lays down such rules, and shows how the rates are to be worked out and distributed The new section has no independent action and operation its operation is subject to section 279, and is confined to the case which comes under section 279, so that where section 279 has no operation, the new section has none If my hon'ble friend apprehends that whereas under the existing law all who live in the street where the

pipes are laid pay the maximum rate, whether they have got the connection or not, the amendment provides that those who have no connection shall pay less, although living in the same street then I say that this apprehension also is not justified from a correct and careful reading of the new section"

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR said —"I welcome this section as a great improvement upon the provision in the existing law Although I did not succeed in introducing a scheme of water supply into the Hooghly Municipality, I have had some experience in connection with water supply schemes, and I say that the great obstacle is that the provisions of the Act are not sufficiently elastic to enable a distinction to be made between the rich and the poor in the amount of rates to be paid by them respectively Those who get the great advantage of house connections ought certainly to pay a higher rate, and poor men who live at a distance from streets in which water pipes have been laid should pay comparatively less And unless the provision introduced by the Select Committee is passed, I can assure the Council that it will not be possible to introduce water works into municipalities generally It is injudicious to impose one uniform rate on the rich and the poor we must make a distinction"

The Hon'ble MR WALLIS in reply said —"I regret to find myself in the position of having moved an amendment which has met with no support from any of the Hon'ble Members who have spoken My idea is that it having been once decided that it is necessary to introduce a scheme for the supply of pure water in a municipality, and the Local Government being of opinion that it should be done, the scheme which has been approved should be introduced, irrespective of the considerations which have been urged by the Hon'ble Member in charge of the Bill and other Hon'ble Members The section of the Act, as it stands, provides for two rates of charge, and the proviso which already exists is sufficient to enable the Municipal Commissioners, with the permission of the Local Government, to impose any rates which they may think fit with those residing at a distance from the source of supply The argument on which I base my motion is that only two maxima rates should exist for those residing within the limits of the town, namely, 7½ per cent in the case of houses and lands in streets in which water has been laid on, and 6 per cent in the case of houses and lands not so situated, and that the fact of a person not choosing to have communication pipes introduced into his house should not entitle him to pay a lower rate than those whose houses have been so connected However, as I find that my motion has not met with the approval of the Council, I ask leave to withdraw it"

The Motion was, by leave of the Council, withdrawn

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR moved that after section 10 of the Bill, the following be inserted —

"10A After clause (*b*) of the first proviso to section 279, the following shall be inserted, namely —

'(*c*) any garden without dwelling houses or any holding consisting only of tanks'"

He said —"To speak of gardens without dwelling houses may be looked upon by some as a contradiction in terms, but I have so worded the amendment in contradistinction to gardens which have houses within them In the General Clauses Act [V (B C) of 1867] 'land' has been defined to include houses and buildings and hereditaments and tenements of any tenure unless there be words to exclude houses and buildings or to restrict the meaning to tenements of some particular tenure So it is quite clear that tanks and gardens will come under the definition of 'land' Now in section 279 of the Municipal Act, an exemption (*b*) has been made in favour of any land used exclusively for purposes of agriculture, and my amendment is for the exclusion of tanks and gardens which are exclusively used for purposes of horticulture I submit that only such land ought to be charged with the water rate which derive some benefit from the water supply and the question for consideration

is whether tanks and gardens can be in any way so benefited An exemption has been made in the matter of latrines, the section imposing the latrine tax being confined to buildings or dwelling houses only where services are performed by the municipality Therefore, this principle of exemption has been recognised by law, that is to say, that when a particular property is not benefited by the service for which any particular rate is levied, that rate is not to be imposed upon that particular property I ask whether tanks and gardens can be said to be benefited by the introduction of a water-supply scheme within a municipality If you can levy a water rate on tanks and gardens, you can as well levy latrine fees upon them Again, vacant holdings are exempt from taxation I submit, therefore, that taking the principle of rating to be that the property upon which a particular rate is to be imposed is to be benefited, tanks and gardens cannot properly be called upon to pay a water rate And in the fitness of things, there is no reason why agricultural holdings should be excluded and horticultural holdings and tanks should be subjected to the water rate I therefore submit that the amendment which I now move should be accepted"

The Hon'ble THE PRESIDENT said —"Gardens may be benefited by a water supply, as they may be used for garden parties and the like, but I agree with the Hon'ble Mover of the amendment that holdings consisting of tanks only should not be called upon to pay a water rate"

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR said —"I accept the suggestion made by the Hon'ble the President, and agree to confine my amendment to the exclusion of holdings consisting only of tanks"

The Hon'ble MR RISLEY said —"This is an amendment distinctly in favour of the richer classes and adverse to the interests of the poorer classes It has in every case been difficult to get water works introduced into municipalities, as they put a very severe strain upon their resources, and I think it is not fair to introduce behind the backs of municipalities any change in the law which will reduce their income without consulting them I know on what narrow margins municipalities are working, as the municipal rates barely cover the expenses It seems to me, in particular in regard to gardens, that water rates should be imposed upon gardens, as the owners of gardens certainly derive a personal benefit from water works I have no special objection if the amendment is confined to tanks"

The Motion was then put and carried in the following amended form —

That after section 10 of the Bill, the following be inserted —

"10A After clause (*b*) of the first proviso to section 279, the following shall be inserted, namely —

'or

(*c*) any holding consisting only of tanks'"

The Hon'ble MR A M BOSE moved that before section 11 of the Bill, the following be inserted —

"10B In section 321, after the words 'dwelling houses,' the words 'or privies' shall be inserted"

He said —"Section 321 provides for the levy of fees for cleansing latrines in holdings consisting of dwelling houses The history of this section is curious In the Act as it originally stood, a latrine tax could be imposed on *all* holdings, then at the last revision of the Act, the imposition of the tax was restricted to holdings containing dwelling houses This in some measure represented the swing of the pendulum to the opposite extreme My amendment is to add the words 'or privies,' that is to say, to make all holdings containing dwelling houses or privies subject to the tax To give a concrete example There is within a neighbouring municipality a large piece of open ground enclosed within masonry walls and containing no dwelling houses, the land being used twice a week regularly for the purpose of holding a large cattle market On those days from 8 or 9 o'clock in the morning until evening, there are hundreds of people within that land There is a privy on that land, but the land cannot

be taxed because it does not contain any dwelling-house, though the necessity for proper latrine arrangements is manifest on the face of it Take the case of a holding which contains only privies used by people living in the neighbourhood, the necessity for latrine service and for taxing the land may be far greater than in the case of a latrine in a dwelling house, yet it cannot be touched under the present law I think, therefore, that the omission which my amendment is intended to supply must have been due to oversight This will be made still more clear by a reference to section 332, which shows that the Legislature intended that there should be latrines constructed not only where there are dwelling houses but on lands as well, therefore the Act itself recognises the fact that not only holdings containing houses but lands also require latrine services This is an amendment which will add to the income of municipalities, and very properly so where services are required"

The Motion was put and agreed to

The Hon'ble RAI ESHAN CHUNDRA MITTRA BAHADUR, by leave of the Council, withdrew the Motion of which he had given notice that after section 13 of the Bill the following be inserted —

"14. In the fifth Schedule to the said Bengal Municipal Act 1884, the following shall be inserted after the words and figures —

	Rs
'For every camel	2'

namely —

'For every dog	1'"

The Hon'ble MR RISLEY moved that after sub section (3) of section 8 of the Bill, the following be inserted —

"(4) The words 'or Cantonment' in sections 141A and 147A are hereby repealed"

The Motion was put and agreed to

The Hon'ble MR RISLEY also moved that section 5A of the Bill be numbered 6, and that all necessary changes be made in the numbering of the remaining sections, and in the reference thereto in section 2 of the Bill

The Motion was put and agreed to

The Hon'ble MR RISLEY also moved that in clause (s) of the new section 69B, which it is proposed to insert in the Act, "(ss)" be substituted for "(x)"

The Motion was put and agreed to

The Hon'ble MR RISLEY also moved that in sub section (2) of section 10 of the Bill, the words "in the first place in which that word occurs" be inserted after the word "amount"

The Motion was put and agreed to

The Hon'ble MR RISLEY also moved that the Bill, as settled in Council, be passed

The Hon'ble MR A M BOSE said —"I am extremely sorry to have to oppose this motion The reason for my opposing it is this that as a matter of general convenience, it is desirable that when there have been amendments made in a Bill in its passage through the Council, the Bill, with the amendments, should be printed and circulated, so that in case there are verbal alterations to be made, numberings to be corrected or any obvious imperfection, oversight, or inconsistency to be remedied, this may be done, and Hon'ble Members may have an opportunity of finally considering the language and mutual bearing of the various sections of the Bill I submit that as a matter of principle this is a desirable procedure to follow We have been reminded this

very session of examples in the past of inconvenience caused by this procedure not having been adopted. But apart from that, in this particular case there are strong and special reasons why the Bill should not be passed at this sitting of the Council Several of the amendments have been further amended and settled at the table, and in the case of some of them we have not been able to follow the wording as thus settled Even this very day we have had some amendments, and especially the amendment passed at the instance of the Hon'ble Mr Risley in the place of that moved by the Hon'ble Rai Eshan Chundra Mittra Bahadur in section 8 of the Bill, the language of which it was not possible to follow, and other amendments were moved and passed without any notice, the language of which had not been before the Members at all Then, again, there have been two amendments made in section 147A, one of which was passed at the last meeting of the Council on my motion, and another to day on the motion of the Hon'ble Member in charge of the Bill, and it would have to be seen how these amendments are placed, because if my amendment is placed second, it will be necessary to make an alteration in the language Then, again, there is a matter specially reserved for consideration from the last meeting which would also require consideration"

The Hon'ble THE PRESIDENT said —"The Assistant Secretary has gone through all the amendments carefully, and the amendments which have been moved by the Hon'ble Mr Risley to day are the outcome of the careful examination of the Bill which Mr Wigley has made There seems, therefore, to be no necessity for postponing the passing of the Bill"

The Hon'ble MR A M BOSE said —"I think that as a matter of principle the Members of this Council ought to have an opportunity of seeing the Bill after all the amendments have been included in it The responsibility for the Bill is after all on them Under Rule 44 of the Rules for the Conduct of Business, this is a matter which is not to be put to the Council, but when any Member objects to the motion which has just been made by the Hon'ble Member, the passing of the Bill stands over unless the President thinks the objection ought not to prevail"

The Hon'ble THE PRESIDENT said —"I cannot say that your objection is wrong as a matter of principle, but considering the season of the year, and that we all have our own avocations to pursue, I do not think I can adjourn the motion for the passing of the Bill"

The Motion was then put and agreed to

The Council adjourned *sine die*

F G WIGLEY,

CALCUTTA, *The 14th September, 1896*

Offg Assistant Secretary to the Govt of Bengal, Legislative Department

RESOLUTION ON THE REPORT OF THE ADMINISTRATION OF THE STAMP DEPARTMENT DURING THE THREE YEARS ENDING THE 31st MARCH 1896

FINANCIAL DEPARTMENT—SEPARATE REVENUE

Darjeeling the 10th September 1896

RESOLUTION—No 233T—F

READ—

The Report of the Board of Revenue on the Administration of the Stamp Department during the three years ending the 31st March 1896

During the triennial period with which the report deals, the Acts under which the stamp revenue was collected were the Indian Stamp Act I of 1879 and the Court Fees Act VII of 1870, as modified by subsequent enactments The former Act was amended, in respect of policies of sea and fire insurance and sale certificates, by the enactment of Act VI of 1894 The opinion of the Local Government was also furnished to the Government of India on various points connected with the general revision and consolidation of the Indian Stamp Act, and the whole question is now engaging the attention of the Supreme Government

Stamp revenue

2 The financial results of the administration of the Stamp Department during the past three years, with the average for the previous triennium, are shown in the following table —

Year	Stamps under Act I of 1879			Court fees under Act VII of 1870			Total		
	Receipts	Refunds and drawbacks	Net	Receipts	Refunds and drawbacks	Net revenue	Receipts	Charges	Net charges
	2	3	4	5	6	7	8	9	10
Average of three years 1890-91 to 1892-93	Rs 42 04 928	Rs 1 62 788	Rs 40 42 144	Rs 1 07 79 053	Rs 2 65 701	Rs 1 05 13 452	Rs 1 49 83 981	Rs 4 28 578	Rs 1 45 55 396
1893-94	43 77 594	1 81 731	41 95 863	1 15 94 751	2 7 043	1 12 19 908	1 59 72 345	4 03 6 4	1 55 17 471
1894-95	5 13 6 0	1 86 7	43 40 904	1 21 07 6 7	2 47 877	1 18 7 790	1 67 01 147	4 74 4 3	1 6 26 694
1895-96	4 181	1 9 181	44, 7	1 1 9 J26	2 92 6 2	1 18 97 74	1 67 7 312	4 72 813	1 61 24 499
Average of three years 1893-94 to 1895-96	45 9 51	1 8 8.1	43 76 306	1 11 52 018	2 46 520	1 10 65 038	1 64,91 535	4 69 513	1 60 22 222

The gross average annual revenue collected under both the Indian Stamp Act and the Court Fees Act during the three years under review was Rs 1,64,91,535, against Rs 1 49,83,961 in the previous corresponding period, showing an increase of Rs 15,07,574 Both judicial and non judicial stamps contributed to the increase

Stamp sales

3 The receipts from sales of the different descriptions of stamps are shown in the table below The figures differ from those given in the last paragraph, as they do not include miscellaneous receipts under the Indian Stamp Act, or receipts from the sale of plain paper used with court fee stamps There is also a discrepancy of Rs 41,803 between the total average sales as reported by the Superintendent of Stamps and as shown by the Accountant General, which is under adjustment —

Year	Sales of non Judicial stamps used under the Indian Stamp Act										Sales of Judicial stamps or stamps used under the Court Fees Act			
	Impressed heets inclusi certificate stamps, vali bonds, b ll of lading, and hobdigast form stamps	Impressed labels.	Receipt one-anna re ene t mps	Share-transfer stamps.	Foreign b ll tamps.	Hundi or b lls of exchange stamps	Notarial stamps	Ad ocat t rney t mps	Impressed p n stamps for draf ngs bills &c	T t l of non judicial stamps.	Adhesive and impressed court fee stamps.	Stamps for copies	Total of court-fees stamps.	
1	2	3	4	5	6	7	8	9	10	11	1	13	14	
Average of th ee y ars 1890 91 to 1892 93	R 8 67 901	Rs 6 40 471	Rs 88 30	Rs 31 574	R 40 185	Rs 1 78 8 3	R 2 815	Rs 13 783	R 57 342	R 31 09 264	R 1 00 32 058	R 8 52 080	Rs 1 08 05 144	1 46
1893 94	71 72 420	6 54 077	3 85 035	34 786	42 494	1 94 099	2 209	12 3 0	78 011	44 91 8 9	1 08 76		6 14 135	1 52
1894 95	81 09 411	6 11 98	4 41 55	48 00	37 734	1 06,44 1	2 918	5	65 179	44 91 4	1 1 1 11		17 185	1 03
1895 96	81 10 188	7 84 414	5 46 12	60 3	32 071	1 27 1820	2 918	1 7	31 3	45 43 33	1 1 8 146		6 1 1840	1 64,
Average of three y ars 1893 94 to 1895 96	71 60 988	6 97 097	5 43 881	41 073	30 51	1 10 7 0	2 408	1 0 0 3	64 80	44 98 018	1 0 7 .09		8 99 720	1 61

All classes of stamps with the exception of "Foreign Bill" and "Notarial" stamps contributed to the increased sales of the last three years The average receipts were again highest in Calcutta (Rs 2 ,04,7 31), where nearly one seventh of the entire stamp revenue was collected and lowest in Singhbhum (Rs 17,629) Mymensingh contributed more than 9¼ lakhs, Dacca over 7½ lakhs, the 24 Parganas nearly 7 lakhs, Backergunge over 6½ lakhs, Tippera nearly 6 lakhs, Midnapore over 5½ lakhs, and Chittagong, Muzaffarpur, Faridpur, Jessore, and Hooghly over 4 lakhs each The same districts also showed large receipts in the previous three years The general incidence of stamp revenue was 3 annas and 6 pies per head of the population The revenue from the sale of stamps of all classes has increased from Rs 87,88,026 in 1874 75 to Rs 1,27,76,907 in 1884 8 and to Rs 1,64,36,188 in 1895 96

Non judicial stamps

4 The growth of revenue was most marked under "impressed sheets," the average receipts from which came to Rs 31,60,862 for the three years, being an increase of Rs 2,92,957, distributed over 40 districts The largest increases were at Mymensingh (Rs 47,149), Tippera (Rs 20,315), Dacca (Rs 17,900), Muzaffarpur (Rs 14,589), and Rangpur (Rs 11,732) No more definite cause can be assigned than the general expansion of trade, the increased value of land, and the desire of people, when doing business, to have their transactions recorded in documents which can be used for litigation Impressed labels, which are in use only in Calcutta, show an increase of Rs 6,106, or 8 per cent, the improvement being attributed to the issue of debenture bonds on loans taken by several joint stock companies and zamindars, as well as to the transfer of several tea estates for large sums of money The sale of one anna revenue stamps, commonly known as receipt stamps, shows an improvement of nearly Rs 56,000, an increase of Rs 36,272 being contributed by Calcutta alone The latter increase is ascribed by the Collector to "the action taken by his office on unstamped receipts and brokers' notes, and partly to large transactions in jute" Generally speaking, the increased revenue from this source is due to the provisions of the law being better known, and to the working of the arrangement by which the public can buy receipt stamps at post offices The causes that affected the sales of the other classes of non judicial stamps, which are of minor importance, do not call for special notice

Judicial stamps

5 The average income of the past three years from the sales of judicial stamps was Rs 1,06 86,090 under court fee stamps, Rs 6,000 under High Court service stamps, Rs 3,80,909 under Calcutta Small Cause Court stamps, and Rs 3,99,760 under stamps for copies, making a total of Rs 1,16,72 759, or an increase of Rs 11,07,41 , or 2 2 8 per cent over the income from the same sources in the preceding triennium The largest increases were in Calcutta (Rs 1,67,44 3), Mymensingh (Rs 1,18,556), Tippera (Rs 91,268), Noakhali (Rs 50,866), Dacca (Rs 50,7 3), Muzaffarpur (Rs 44,86), Backergunge (Rs 39,026), Bhagalpur (Rs 37,093), Midnapore (Rs 36,737), Chittagong (Rs 32,38), and the Sonthal Parganas (Rs 30,191), the chief decreases being in Patna (Rs 14,611) and Shahabad Rs 9,522) The fluctuations in the sales of

court fee stamps depend on the increase or decrease in the number and value of the suits Taking each denomination of court fee stamps sold during the period under review, there was an increase of over 4½ lakhs in the sale of eight anna stamps, nearly 4¼ lakhs in that of one anna stamps, nearly 3 lakhs in that of one rupee stamps, and over 1¾ lakhs in that of four anna stamps, while, on the other hand, there was a decrease of nearly 1¼ lakhs in that of two anna stamps, and Rs 12,289 in that of twelve anna stamps

Levy of penalties

6 The number of cases in which deficient stamp duty and penalty were levied by Civil and Revenue Courts, and the amount realized during the period under review, are shown in the following table —

Year	Number of cases		Amount of duty and penalty realized		Total	
	Civil Courts	Revenue Officers	By Civil Courts	By Revenue Officers	Cases	Amount
1	2	3	4	5	6	7
			Rs	Rs		Rs
Average of three years 1890 91 to 1892 93	1 335	2,241	11 380	25 2 8	3 576	36 678
1893 94	1 419	2 872	11 871	25 608	4 291	37 479
1894 95	1 518	2 999	12 111	27 754	4 517	39 865

Average of three years 1893 94 to 1895 96	1 427	2 875	11 360	26 878	4 302	38 238
Average increase in the three years under review compared with the preceding three years	92	634		1 680	726	1 560
Average decrease in the three years under review compared with the preceding three years			20			

Prosecutions

7 The average number of prosecutions instituted for various breaches of the stamp law was 1,005, against 616 in the previous triennium The average number of persons brought to trial was 1,238 against 740, of convictions 1,009 against 584, and of acquittals 160 against 125 The average amount of fines imposed by Magistrates was Rs 7,524 against Rs 5,440, and of rewards paid Rs 2,197 against Rs 1,339 The Board bring to notice the fact that no rewards were given in the districts of Howrah, 24 Parganas, Jessore, Khulna, Jalpaiguri, Darjeeling, Patna, Shahabad, Champaran, Muzaffarpur, Bhagalpur, Purnea, and in six districts of the Orissa and Chota Nagpur Divisions This points to laxity of administration in the districts named, for the judicious use of rewards is almost the only means of detecting evasions of the law

8 Several cases of fraud and defalcation were detected, the most serious of which occurred in the Bankura Treasury, where one rupee court fee labels of the aggregate value of Rs 13,140 were fraudulently abstracted from a consignment received from the Superintendent of Stamps The thief could not be traced, but the Treasury Officer and Treasurer, who had failed to observe the rules and had neglected all ordinary precautions, were made jointly responsible for the loss In Calcutta a waste paper dealer was convicted for cleaning and reselling at a reduced rate one anna receipt stamps abstracted from old documents

9 The Lieutenant Governor's acknowledgments are due to the Board for their careful administration of the Stamp Department The Board mention Messrs Barnes and Beames, the Superintendent and Officiating Superintendent of Stamps, Rai Durgagati Banerjee Bahadur, Collector of Stamp Revenue, Calcutta, and Mr Girard, his assistant, as specially deserving of credit

By order of the Lieutenant Governor of Bengal,

H H RISLEY,

Secretary to the Govt of Bengal

DARJEELING,
The 10th September 1896

RESOLUTION ON THE REPORT ON THE ADMINISTRATION OF THE CUSTOMS DEPARTMENT FOR THE YEAR 1895 96

FINANCIAL DEPARTMENT—SEPARATE REVENUE

RESOLUTION—No 247T —F

Darjeeling, the 11th September 1896

READ—

The Report on the Administration of the Customs Department for the year 1895 96

During the first 10 months of the year under review, duties were col lected under Act XVI of 1894, which modified the tariff values fixed by the Tariff Act, VIII of 1894, and imposed a duty of 5 per cent on cotton goods From the 3rd February 1896, duties have been collected under Act III of 1896, which amended the previous Tariff Act of 1894, by abolishing the import duty on cotton twist and yarn including sewing thread, and by reducing the rate of duty on cotton piece goods from 5 to 3½ per cent The working of the Cotton Duties Act in Bengal has been described in detail, in a separate Report submitted by the Collector of Customs, Calcutta

2 *Customs Duty* —The following statement compares the gross and net customs duty, inclusive of the duty on imported salt, collected during the past five years and in the years before and after the remission of the import duties in March 1882 —

	1880-81	1881 82	1882-83	1891 92	189 95	1893 94	1894-95	1895 96
1	2	3	4	5	6	7	8	9
	Rs.	Rs	Rs	Rs	Rs	Rs	Rs	Rs
Import duty (excluding duty on salt)	72 72 428	61 72 901	14 87 018	29 08 900	31 09 095	35 91 890	37 40 195	1 48 17 050
Ditto on salt	2 27 44 188	2 37 15 928	1 74 79 618	2 19 34 018	2 40 16 631	2 36 65,961	2 44,40 990	2,46 81 879
Export duty	17 99 754	20 40 690	21 28 402	22 43 551	18 07 330	17 54,991	20 36 109	20 96 611
Total gross duty	3 18 16 170	3 19 35 518	2 10 88 123	2 89 86 469	2 89 33 056	2 90 13 782	3 02,33 101	4 16 75 440
Refunds and drawbacks—								
Imports	3 37 095	3 04 426	3 20 626	3 32 716	2,63 270	2 96 571	3 13 540	3 38 704
Exports	71,979	1 05 549	1 16,840	1 03 859	72 886	57 415	53 648	60 321
Total	4 09 075	4 09 975	4,37 476	4,36 580	3 36 156	3 53,986	3 66 188	4 24 025
Total net duty	3 14 07 095	3 15 25 543	96,50 647	2 85 50 883	2 85 53 900	2 86 57 796	2 98 56 913	4 12 51 315

The total net duty collected during the past year rose from Rs 3,48,56,819 in the previous year to Rs 4,12,51,315, an increase of 18 per cent, to which import and export duties alike contributed The increase of Rs 63,45,313 under imports is mainly due to larger receipts from cotton piece goods and twist and yarn, which increased by Rs 61,40,306, the remainder Rs 2,05,007, being accounted for by the rise in receipts from salt duty The export duty increased by Rs 49,223, owing to larger shipments of rice to foreign Ports The charges of the year under review, inclusive of refunds and drawbacks, amounted to Rs 12,81,266 against Rs 10,82,456 in the previous year The increase occurred mostly at Calcutta, and is due partly to the payment during the year 1895 96 of certain establishment charges relating to the previous year, and partly to the cost of the additional establishment sanctioned for the Calcutta Customs House The total net revenue of the year, including receipts other than duty, was Rs 4,07,44,170 against Rs 3,44,21,806 in the previous year, and thus showed an improvement of Rs 63,22,364, or 18 per cent

3 The following table shows the collections of import and export duty at the different Ports in the past two years —

Import duty

Total	52 91,22 [illegible]	54,39,55 [illegible]	[illegible],61,[illegible]	1 38,17 [illegible]	46 91 [illegible]	42,13,844	55,10 79 [illegible]	56,05,88,[illegible]	32,48 [illegible]	
Total trade of the Province	86 06,46,[illegible]	87 [illegible],46,[illegible]	2,04,08,[illegible]	2,75 15 [illegible]	1 96 [illegible]	2 15,46,[illegible]	91,26,15,[illegible]	92,69,04,[illegible]	1,53,87 [illegible]	

There was an increase of Rs 54,51,503 in the total value of the foreign import trade in merchandise, but the advance took place in dutiable goods only, there being a decrease of Rs 11,00,96,369 in free goods owing to the operation of the tariff of 27th December 1894 The imports of treasure, which have been declining since 1890 91, rose by 25 per cent owing to larger imports of gold from the United Kingdom and Hongkong The improvement of Rs 18,97,976, or 13 per cent in Government transactions is due to larger importation of railway materials by the East Indian Railway The increase of Rs 59,54,084, or 1 3 per cent, in the total value of the foreign export trade in Indian produce, is ascribed to larger shipments of raw cotton to Germany, Italy, China, Belgium, and the United Kingdom, of indigo and wheat to the United Kingdom, of saltpetre to the United States, and of tea to Australia In the coasting trade, the increase in imports is accounted for by larger receipts in Calcutta of rapeseed, flour, cotton twist, and grey piece goods of Indian manufacture, English grey and white cotton piece goods, metals and cloves from Bombay, and of raw cotton, rice and paddy from the Bengal outports, while the improvement in exports is due to larger shipments of coal and tea to Bombay, of rice, pulse, gram, jute manufactures and raw silk to Madras, of coal and jute manufactures to Burma, and of cotton yarn, jute manufactures and betelnuts to Bengal outports Including Government transactions, the total value of the trade of the Province stood at Rs 92,92,04,859 against Rs 91,38,16,945 in the previous year, showing an increase of Rs 1,53,87,914, or 1 6 per cent

5 *Trade of Calcutta with Foreign Countries*—More than half of the foreign trade of Calcutta is carried on with the United Kingdom, but during the past year the proportion again fell from 57 44 to 56 24 Under imports, the value of cotton goods fell from 15 to a little over 13 crores, while the exports of treasure were less by nearly 38 lakhs than the abnormal figures of 1894 95 The United States comes second, with a percentage of 7 14 of the entire trade, against 7 05 in the previous year, the increase in imports being due to larger receipts of kerosine oil and tobacco The exports, on the other hand, show a decrease of Rs 5,14,391, the result of restricted trade in raw jute, indigo, and oilseeds Germany still holds the third place, but her share in the trade stood at 6 35 against 6 43 in 1894 95, owing to a falling off in the exports of raw jute, rice and oilseeds In consequence, however, of the very large imports of beet sugar, the import trade advanced China comes fourth, with a percentage of 5 69 against 5 61 in the previous year The trade with Hongkong increased during the past year, an improvement occurring under exports on account of the higher price of opium, of which 20,200 chests were exported during 1895 96 against 20,049 chests in the previous year The trade with the Treaty Ports of China consists almost wholly of opium, the exports of which declined by more than twice the amount of the increased exports to Hongkong The Collector remarks that the import duty of 5 per cent, coupled with the closing of the Indian Mints, appears to have extinguished the imports of silver from China, which, for some years past, had been gradually declining The Straits Settlements, Ceylon, France, and Australia maintained the positions they occupied in the preceding year The trade with the Straits Settlements shows a decrease in imports, due to a smaller trade in spices and stick lac, while reduced shipments of opium and oil cake account for the decline in exports The trade with Ceylon improved during the year, owing to larger imports of merchandise and treasure, and to heavier shipments of rice France shows a net decrease of 1⅞ lakhs in the value of her trade with Calcutta, while the Australian trade improved in imports, under treasure, horses, and raw wool, but fell off in exports mainly under jute manufactures, of which the value declined from 90 to 70 lakhs The value of the trade of Austria Hungary with Calcutta rose but little, as compared with the previous year Italy, on the other hand, shows an increase of more than five and a half lakhs, and the export of raw cotton is stated to have risen from 56,460 cwts to 117,452 cwts, representing an increased value of more than 14 lakhs The trade with Belgium increased by more than 29 lakhs, or nearly 38 per cent, steel, copper and matches being the chief imports, while under exports, raw cotton and jute manufactures showed an appreciable increase.

The Mauritius trade decreased both under imports and exports the decline under the former is attributed to the reduced dealings in sugar, and in the latter to the smaller shipments of rice during the year

6 *Shipping in Calcutta* —The proportion of the foreign trade of Calcutta carried through the Suez Canal stood at 74 per cent against 72 per cent in the previous year The table below compares the total shipping entering inwards and clearing outwards without touching at any other ports and the aggregate tonnage in the past two years —

	1894 95		1895 96	
	Number	Tonnage	Number	Tonnage
1	2	3	4	5
Steam vessels	678	1,424,574	642	1,407,604
Sailing ,,	321	533 788	229	373,194
Native crafts	26	3,855	24	4,789
Total	1,025	1 962,217	895	1,785,587

There was thus a falling off of 36 steam vessels, 92 sailing vessels, and 2 native craft representing a decline in tonnage of 176,630 tons The trade with the United Kingdom, France, Germany, and the United States shows a total decrease of 74, 6, 18, and 15 vessels respectively due to the falling off in the trade of Calcutta with those countries

7 *Imports into Calcutta* —The total values of the principal articles of merchandise imported into the port during the last two years were —

	1894 95	1895 96
	Rs	Rs
Cotton goods	14,47,35,956	12,63,00,058
Twist and yarn	74 54,630	86 28,857
Metals	2,08,58,890	2,74,10,489
Mineral oil	1 00,01,981	1,84,09,500
Machinery (excluding railway plant)	95,18,775	1,41 97,238
Woollen goods	72,35,464	56,38 567
Sugar	54,50 009	59,99 872
Liquor	49 23,576	53,65,028
Salt	67,94,392	47,54,262
Hardware and cutlery	39,59,082	45,50,712

Twist and yarn show an increase, while cotton goods declined by Rs 1,84,35,898 Metals advanced by 31 4 per cent, owing to larger importations of unwrought copper, wrought copper, iron, lead, steel and zinc The improvement of 70 per cent in mineral oils is due to larger shipments from the United States and Russia, especially the latter For the first time in the history of the trade, the receipts of Russian oil have been larger than those of American, which is ascribed, partly to the cheapness of the former kind, and partly to the energy and enterprise of those who carry on the Russian trade Machinery and mill work showed an increase of 49 per cent, owing, it is stated, to a larger importation of machinery for jute, flour and paper mills, and of electric plant Woollen goods show a decrease of 22 per cent, the heaviest fall being under piece goods The advance of 11½ per cent in the trade in sugar is attributed to larger shipments from Germany, Hongkong and the Straits Settlements, while the imports from Mauritius and Java were smaller The importation of ale, beer and porter increased by 2 per cent, of spirits by 5 per cent, and of wines and liqueurs by 19 per cent Both brandy and gin decreased, but whisky increased by 1 4 per cent The Collector remarks that the importation of cheap German spirit for the manufacture of spurious brandy and whisky continues to increase This spirit is cheap and very strong, and the trade in it is believed to be profitable An improvement of 19 per cent occurred under wines and liqueurs, the advance being

most marked under champagne and claret, which increased by 31 and 29 per cent, respectively The decline of 24 per cent in the trade in salt is attributed to a large quantity having been left in stock at the close of the preceding year The imports of hardware and cutlery from the United Kingdom, Germany and Austria Hungary increased, while the imports from Belgium declined The trade in these articles with the United Kingdom is said to have been promoted by the rise in exchange, by credit on a larger scale having been given by agents to importers, and by the fact that competition has reduced commission, freight, and other charges The increase in the trade with Germany is said to be due to the energy with which it is pushed, and to the action of commercial travellers, who come out regularly and call upon the principal native dealers in the large towns Among other items, it may be observed that improvements occurred in agricultural implements (20 per cent), apparel (3 per cent), and matches (13½ per cent), while the trade in umbrellas and spices declined On the whole, the total value of the imports, including treasure, but excluding Government transactions, rose from Rs 27,44,43,275 to Rs 28,18,46,990, showing an increase of Rs 74,03,715, or 2 7 per cent The increase occurred both under merchandise (Rs 46,42,117, or 1 8 per cent) and treasure (Rs 27,61,598, or, 9 per cent)

8 *Exports from Calcutta* —The total value of exports from Calcutta to foreign countries, including treasure, but excluding Government transactions, declined from Rs 45,80,59,114 to Rs 45,69,38,422, showing a falling off of Rs 11,20,692 The values of the trade in the principal exports in 1894 95 and 1895 96 are given below —

	1894-95 Rs	1895-96 Rs
Jute, raw	9,89 89 311	9 27,61,410
Jute gunny bags	3,13 00,321	3 46 68,939
Opium	5,29,68,740	5,04,63,985
Tea	7 11,57 590	7,15,63,397
Oilseeds	3,50,31,068	2,32,33,966
Rice	3 67,87,929	3 34,83,049
Indigo	3,47 75 823	3,72,38,471
Hides and skins	2,72,63 795	3,12 75 285
Wheat	8 51 526	37,14,489
Raw cotton	43,15,840	97,03,885
Lac	1,39,57 703	1,83,02,320
Silk, raw	48,24,330	61,67,336

The exports of raw jute declined by 7 0 per cent, owing to smaller supplies having been taken by Germany and the United States, as the shipments to those countries in the preceding year had been excessive The increase of 17 per cent in jute gunny bags is attributed to increased exportation to Egypt, the United States, Hongkong, the Straits Settlements and other countries, against decreased shipments to the United Kingdom and Australia The fall of 9 per cent in the value of opium exports is due to the smaller number of chests offered for sale In tea there was an advance of 6 1 per cent in the exports, the most noticeable increase being in the case of the United States, the exports to which rose by no less than 155 1 per cent There was also an increase in the direct shipments to Canada, and in the exports to Persia through Bombay and Turkey in Asia The actual outturn of the season's crop was about five million pounds below the original estimate, and the average price per pound in Calcutta fell from 9 annas 3 pies in 1894 95 to 8 annas 9 pies The exports of linseed, and rapeseed declined owing to short crops, while that of poppy seed increased The United Kingdom, Germany, the East Coast of Africa, Mauritius, Natal, Réunion, South America, and Arabia all took smaller supplies of rice, and although larger quantities were exported to Ceylon, Cape Colony, and the West Indies, this accounts for the decline of the article by 1 8 per cent in comparison with 1894 95 Indigo shows an advance of 4 5 per cent and the exports are the highest for many years past This was due to increased shipments to the United Kingdom, Austria Hungary, France and Russia, while the exports to the United States declined considerably The exports of raw hides fell by 68 per cent, but the value of the trade stood at a larger figure, as the prices were higher Large speculative purchases

were made for America, and there was a considerable increase in the exports of dressed hides to the United Kingdom The remarkable increase of 320 7 per cent in the export of wheat, arose from the advance in the trade with the United Kingdom, where the crop was even shorter than in the preceding year Small shipments of wheat, were also made to Belgium, France, and Germany The advance of 124 per cent in the export of raw cotton is ascribed to the increased out turn of the crop in India, and to the fact that the American production fell short, and the price of raw materials rose Germany, as usual, was the largest consumer, but the exports to the United Kingdom rose by 97 per cent, and larger quantities were also taken by Austria Hungary, Belgium, and Italy The exports of lac show an advance of 23 8 per cent, due to higher prices and larger production There was an improvement of 33 per cent in the exports of raw silk The Collector of Customs writes —

"The consumption of silk depends very much on the freaks of fashion in Europe For some years, silk goods have not been specially in favour but last year there was a change, and a demand sprang up, resulting in increased requirements of the raw article Bengal silk participated in this demand in the London market

9 *Treasure* —Both gold and silver show an increase under imports, and a decrease under exports The imports improved by Rs 21,66,318 and Rs 5,95,280, while the exports declined by 37¾ and 26¾ lakhs respectively Gold was principally obtained from the United Kingdom, China and Victoria, while the imports of silver came mostly from the United Kingdom

10 *Subordinate Ports* —The total value of the foreign trade of the Port of Chittagong rose from 107 to 110 lakhs in the past year, an advance of nearly 3 per cent This took place in imports only, and was caused by a more extensive importation of cutlery and salt from the United Kingdom, and of kerosine oil from Batoum and the United States There was a fall of Rs 1,72,825 in the value of exports, which is attributed to a short crop of rice in Chittagong, Noakhali, and the neighbouring districts There were no imports or exports of treasure The coasting trade generally decreased, but the amount of customs duty collected at the Port rose from Rs 6,86,331 in 1894 95 to Rs 7,00,824 At the Orissa Ports the total value of the trade, both foreign and coasting, as compared with 1894 95, rose at Balasore from Rs 94,73,701 to Rs 1,16,44,198, at Cuttack from Rs 21,52,418 to Rs 33,08,365, and at Puri from Rs 3,73,238 to Rs 7,03,656 The value of the foreign trade advanced both in imports and exports at Cuttack and Balasore, while Puri showed an improvement in exports only Rice was exported in larger quantities from all the Orissa Ports to Mauritius, and from Cuttack and Puri alone to Ceylon The net amount of customs duty, inclusive of the duty on imported salt, collected at the Orissa Ports, amounted to Rs 4,88,479 against Rs 1,69,015 in the previous year The trade at Narayanganj, which is carried on with Coast Ports only, rose in total value from Rs 67,14,087 to Rs 69,46,931, the amount of duty collected on salt alone standing at Rs 1,41,962 against Rs 72,022 in 1894 95 Besides salt, kerosine oil was the only other dutiable article imported here, but the supplies of both of these increased, owing, it is said, to the low prices they fetched at Chittagong The exports were of rice only and diminished during the year

11 The Lieutenant Governor's thanks are again due to the Board of Revenue for their supervision of the Customs Department during the year, and to Mr Baker for the clear and interesting Report submitted by him The names of the Officers who are favourably noticed by the Board, with the remarks recorded, will be communicated to the Appointment Department

By order of the Lieutenant Governor of Bengal,

H H RISLEY,

Secretary to the Government of Bengal

WEATHER AND CROP REPORT

For the week ending the 14th September 1896

Burdwan—Rainfall at Sadar 44 Kalna 27 Katwa 71 Ranigan] 1 21 Weather hot Steady rain since yesterday (13th) Harvesting of *aus* and jute progressing Prospects of sugarcane good More rain wanted everywhere for *aman* paddy Heavy rain since yesterday (13th) will do much good Condition of cattle good Fodder and water sufficient Common rice selling as follows —

	Srs c	
Sadar	11½ to 15 0	per rupee
Kalna	11½ to 13 0	
Katwa	12 10	
Ranigan]	12 0	

Midnapore—Rainfall at Sadar 1 40 Contai 74 Tamluk 1 54 Ghatal 2 35 Weather seasonable Prospects excellent Indigo is being sown *Aus* is being reaped Transplantation of *aman* nearly finished Some damage from floods in Ghatal and Dantun Cattle disease reported from Binpur and Garhbeta police stations Fodder and water sufficient Common rice selling as follows —

	Srs	
Sadar	15	per rupee
Contai	15 to 18	
Tamluk	14	
Ghatal	14 to 15	

24 Parganas—Rainfall at Sadar 1 31 Basirhat 2 97 Weather cloudy with rain Prospects of standing crops favourable Harvesting of jute and *aus* continues No cattle disease Fodder and water sufficient Common rice sells as follows—

	Srs c	
Sadar	10 to 12 8	per rupee
Barasat	10 0	
Basirhat	11 10	
Diamond Harbour	11 6	

Murshidabad—Rainfall at Sadar 48, Kandi 1 25 Jangipur 44 Weather hot Sugarcane and *aman* doing well More rain wanted for *aman* Harvesting of *bhadoi* still going on State of jute and mulberry fair Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	12	per rupee
Kandi	12	
Jangipur	11½	

Khulna—Rainfall at Khulna 1 28, Bagirhat 1 39, Satkhira 1 20 Weather hot and sultry with occasional showers Transplantation of *aman* continues More rain wanted Harvesting of *aus* nearly over and that of jute going on No cattle disease Fodder and water sufficient Common rice sells as follows —

	Srs c	
Sadar	9 0	per rupee
Bagirhat	9 8	
Satkhira	10 8	

Dinajpur—Average rainfall 83 Weather very hot More rain is wanted Transplantation of *aman* still going on Outturn of *aus* and jute estimated to be 8 and 10 annas respectively A flight of locusts has appeared, but no report about the destruction of crops has been received yet No cattle disease

Rangpur—Average rainfall 87 Transplantation of *aman* and stooping and washing of jute continue More rain wanted Prospects more hopeful Water and fodder sufficient Common rice selling from 8 to 12 seers per rupee

Pabna—Rainfall at Sadar 11, Sirajganj 68 Weather hot and cloudy River falling off fast Prospects of *aman* paddy not good Fodder available

Dacca—Rainfall 4 64 Weather seasonable Prospects of standing crops not favourable Fodder available No cattle disease Price of common rice varies from 8 seers per rupee at Narayanganj to 9½ seers per rupee at Manikganj

Chittagong—Rainfall 3 72 Weather hot Harvesting of *aus* still continues Recent rain has been beneficial to transplantation of winter rice crop Water and fodder sufficient Rice sells from 8 to 10 seers per rupee

Patna—Rain fell at Sadar, Bihar, and Dinapore to-day (14th) Indian-corn being harvested Transplantation of paddy nearly completed More rain urgently wanted Prices rising in Patna Fodder and water for cattle sufficient To-day's (14th) heavy rain will be very beneficial Common rice sells at 12 seers per rupee

Gaya—Prospects of crops fair *Bhadoi* harvesting continues Rain wanted for paddy Some rain last night and to day (14th) Common rice selling at 12 seers per rupee

Champaran—No rain except a small shower Rain urgently wanted, as the westerly winds have dried the soil Prices rising again Common rice sells at 12¼ seers, against average of 1 ¼ seers per rupee Fodder and water sufficient

Darbhanga—No rain in the district during the week Rain is urgently needed West wind is drying moisture Indian corn is harvested *Marua* ripening Paddy transplantation is about to be given up

Bhagalpur—Weather fair Rainfall at Sadar yesterday (1 09) No rainfall reported from Madhipura and Banka Crops suffered much from drought Rainfall yesterday will do some good Cattle-disease reported to prevail in all the subdivisions Fodder and water sufficient Average price of rice 13 seers 7 chitaks per rupee

Purnea.—Rainfall 12 Transplantation of winter rice stopped for want of rain Harvesting of *bhadoi* paddy and jute still going on Cattle disease at Kasba Fodder and water sufficient Common rice sells from 11 to 12 seers per rupee

Cuttack—Rainfall 2 00 Weather seasonable Early or *beali* rice in parts not affected by the flood is being reaped Transplantation of *sarad* or winter rice in some places in the flooded tracts is going on Prospects in tracts not affected by the flood are generally good Cattle disease reported from thana Jagatsingpur Fodder sufficient Common rice sells as follows —

	Srs	c	
Cuttack	15	12	per rupee
Jajpur	21	0	
Kendrapara	21	0	
Banki	21	0	

Hazaribagh.—Drought succeeded by favourable rainfall Prospects of crops excellent Rice sells at 9 to 12 seers per rupee, other food grains also at scarcity rates

General Summary—There was general rain during the week except in parts of Bihar More rain is still generally required for the winter rice crop, especially in the north of Bihar, where the westerly winds are said to have dried the soil The harvesting of early rice and other *bhadoi* crops and the steeping and washing of jute are proceeding Some damage is reported to have been caused by floods in parts of Midnapore In Cuttack paddy is being replanted in parts of the flooded area A flight of locusts is reported to have appeared in Dinajpur No cattle disease is reported except from a few places in Bhagalpur, Purnea Midnapore and Cuttack The price of common rice is reported to have again risen in some of the Bihar districts elsewhere no important changes are reported

By order of the Lieutenant Governor of Bengal,

REVENUE DEPARTMENT,

The 15th September, 1896

M FINUCANE,

Offg Secy to the Govt of Bengal.

The average temperature of the corresponding period for 24 years, Surveyor General's Office	83 2
The extreme variation of temperature	14 8
The maximum temperature	93 0
	Miles.
The highest velocity of the wind in one hour	9
	%
The mean relative humidity	81
The average relative humidity of the corresponding period for 24 years, Surveyor General's Office	86
	Inches
The total fall of rain from 6th to 12th September 1896	0 09
The average fall of the corresponding period for 24 years Surveyor General's Office	3 03
The total fall from 1st January to 12th September 1896	46 83
The average fall of the corresponding period for 24 years Surveyor General's Office	53 14

The mean pressure, temperature, &c, are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h

The maximum and minimum temperatures are obtained from self registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No 86, formerly at the Surveyor General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain gauge is one foot above the ground

o, overcast, d, drizzling rain, ⛅, dew

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM FOR THE MONTH OF AUGUST 1896

WEATHER for August was unusually settled over the Bay and was marked by very distinct peculiarities in Bengal The most important of these was the great absence of rainfall in the east of the province, and to a smaller extent in all other districts except Orissa, where there was a considerable excess Along with the light rainfall and the comparatively clear skies temperature was as a rule above the normal and the means for the month of both maximum and minimum readings are in considerable excess at nearly all stations The main reasons for these irregularities in rainfall and temperature are not difficult to find, if the assumption be made that they are dependent on the pressure arrangement This has been unusual in two respects (1) in the absence of depressions over either the north of the Bay or in Bengal, (2) in the tendency for pressure to be relatively higher in the north east of the province as compared with the south west whereby the monsoon current received its westerly deflection further south than usual, that is over the north of the Bay and in Lower Bengal instead of in East and North Bengal and the south of Assam

It will be remembered that the weakness of the monsoon in 1895 was partly shown in the irregular distribution of the rainfall there being in practically alternate months heavy rainfall in the north east and light rainfall in the south west or *vice versâ* During the present year a similar irregularity is shown in an even more marked degree, but with the difference that the heavy rainfall has rarely penetrated to North Bengal, and at times it has been extremely scarce In June the average fall in North Bengal was 49 per cent of the normal, and in August it was only 39 per cent while in July the fall was about normal

In considering the rainfall distribution which depends very largely especially in the latter half of the monsoon season, on atmospheric depressions a distinction should be drawn between deep depressions over the Bay and shallow ones over the land In years when the monsoon is weak the northern half of the province loses a portion of its rainfall by the occurrence of the former, as while they are over the Bay the indraught from the north is attended by fine and almost cloudless weather and as they afterwards move to the west or north west the easterly winds which they leave in Lower Bengal prevents the northward extension of the usual monsoon current The shallow depressions on the other hand, which begin generally over the land move to the north or north west and cause heavy general rain This is particularly noticeable if they break up on reaching the lower ranges of the Himalayas in the neighbourhood of Bihar or North Bengal Their disappearance is followed almost immediately by thunderstorms and heavy rain over the plains near the hills

During the month just past there was only one depression of any importance over the Bay and it attained no great depth and only one land depression which though it caused a great deal of rain especially in Bihar at the end of the third week, moved to the west out of the province before it finally broke up

The pressure distribution which prevailed with two interruptions—one on the occasion of the land depression mentioned above and the other towards the end of the month when readings became low in North East Bengal—was as follows readings were lowest in Orissa or Chota Nagpur, from which they increased with somewhat greater rapidity towards the north east than in average years The isobars ran almost north and south or from north west to south east an arrangement which caused winds more from the east than usual

Weather conditions had just recovered from the effects of a disturbance in the north west angle of the Bay at the end of July but there was still a rather large defect in pressure A moderate fall in Lower Bengal, Orissa and the adjacent part of the Bay on the 1st of August caused a depression to form with its centre a little to the south or south east of Saugor Island The pressure gradient became much steeper both over the Bay and the province, because of the brisk fall in Orissa and the rapid rise in Burma and Assam The centre of the disturbance moved rather slowly to the west and was near Balasore on the 2nd but after that it either filled up or moved away more rapidly, as by the 3rd it had almost entirely ceased to affect the weather in Bengal The increase of pressure on the 3rd was .2 inch in Orissa and between .1 and .2 inch at all the south western stations

The stormy weather which the depression caused was confined largely to the west of the Bay, the strongest winds being reported from Gopalpur, and when the rapid rise of pressure occurred between 2nd and 3rd these strong winds soon moderated

Heavy rain fell in the south of Orissa during the formation and passage of the disturbance, but only light showers were received in Lower Bengal, and very little in the northern districts The rise of pressure which was so rapid on the 3rd continued in the western districts on the 4th and by that time readings were above the normal by nearly .1 inch As the excess diminished towards the south the differences were sufficient to prevent the weak monsoon current which might have forced its way to the north of the

province. This arrangement continued for some days during which there was fine weather, with passing light showers in the south of the province

On the 11th a very shallow depression formed in the north west angle of the Bay off the coast of Orissa, where it developed slightly owing to a rapid fall of pressure on the 12th The rise which followed on the 13th caused it to concentrate still near the Orissa coast which the centre crossed in a north westerly direction in the course of the day between False Point and Balasore Though gradients were fairly steep over the Bay weather was not disturbed to any great extent, and only light rainfall occurred in Bengal even after the depression had moved away

By the 15th the pressure distribution had become approximately normal and on the 16th the differences from the normal were only a few thousandths of an inch except in North Bengal and Assam, where there was still a small excess

The changes then began which led to the land depression A brisk fall of pressure prevailed on the 17th, changes being somewhat larger in the north east The easterly winds which had been a regular feature up till then changed to south in Lower Bengal, and westerly directions began to appear in Chota Nagpur and the west of Bihar The slight low pressure area, of which this was an indication, developed very slowly and was each day more to the south till the 19th when the centre was in South West Bengal and the greatest defect in pressure was in the north east of the Bay It remained there on the 20th and then moved towards the north west causing general and in places very heavy rainfall On the 21st it was over the centre of the province, the heaviest falls of rain on that day being 5 inches at Sagor Island and Midnapore and 3 inches at Chaibassa On the 22nd it was in Bihar, where general heavy rain was falling, especially in the western districts, and on the 23rd it had moved to the west out of the province

During the last three days of the existence of the depression general heavy rain fell over nearly the whole province except Orissa, where it was almost rainless owing to the westerly land winds which at that time were blowing over Orissa But it was in Bihar where its influence was most decided as the rainfall during the rest of the month forms but a fraction of what fell between the 18th and 22nd, as may be seen by a reference to the table preceding this summary

On the 24th lowest pressure was again in Orissa, and light easterly winds prevailed over the province Pressure was in excess by small amounts and remained so till the 28th when the reversal began to take place by which the area of lowest pressure was transferred from Orissa to North Bengal The fall on the 28th was brisk to rapid in North Bengal and Bihar, and slow on the 29th by which time a moderate defect prevailed The rise which followed was rapid in Bihar and the Circars and only moderate in North Bengal, so that readings were lowest at some of the northern stations and isobars instead of running north and south or even north west and south east as they were in the early part of the month were now approximately east and west

Westerly winds became general penetrating as far east as Sibsagar Though showers continued, the rainfall was generally light and in the early part of September gradually diminished as the system of westerly land winds became established over the province

Pressure.—As stated above very few depressions occurred in August and none of them were of much importance There were two over the Bay and one inland The first formed at the beginning of the month close to the head of the Bay the second somewhat further south, about the middle of the month Both moved to the west or north west and passed over only the south western districts The third at the end of the third week was a shallow land depression and had an important influence on the rainfall in the north of the province As pressure has been almost uniformly low in the south west as compared with the northern districts the means for the month are considerably lower in Orissa and South West Bengal than in North Bengal where the means are nearly normal Defect in Orissa is about 04 inch in South West Bengal 03 inch, in the central districts 02 inch, and in Bihar 015 inch

Temperature.—Owing to the settled weather and the comparative absence of cloud and rainfall temperature was with few interruptions above the normal, especially in North Bengal and Bihar, where means are largely in excess Even in Orissa where rainfall was above the normal, mean temperature is high but only by about half a degree In South West Bengal Chota Nagpur and Assam mean excess is about 1°, in East Bengal 1 3, and in Bihar and North Bengal nearly 2°

Mean maximum temperature is normal or slightly below the normal in Orissa, about 1° above in Lower Bengal and Chota Nagpur, and from 2° to 3° above in the northern districts Mean night temperature is more uniform, but above the normal everywhere by amounts varying up 2° in the north of the province

Rainfall was very deficient in North and East Bengal, and in considerable defect in all other districts except Orissa, where there was an average excess of more than 3 inches The average fall in North Bengal was only 5 68 and in East Bengal 7 31 inches less than 40 and 50 per cent respectively of the normal fall in August South West Bengal received

8 4 Bihar 9 0 Chota Nagpur 11 8 and Orissa 15 31 inches Thus instead of having about the heaviest rainfall North Bengal had the lightest in the province Defect in Bihar and South West Bengal was more than 3 inches, and in East and North Bengal between 8 and 9 inches

Usually in August a considerable proportion of the rainfall at the various stations is caused by local thunderstorms and consequently the falls are more irregular than in the earlier months of the monsoon season, but the same general arrangement obtains The heaviest falls are in the south east, south west and north-east corners of the province, while the lightest are in a tract of country running diagonally across the province from south east to north west Owing to the continued low pressure in Orissa and the north west of the Bay, and the steady easterly winds, the heaviest rainfall during the month just past was largely confined to the south west or Orissa and from there the falls diminish steadily to almost the extreme north east

In Orissa the actual falls were generally between 10 and 15 inches, but in places were over 20 inches In the south west of Chota Nagpur most of the stations reported more than 15 inches and the area over which 10 inches or more prevailed included almost the whole of Orissa, Chota Nagpur, and part of the west of Bihar Part of South West Bengal extending south westwards from Calcutta, and small parts of South East and North East Bengal received more than 10 inches, but generally in the western half of Bengal proper and the greater part of Bihar falls were between 5 and 10 inches Over large parts of East and North Bengal the falls were under 5 and in places under 3 inches

The comparison of the actual rainfall in the various large divisions of the province with the normal is most accurately and conveniently shown in the form of a percentage The figures representing the rainfall for the month calculated in this way, are included in the table below under the heading of August This table really gives a condensed summary of the rainfall statistics of the present year up to date for each meteorological division, the first eight columns giving the actual average rainfalls in each division in each month expressed as a percentage of the normal while the ninth column gives the total rainfall for the first eight months expressed as a percentage of the normal rainfall for that period —

Meteorological Divisions	January	February	March	April	May	June	July	August	Actual rainfall of first eight months of 1896 expressed as a percentage of the normal fall for the period
South West Bengal	31	18	18	36	97	128	95	71	89
North Bengal	8	5	2	63	143	49	106	39	76
East Bengal	18	110	43	71	115	99	72	46	80
Bihar	16	5	0	26	102	84	85	75	79
Orissa	9	0	50	91	78	102	131	128	122
Chota Nagpur	6	9	0	0	49	139	112	89	98

The following table gives full data for comparison of the actual and normal rainfal of the month of August in all districts of the province The figures are derived from the average and actual rainfall of the rain recording station in each district, due allowance or weight being made for the area which each station represents This gives a more accurate average than the arithmetical means given in the weekly and monthly meteorological tables The first column gives the normal or average district rainfall as determined from the rainfall observations of the past 25 years, the second column gives the actual district rainfall as determined from the weighted actual rainfalls of the month at the reporting stations in each district, the third column expresses the ratio of the actual district rainfall of the past month to the normal rainfall as a percentage the fourth column states as a percentage how much the district rainfall of the month varied from the normal —

Percentage Table for August 1896

Division	District	Normal rainfall for August	Actual rainfall Aug. 1896	Percentage of Col. 4 to normal	Excess (+) or deficiency (−)

C W BOLTON,
Offg Chief Secy to the Govt of Bengal.

NOTIFICATION—No 5339J

The 21st September 1896 —Under section 2, Act XII of 1880 (an Act for the appointment of persons to the office of Kazi) the Lieutenant Governor has been pleased to grant a sanad (license) to Maulavi Syed Muhammad Ali, appointing him Kazi of thanas Baruipur, Jaynagar Matla Sonarpur, Diamond Harbour, Bankipore, Fultah, Kalpi and Mathurapur, in the district of the 24-Parganas, for the celebration of marriages and the performance of other rites and ceremonies, when application is made to him to perform any such functions

C W BOLTON,
Offg Chief Secy to the Govt of Bengal

RULES FOR THE APPOINTMENT OF SUB INSPECTORS OF POLICE

THE next divisional examination of candidates to fill vacancies in the rank of Sub Inspector of Police will be held on the 7th and 8th December 1896 at the following centres —at Calcutta (Senate House) for the Presidency, Rajshahi, and Burdwan Divisions, at Bankipore for the Patna, Bhagalpur, and Chota Nagpur Divisions at Dacca for the

Dacca and Chittagong Divisions and at Cuttack for the Orissa Division The following classes of candidates will be admissible to the examination —

(*a*) Persons who have passed the Entrance Examination of the Calcutta Allahabad or Punjab University, provided they are not less than 21 nor more than 25 years of age

(*b*) Persons now serving as head constables and writer constables in the police, who have obtained the permission of the District Magistrate to appear at the examination provided that they are not more than 30 years of age, and are of not less than two years standing in the Department This permission will only be given to persons who satisfy the conditions laid down in Rule 2

2 No person will be deemed qualified who does not satisfy the following conditions —

I —That he has no disease constitutional affection or bodily infirmity unfitting him or likely to unfit him, for police duties, and that he is up to the physical standard prescribed by Government circular No 4436J dated the 9th July 1892

NOTE — Stuttering or stammering is a constitutional defect and represents a physical disqualification

II —That he is of good moral character

III —That he belongs to a respectable family

IV —That he produces a certificate of ability to ride signed by a district officer

3 Applications for permission to appear at the examination must be submitted, not later than one month before the date fixed to the Magistrate of the district in which the candidate resides stating the place at which he desires to appear for examination Each application from class (*a*) candidates must be accompanied by a fee of Rs 5 All candidates will be required to satisfy the conditions specified in Rule 2 above The certificate of health should be signed either by the Civil Surgeon of the district in which the candidate ordinarily resides or in Calcutta by one of the Professors of the Calcutta Medical College Forms of application are available in the offices of District Superintendents of Police

The Magistrate should require a personal identification of each candidate by some known person whose name should be recorded and satisfy himself that the certificates of respectability and moral character refer to the individual applying for permission to appear at the examination, and send him to the District Superintendent for certificate as to physical fitness This certificate should contain the applicant's descriptive roll, thumb impression, signature and address for purposes of identification The District Superintendent will then obtain a health certificate the fee for which will in all cases be Rs 4 from the Civil Surgeon, and send it together with the certificate of physical fitness to the Magistrate, who will, after subjecting the candidate to an examination in riding and noting the fact, grant a written permission to appear at the examination

As these certificates form the verification rolls of candidates, they should be very carefully examined and enquiries made when necessary

The above papers with the examination fee will be forwarded without delay by the Magistrate of the district in which the candidate resides to the Magistrate of the centre at which the candidate wishes to be examined

The Examination Committee before the examination will compare the descriptions thumb impressions (duplicate impressions being taken for the purpose, if necessary), and signatures and satisfy itself about the identity of the person appearing

At the examination the candidate will be required to sign the papers in every subject, writing his father's name and his own address on them to avoid confusion arising out of a similarity of names

After the result of the examination is known the certificates of passed candidates will be forwarded to the Principal of the Police Training School, Bhagalpur, and will then be treated as verification rolls

The certificates of unsuccessful candidates will be returned, if asked for, within two months, or destroyed at the end of that period

4 The subjects of examination will be as follows —

I —Dictation, letter drafting, precis writing and a short translation from Bengali Uriya or Hindi into English Europeans and Eurasians will be allowed to choose one out of these three languages to be examined in No candidate failing to obtain half marks in this paper will be considered qualified for appointment

II —Paper on general knowledge The questions will be set so as to test the general information and intelligence of candidates

III —Mathematics including arithmetic and algebra, and account keeping

IV —Law, including the Penal Code the Criminal Procedure Code, and the Evidence Act

N B —Class (*b*) candidates will be exempted from passing in algebra

5 The marks will be given on the following scale —

1	Dictation and language	200
2	General knowledge	200
3	Mathematics	200
4	Law	200

6 The number of candidates to be selected by the examiners for each Range will be notified in the *Calcutta Gazette* on or before the 4th November 1896 This number will be determined by the Inspector General of Police with reference to the number of vacancies existing or estimated as likely to occur within the course of the following year

7 After the results of the examination have been ascertained, a list will be prepared of the candidates selected for appointment Those who have not obtained half marks in dictation and language, and one third marks in the aggregate of the remaining papers, may be struck out as ineligible for appointment Of the remaining candidates a list will then be composed as follows—(*a*) one half of the candidates who stand highest on the list in order of merit (*b*) one half of candidates selected from among those candidates who have obtained not less than one-third of the marks At least two thirds of the appointments will if qualified candidates are available, be given to outsiders

8 Natives of Bengal Proper will be eligible for appointments in all districts where Bengali is the vernacular of the district Natives of Bihar will be eligible for appointments in districts where Hindi is the vernacular, and natives of Orissa for appointments in districts where Uriya is the vernacular Selected candidates will be liable to be transferred to any district

9 Selected candidates on appointment will undergo a three months' course of instruction at the Bhagalpur Police Training School This course will include drill elementary surveying anthropometry, and instruction in prosecuting cases in Magistrates Courts At the end of th three months all probationers obtaining a certificate of proficiency will be posted to districts and receive appointments in due course as 5th grade Sub Inspectors During the period of probation candidates will receive 20 rupees a month as salary on being passed out of the Training School, they will receive Rs 30 a month as salary Candidates who fail to display due diligence during their period of probation will be liable to lose their appointment

10 The position of selected candidates in the Range lists from which promotions are made will be determined by the places obtained by candidates at the final Examination held at the conclusion of the Training School Term

11 Candidates resident in any of the districts of the Patna, Bhagalpur, and Chota Nagpur Divisions, who take up Hindi at this examination will be considered to be natives of Bihar Candidates competing at Cuttack, who take up Uriya, will be considered natives of Orissa

12 Information as to the hour and place of examination can be obtained 15 days before the examination by applying to the District Magistrates of the 24 Parganas, Dacca, Patna, and Cuttack

E F RUDOLF HOERNLE,

Principal, Calcutta Madrasah

NOTIFICATION

In accordance with the Government of Bengal Notification No 315 of 22nd January 1895, notice is hereby given that the next half yearly examination of compounders will be held at 8 A M on Thursday, the 29th October 1896, at the Dacca Medical School

2 Every candidate must produce one of the following certificates —

(*a*) From the Superintendent of a vernacular medical school that he has attended regularly for one year the compounder class of the School, or

(*b*) From the legally qualified medical manager of a chemist's or druggist's establishment recognised by the Inspector General of Civil Hospitals Bengal, that he has been apprenticed for a period of three years in his establishment, or

(*c*) From a Civil Surgeon that he has assisted in the dispensing of drugs at the Sadar dispensary of a civil station for a period of five years

Exception —Any person who, at the time of extension of section 252 of Act III (B C) of 1884 as amended by Act IV of 1894 to any municipality, shall have acted as compounder for the seven years preceding in any shop or place of the kind referred to in the above section, shall, on producing a satisfactory certificate to this effect, be exempted from producing a certificate of the kind referred to in this rule

3 Applicants must register their names and submit their certificates, together with a fee of Rs 3, at least one week before the 29th October 1896 at the office of the undersigned

Exception —The students belonging to the compounder class of a vernacular medical school will be exempted from paying this fee on producing a certificate from the Superintendent that they have already paid the school entrance fee

4 Should any candidate fail to pass the required examination, he will forfeit his fee

5 Candidates will be examined in Materia Medica, Pharmacy, the reading of prescriptions, and the writing in English of the directions contained in prescriptions

N B —The attention of candidates is drawn to Rule 6 section (*b*) of the Government notification of the 22nd January 1895, or paragraph 2 (*b*) of this notification from which they will observe that the chemists and druggists establishments, from the legally qualified managers of which they obtain their certificates, will have to be recognised by the Inspector General of Civil Hospitals, Bengal, prior to the candidates applying to the Superintendent to register their names to appear at the examination

NOTIFICATIONS

EXAMINATIONS

Simla, the 7th September 1896

No 354 - The following Regulations respecting the examination of candidates for the Civil Service of India to be held in August 1897 are published for general information —

COPIES OF THESE REGULATIONS MAY BE OBTAINED ON APPLICATION TO THE SECRETARY TO THE GOVERNMENT OF INDIA, HOME DEPARTMENT

EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA

An open Competitive Examination for admission to the Civil Service of India will be held in London, under the subjoined Regulations commencing on the 3rd August 1897

The number of persons to be selected at this Examination will be announced hereafter

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the 31st May 1897, an application on the prescribed form, accompanied by a list of the subjects in which the Candidate desires to be examined

The Order for admission to the Examination will be posted on the 20th July 1897, to the address given on the Form of Application It will contain instructions as to the time and place at which Candidates will be required to attend, and as to the manner in which the fee (£6) is to be paid

CIVIL SERVICE COMMISSION,
July 1896

REGULATIONS

*** *The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year* —

1 An examination for admission to the Civil Service of India, open to all qualified persons, will be held in London in August of each year The date of the Examination and the number of appointments to be made for each Province will be announced beforehand by the Civil Service Commissioners

2 No person will be deemed qualified who shall not satisfy the Civil Service Commissioners—

(*i*) that he is a natural born subject of Her Majesty,

(*ii*) that his age will be above twenty-one years and under twenty three years on the first day of the year in which the Examination is to be held,

[N B —*In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and nationality signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides*]

(*iii*) that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India,

(*iv*) that he is of good moral character

3 Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the Candidate on payment of the prescribed fee will be admitted to the Examination The Commissioners may, however in their discretion at any time prior to the grant of the Certificate of Qualification hereinafter referred to institute such further enquiries as they may deem necessary and if the result of such enquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and, if already selected, will be removed from the position of a Probationer

4 The open Competitive Examination will take place only in the following branches of knowledge —

	Marks.
English Composition	500
Sanskrit language and literature	500
Arabic ditto ditto	500
Greek ditto ditto	750
Latin ditto ditto	750
English ditto ditto (including special period named by the Commissioners) (*a*)	500
French Language and Literature	500
German ditto ditto	500
Mathematics (Pure and Applied)	900
Advanced Mathematical subjects (Pure and Applied)	900
Natural Science, *viz*, any number not exceeding *three* of the following subjects —	
Elementary Chemistry and Elementary Physics 600	
N B —This subject may not be taken up by those who offer either Higher Chemistry or Higher Physics.)	
Higher Chemistry 600	1,800
Higher Physics 600	
Geology 600	
Botany 600	
Zoology 600	
Animal Physiology 600	
Greek History (Ancient, including Constitution)	400
Roman History (Ancient, including Constitution)	400
English History	500
General Modern History (period to be selected by Candidates from list in the syllabus issued by the Commissioners, one period at least to include Indian History) (*b*)	500
Logic and Mental Philosophy (Ancient and Modern)	400
Moral Philosophy (Ancient and Modern)	400
Political Economy and Economic History	500

(*a*) In the syllabus referred to in Note (*c*)

(*b*) See Note (*c*).

	Marks
Political Science (including Analytical Jurisprudence, the early History of Institutions, and Theory of Legislation)	500
Roman Law	500
English Law Under the head of "English Law" shall be included the following subjects, viz (1) Law of Contract, (2) Law of Evidence, (3) Law of the Constitution (4) Criminal Law, (5) Law of Real Property, and of these five subjects Candidates shall be at liberty to offer any four, but not more than four	500

Candidates are at liberty to name any or all of these branches of knowledge (*a*) No subjects are obligatory

5 The merit of the persons examined will be estimated by marks, and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it

6 The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (*b*) in order to secure that 'a Candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer"

7 The Examination will be conducted on paper and *viva voce*, as may be deemed necessary

8 The marks obtained by each Candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained after the deduction above-mentioned, a greater aggregate number of marks than any of the remaining Candidates, will be set forth in order of merit and such Candidates shall be deemed to be selected Candidates for the Civil Service of India provided they appear to be in other respects duly qualified Should any of the selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected Candidate A Candidate entitled to be deemed a selected Candidate but declining to accept the nomination as such, which may be offered to him, will be disqualified for any subsequent competition

9 Selected Candidates before proceeding to India will be on probation for one year at the end of which time they will be examined with a view of testing their progress in the following subjects (*c*) —

Compulsory—

		Marks
1	Indian Penal Code and Criminal Procedure Code	500
2	The Principal Vernacular Language of the Province to which the Candidate is assigned	400
3	The Indian Evidence Act and the Indian Contract Act	500

Optional—[Not more than two of the following subjects, of which one must be either the Code of Civil Procedure or Hindu and Muhammadan Law] —

1	The Code of Civil Procedure	400
2	Hindu and Muhammadan Law	450
*3	Sanskrit	400
*4	Arabic	400
5	Persian	400
6	History of British India	350
7	Chinese (for Candidates assigned to the Province of Burma only)	400

These subjects may not be offered by any Candidate who has offered them at the open competition

In this Examination, as in the open competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the open competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it The Examination will be conducted on paper and *viva voce*, as may be deemed necessary This Examination will be held at the close of the year of probation, and will be called the "*Final Examination*"

10 The selected Candidates will also be tested during their probation as to their proficiency in Riding

(*a*) A syllabus, defining in general terms the character of the Examination in the various subjects may be obtained on application to the Secretary Civil Service Commission

(*b*) No deduction will be made from the marks assigned to Candidates in Mathematics or English Composition.

(*c*) Instructions showing the extent of the Examination will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared

The examinations in riding will be held as follows —

(1) Shortly after the result of the open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year

(2) Again, at the time of the Final Examination, Candidates who may fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback shall receive a Certificate which shall entitle them to be credited with 200 or 100 marks, according to the degree of proficiency displayed, to be added to their marks in the Final Examination

(3) Candidates who fail to obtain this Certificate, but who gain a Certificate of minimum proficiency in riding, will be allowed to proceed to India, but will be subjected on their arrival to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government A Cand[1] date who fails at the end of the year of probation to gain at least the Certificate of minimum proficiency in riding will be liable to have his name removed from the list of selected Candidates

11 The selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9 and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service

12 Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, S W," at any time after the 1st December, in the year previous to that in which the Examination is to be held The Forms must be returned so as to be received at the office of the Civil Service Commissioners on or before the 31st May (or, if that date should fall upon a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the Examination is to be held

The Civil Service Commissioners are authorised by the Secretary of State for India in Council to make the following announcements —

(i) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes but the requirements of the Public Service will rank before every other consideration*

(ii) *An allowance amounting to £100 will be given to all Candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz, the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St Andrew's and Aberdeen Victoria University, Manchester University College, London, and King's College, London provided such Candidates shall have passed the Final Examination to the satisfaction of the Civil Service Commissioners, and shall have conducted themselves well and complied with such rules as may be laid down for the guidance of selected Candidates The whole probation must ordinarily be passed at the same Institution Migration will not be permitted except for special reasons approved by the Secretary of State*

(iii) *The allowance of £100 will not be paid to any selected Candidate until he has been certified by the Civil Service Commissioners to be entitled to be appointed to the Civil Service of India and every Certificated Candidate must, before receiving his allowance, give a written undertaking to refund the amount in the event of his failing to proceed to India*

(iv) *All Candidates obtaining Certificates will be also required to enter into covenants by which, amongst other things they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make towards their own pensions or for the pensions of their families The stamps payable on these covenants amount to £1*

(v) *The seniority in the Civil Service of India of the selected Candidates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations*

(vi) *Selected Candidates will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct*

(vii) *Candidates rejected at the Final Examination held in any year will in no case be allowed to present themselves for re examination*

OPEN COMPETITION OF 1897

FORM TO BE FILLED UP BY CANDIDATES FOR EXAMINATION

* * *The order for admission to the Examination will not be issued unless this Form filled up* * *by the Candidate himself is received by the Secretary of the Civil Service Commission on or before the 31st May 1897*

*Date*_____

SIR,

I beg to inform you that I wish to be a Candidate at the Examination for the Civil Service of India, which is appointed to commence in London on the 8rd of August, 1897

I hereby declare that I was born on the day of 18 , and that therefore my age was above 21 years and under 23 years on the 1st of January, 1897, I also declare that I have no disease, constitutional affection, or bodily infirmity unfitting me, or likely to unfit me, for the Civil Service of India and that I am of good moral character, and otherwise eligible under the Regulations

This should be given on the form attached

I send herewith a statement of the subjects in which I desire to be examined

* Candidates who are not Natives of India should strike out this paragraph.

I also send herewith a Certificate of my Birth issued under Notification of the Government of India, No 2252, dated 21st August, 1888

Candidates not born within the British Dominions should state the fact in a parenthetical manner

I have also to state, with reference to Section 2, Clause (1) of the Regulations, that I am a natural born subject of Her Majesty

* If you have never been examined insert here the word never

† If you have been examined give the date etc of the last occasion

I have also to state that I was*_____ examined before the Civil Service Commissioners in the month of †_____ in the year 18_____, as a Candidate for the situation of _____

I am,

Sir

Your obedient servant,

*Name in full*_____

‡ If a London address state the postal district If a country address state the post town

Address to which it is desired that the Order for Examination should be sent ‡_____

_____

*Date*_____

To the Secretary,
Civil Service Commission

No Certificates of age, health, and character except as mentioned above, should be supplied until the result of the Examination is known

☞ *If Candidates who fill up and return this Application Form do not receive an acknowledgment of it within four complete days, they should write to the Secretary, Civil Service Commission, London, S W*

N B —Attention is drawn to the annexed Form, which must be filled up by every Candidate

EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE CIVIL SERVICE OF INDIA

I Every Candidate born in the United Kingdom should be prepared to produce, when required a Certificate from the Registrar General of Births, Marriages and Deaths, or from one of his Provincial Officers This Certificate may be obtained from the Registrar General in London Dublin or Edinburgh, or from the Superintendent Registrar of the District in which the birth took place

II A Candidate born of European parents in India should be prepared to produce, when required, a Certificate of Baptism from the district in which he was baptised If this does not also mention the date of birth it should be accompanied by a statutory declaration by one of the Candidate s parents stating the date and place of birth When such certificates are not in the possession of the Candidates an Extract from the Registers kept at the India Office will probably be obtainable

III A Candidate who is a Native of India must, *before he can be admitted to the Competition* have his age and nationality certified by the Government of India, or of the Presidency or Province in which he may have resided

[*No Certificates except those issued under Notification of the Government of India, No 2858, dated 21st August 1888, will be accepted for this Competition*]

Except as noted in paragraphs II and III, every Candidate who proves to be successful is expected to produce a Certificate of *Birth* The Civil Service Commissioners will not in ordinary cases accept a Certificate of Baptism, or other testimony, unless they are first satisfied that a Certificate of Birth cannot be procured

Official Certificates of Birth may generally be obtained as follows —

(*a*) *For persons born in England or Wales since 30th June 1837* —From the Registrar General, Somerset House, London or from the Superintendent Registrar of the district in which the birth took place

(*b*) *For persons born in Scotland since 31st December 1854* —From the General Register Office, Edinburgh or from the Registrar of the Parish or district in which the birth took place

(*c*) *For persons born in Ireland since 31st December 1863* —From the General Register Office, Dublin or from the Superintendent Registrar of the district in which the birth took place

(*d*) *For persons of English, Scottish, or Irish parentage born on board British ships since the dates mentioned in* (*a*) (*b*) *and* (*c*), *respectively* —From the General Register Office, London, Edinburgh, or Dublin, according to parentage

(*e*) *For persons born in India of European parents* —From the India Office, London

Any Candidate who cannot produce a Certificate of Birth from one of the authorities named should, if possible procure a Certificate of Baptism, and should then apply to the Secretary, Civil Service Commission, for further instructions

COPIES OF THIS SYLLABUS MAY BE OBTAINED ON APPLICATION TO THE SECRETARY TO THE GOVERNMENT OF INDIA, HOME DEPARTMENT

CIVIL SERVICE OF INDIA

CLERKSHIPS (CLASS I) IN THE HOME CIVIL SERVICE, AND EASTERN CADETSHIPS

Syllabus showing the extent of the Examination in certain subjects

English Composition.—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper

English Language and Literature.—The Examination will be in two Parts. In the one the Candidates will be expected to show a general acquaintance with the course of English Literature as represented (mainly) by the following writers in verse and prose, between the reign of Edward III and the accession of Queen Victoria:—

Verse—Chaucer, Langland, Spenser, Shakespeare, Milton, Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coleridge, Shelley, Keats.

Prose—Bacon, Sir Thomas Browne, Milton, Cowley, Bunyan, Dryden, Swift, Defoe, Addison, Johnson, Burke, Scott, Macaulay (Essays and Biographies).

A minute knowledge of the works of these authors will not be looked for in this part of the Examination which will, however, test how far the Candidates have studied the chief productions of the greatest English writers *in themselves*, and are acquainted with the leading characteristics of their thought and style and with the place which each of them occupies in the history of English Literature. Candidates will also be expected to show that they have studied in these authors the history of the English Language in respect of its vocabulary, syntax, and prosody.

The other part of the Examination will relate to one of the periods named below, which will follow each other year by year in the order indicated:—

1	A.D. 1600 to A.D. 1700
(1897)	[Shakespeare to Dryden]
2	A.D. 1700 to A.D. 1800
(1898)	[Pope to Cowper]
3	A.D. 1800 to A.D. 1832
(1899)	[Nineteenth Century writers to the death of Scott]
4	A.D. 1360 to A.D. 1600
(1900)	[Chaucer to Spenser]

The Examination in this part will require from Candidates a more minute acquaintance with the history of the English Language and Literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent but by no means exclusively, on certain books specified each year by the Commissioners.* The names placed under the dates are intended to suggest the general character of the literary development of the period and consequently, the natural limits of the Examination. All the works of Shakespeare, for example, will be regarded as falling within the period 1600 to 1700, all the works of Swift within the period 1700 to 1800, all the works of Scott and Wordsworth, and all the works of Macaulay within the period 1800 to 1832.

French Language and Literature.—Translation from French into English, and from English into French. Critical questions on the French Language and Literature.

German Language and Literature.—Translation from German into English, and from English into German. Critical questions on the German Language and Literature.

---

* The Books for 1897 are—
Shakespeare, Richard III, Antony and Cleopatra.
Ben Jonson, Alchemist, Cynthia's Revels.
Milton, Paradise Lost.
Andrew Marvell, Poems.

Arabic Language and Literature—Translations as in Sanskrit History of Arabic Literature Arabic Grammar, Arabic Prosody

English History—General questions on English History from A D 800 to A D 1848 questions on the Constitutional History of England from A D 800 to A D 1848

General Modern History—Candidates may, at their choice be examined in any one of the following periods—

1 From the accession of Charlemagne to the Third Crusade

[A D 800 to A D 1193]

2 From the Third Crusade to the Diet of Worms

[A D 1193 to A D 1521]

3 From the Diet of Worms to the death of Louis XIV

[A D 1521 to A D 1715]

4 From the accession of Louis XV to the French Revolution of 1848

[A D 1715 to A D 1848]

Periods 3 and 4 will include Indian History

Greek History—Questions on the General History of Greece to the death of Alexander questions on the Constitutional History of Greece during the same period

Roman History—Questions on the General History of Rome to the death of Vespasian questions on the Constitutional History of Rome during the same period

In Greek and Roman History candidates will be expected to show a knowledge of the original authorities

Mathematics—Pure Mathematics—Algebra, Geometry (Euclid and Geometrical Conic Sections) Plane Trigonometry Plane Analytical Geometry (less advanced portions), Differential Calculus (Elementary), Integral Calculus (Elementary)

Applied Mathematics—Statics, Dynamics of a Particle, Hydrostatics, Geometrical Optics, all treated without the aid of the Differential or Integral Calculus

Advanced Mathematics—Pure Mathematics—Higher Algebra, including Theory of Equations, Plane and Spherical Trigonometry, Differential Calculus Integral Calculus, Differential Equations, Analytical Geometry Plane and Solid

Applied Mathematics—Statics, including Attractions, Dynamics of a Particle, Rigid Dynamics, Hydromechanics, Geometrical and Physical Optics and Geometrical Astronomy

Political Economy and Economic History—Candidates will be expected to possess a knowledge of economic theory as treated in the larger text books, also a knowledge of the existing economic conditions, and of statistical methods as applied to economic enquiries together with a general knowledge of the history of industry land tenure and economic legislation in the United Kingdom

Logic and Mental Philosophy (Ancient and Modern)—Logic will include both Deductive and Inductive Logic Mental Philosophy will include Psychology and Metaphysics

Political Science—The Examination will not be confined to Analytical Jurisprudence, Early Institutions, and Theory of Legislation, but may embrace Comparative Politics, the History of Political Theories, etc

Candidates will be expected to show a knowledge of original authorities

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Act of the Governor General of India in Council having received the assent of His Excellency the Governor General on the 18th September 1896 is hereby promulgated for general information

ACT No. XV OF 1896

An Act to amend the Glanders and Farcy Act 1879

WHEREAS it is expedient further to amend the Glanders and Farcy Act 1879 It is hereby enacted as follows

1 In section 1 of the said Act as amended by Act XXIV of 1886 the words "except the territories respectively administered by the Governor of Fort St George in Council and the Lieutenant Governor of Burma" are repealed

Amendment of Act XIII 1879

2 In section 7 of the said Act the words "Provided that when the Inspector is a Veterinary Practitioner he may appoint" shall be and are hereby repealed

Amendment of section 7 Act XIII 1879

3 In the said Act as amended by the Repealing and Amending Act 1891 the following section shall be and is hereby inserted after section 15

Power to appoint Veterinary Practitioners to be Inspectors

15 *bis* Any Veterinary Practitioner may be appointed by the Local Government to be both a Veterinary Inspector and Veterinary Practitioner for all or any of the purposes of this Act or of any rule thereunder

S HARVEY JAMES,

Secretary to the Government of India

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 16th September 1896 and is hereby promulgated for general information

ACT NO XVI OF 1896

An Act to amend the Indian Post office Act 1866

WHEREAS it is expedient to amend the Indian Post office Act 1866 It is hereby enacted as follows

Add to section 66 Act XIV 1866

1 After section 66 of the said Act (as amended by section 7 of Act III of 1895) the following section shall be added namely

Recovery of duty of customs paid by postal authorities

67 When a letter packet or article on which any duty of customs is payable has been received by post from any place beyond the limits of British India and such duty has been paid by the postal authorities at any Customs port or elsewhere the amount of such duty shall be recoverable in the same manner as postage under this Act

PART VI

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 8th September 1896

No 20 of 1896

A Bill to amend Act XXXVII of 1850 (for regulating Inquiries into the behaviour of Public Servants)

WHEREAS it is expedient to amend Act XXXVII of 1850 (*for regulating Inquiries into the behaviour of Public Servants*) It is hereby enacted as follows

Title for Act XXXVII 1850

1 The said Act XXXVII of 1850 may be called the Public Servants (Inquiries) Act 1850

Amendment of Act XXXVII 1850

2 In the preamble to the said Act for the words the East India Company the words India shall be substituted

Amendment of section 2 Act XXXVII 1850

3 In section 2 of the said Act for the words the East India Company, not removable from his office without the sanction of the same Government, the word Government shall be substituted

Substitution of new section for section 23 of Act XXXVII 1850

4 For section 23 of the said Act the following section shall be substituted namely —

Power of Government under this Act may in all cases be exercised by the Governor General in Council, and when the person accused can be removed by the Local Government those powers may also be exercised by the Local Government

STATEMENT OF OBJECTS AND REASONS

SECTION 23 of Act XXXVII of 1850 (*for regulating Inquiries into the behaviour of Public Servants*) defines the expression Government as used in that enactment so as to mean the Governor General in Council the Governor or Deputy Governor of the Presidency of Fort William in Bengal the Governor in Council of the Presidencies of Fort St George and Bombay respectively and the Lieutenant Governor of the North Western Provinces of Bengal whose sanction is necessary for the removal of the person accused The language of this section is obscure and refers to an obsolete state of facts The object of this Bill is to remove doubts which may arise on the construction of this section and to declare by whom the powers of Government may be exercised

2 The opportunity has been taken to furnish Act XXXVII of 1850 with an appropriate title

The 8th September 1896

M D CHALMERS

S HARVEY JAMES
Secretary to the Government of India

[First Publication]

NEW ZEALAND—STEWART ISLAND, EAST COAST

Amended particulars of Ward Rock

WITH reference to Notice to Mariners No 120 dated 19th June 1896, issued by this office, the British Admiralty has given further notice (No 449 of 1896) that the Commander of the New Zealand steam vessel *Hinemoa* has recently made an examination of the locality, and found Ward rock to consist of several pinnacles in an area half a cable in extent with a least depth of 8½ fathoms at low water springs, and 17 to 20 fathoms close around

It is situated with Akers point rock bearing S 42° W, distant 1 7/8 miles and south west extreme of Bench island S 50° E

There is a heavy tide rip over the rock

Approximate position, lat. 46° 53′ 15″ S., long 168° 13′ 0″ E

As this rock is probably identical with the rock marked P D on the Admiralty charts in a position S 28° W, distant 6½ cables from the south extreme of Boat Refuge island, unsuccessfully searched for in that position by H M S *Lizard* in 1893 and with Ward rock as reported, about three quarters of a mile south eastward of Boat Refuge island in 1896 the rocks marked in each of those positions have been expunged from the Admiralty charts

(*Variation 17° Easterly in 1896*)

Exact position of Oyster Island light

THE following Notice to Mariners (No 91 of 1896), issued by the Government of Bombay, is republished —

Information having been received from the Officer Commanding R I M S 'Dalhousie," dated 7th August that the position of Oyster Island Light house given in the list of light houses and light vessels in British India, including those in the Gulf of Aden as existing at the end of 1895, is doubtful the following position given in the Admiralty List of Lights of 1896 is to be accepted until further notice —

Latitude	20°	12	00"	N
Longitude	92°	33	00"	E

Oyster Island is a bank of sand standing on a rock foundation and the whole of the surrounding reefs are solid rock

The shape and the extent of the reef is incorrectly shown on the Chart No 821 Heavy breakers were observed during recent bad weather extending 1½ miles to the northward of the light house and subsequent soundings revealed four fathoms (irregular bottom) 1½ miles N 17° W from the light house

RESOLUTION ON THE REPORT OF THE BOARD OF REVENUE ON THE ADMINISTRATION OF THE SALT DEPARTMENT FOR THE YEAR 1895 96

FINANCIAL DEPARTMENT—SEPARATE REVENUE

Darjeeling, the 11th September 1896

RESOLUTION—No 3291 T

READ—

The Report of the Board of Revenue on the Administration of the Salt Department for the year 1895 96

The chief administrative change during the year was the passing of the new Inland Bonded Warehouses Act, VIII of 1896, to provide for the establishment of bonded warehouses at places other than customs ports, and to afford facilities for the bonding of salt in such warehouses The Act being permissive, salt dealers are at liberty to choose whether they will carry on operations as before under the old Act XXI of 1887, or whether they will avail themselves of the new system of removing and warehousing salt under time bonds The rules for working the Act are now under consideration In 1894 95 private warehouses were established by Messrs Turner, Morrison and Company at Khulna and Balasore during the year under review the same firm obtained licenses for warehouses at Bhairab Bazar and Chandbali, and they are now arranging to open a fresh bonded warehouse at Narayanganj The question of the retransfer of the administration of the Salt Department in Orissa from the Madras Board of Revenue to the Government of Bengal, is now under the consideration of the Government of India, together with other proposals which affect the general salt administration of the Province

2 The following statement shows the receipts and charges of the Salt Department during each of the last six years —

HEADS	1890-91	1891-92	1892-93	1893-94	1894-95	1895-96	Increase in 1895-96 compared with 1894-95	Decrease in 1895-96 compared with 1894-95

Total Charges	4 1,4	51 29	4,80,3 0	3,57,7 5	4,04,511	4,1 ,510	31,348	
All charges	31 2	3 0 ,513	98,80,849	2,34 9,470	2,42,97,887	2,46,84,468	3,70,553	

3 The year shows a further increase of Rs 4,01,941, or 1 6 per cent, in the receipts, and of Rs 31,388, or 7 7 per cent, in the charges, the net revenue thus being higher by Rs 3,70,553, or 1 5 per cent, than in the previous year The salt revenue, in fact, has for the first time exceeded that collected in 1881 82, the last year in which the duty was levied at Rs 2 14 per maund, when the net revenue amounted to Rs 2,45,24,553 Under the head of import duty, a falling off at Calcutta and Chittagong was more than counterbalanced by the receipts from increased clearances at Balasore, Narainganj, Chandbali, and the bonded warehouses at Khulna and Bhairab Bazar The revenue from excise salt shows a material improvement owing to the larger sale of salt manufactured at the Government factories in Orissa There was also a considerable advance in the proceeds from rent of warehouses, owing to the golas having been fully occupied during the year The Provincial expenditure on account of salaries, warehouses and rewards shows a small increase of Rs 626

The Salt Trade

4 The following statement shows the fluctuations in the volume of the salt trade in Bengal during the last ten years excluding salt imported by land from Ganjam and the Upper Provinces on which duty is not paid in Bengal —

The stock of salt in the golas at the commencement of the year was over 36 lakhs of maunds, an amount far exceeding the opening stock of any of the ten previous years, and at the close of the year this had only been reduced by 92,330 maunds, since the sales during the year did not materially exceed the imports and local manufacture. The quantity of salt lying afloat in the port of Calcutta, ready to be sold direct to purchasers, which at the end of the preceding year amounted to 7,02,189 maunds, dropped during 1895-96 to 1,602 maunds.

Imports

5. The combined imports into Calcutta and Chittagong show a net decrease of 26,08,816 maunds, or 20·2 per cent., as compared with the previous year. The decrease was confined to Calcutta, the imports into Chittagong showing the large increase of 2,42,648 maunds. The decline in Calcutta is attributed to the large stock brought forward from the previous year, combined with the low range of prices which prevailed throughout the year and the want of bonding space. The increase of imports into Chittagong is said to be due to the easy state of the Liverpool salt market, to larger sales expected on the opening of the Assam Bengal Railway, and possibly to the fact that ships from salt producing countries, which visited Chittagong for the export trade in rice and jute, and which in 1894-95 had come laden with railway plant, had more space to spare for salt at a lower rate of freight. The shipments of salt were received from the following countries —

		1894-95	1895-96	Percentage of quantity imported from each country to total imports in 1894-95	Percentage of quantity imported from each country to total imports in 1895-96	Percentage of increase or decrease in quantity imported from each country in 1895-96

Shipments were received for the first time from Muhammad Goul, a port on the Red Sea, while Hamburg salt is reported to have fallen into disfavour with the traders, owing to the fact that if kept in the golas for any length of time, it hardens into a solid mass and is costly to remove Regarding the demand for foreign salt, Mr Baker, the Collector of Customs, Calcutta, furnishes figures which show that, while the consumption of Liverpool salt shows a decrease of over 4 lakhs during the year, there has been an increase of nearly 3¾ lakhs in the consumption of crushed salt both from shipboard and the golas Mr Baker writes —

"Karkach salt both crushed at the golas and that which is imported ready crushed from Aden is gradually gaining ground and supplanting Liverpool salt Karkach salt imported from Red Sea ports and crushed at the golas closely resembles Panga (Hamburg and Liverpool), and is sold at a much cheaper rate At present the difference per 100 maunds between Liverpool and crushed Karkach is Rs 20 There is no doubt that the dealers take advantage of the close resemblance between the two descriptions to pass off crushed Karkach as Liverpool or Hamburg and also to mix the two descriptions of salt

Clearances of salt

6 Including 1,22,593 maunds of Bombay and Madras salt cleared free of duty in Calcutta duty was paid on 64,64,797 maunds cleared from shipboard, against 69,40,855 maunds cleared in the previous year, while the clearances from bond rose from 34,81,646 to 39,01,985 maunds Nineteen thousand four hundred maunds were cleared for the first time from the newly established bonded warehouse at Bhairab Bazar, and the other warehouses at Khulna, Balasore and Chandbali show clearances of 19,650 and 92,694 maunds respectively, against 400 each in the previous year On the whole, the total clearances of all kinds, including those of excise salt, fell from 1,04,61,216 to 1,04,41,017 maunds

Consumption of salt

7 Deducting from the above clearances the excess of exports from Bengal by land and river over the imports by the same routes, amounting to 9,07,518 maunds, and adding 33,964 maunds of saltpetre salt brought into use the balance of salt left for consumption in the province fell from 97,80,674 maunds in 1894 95 to 95,67,463 in the year under review The rate of consumption per head, after allowing for a yearly rate of increase of 7 per mille in the population since last census in place of the excessive rate of 10 15 per mille hitherto adopted works out to 4 seers 15 chitaks, against 5 seers 1 chitak in 1894 95 In the saliferous districts, excluding Orissa, there was a net decrease of 8,232 maunds in the consumption of licit salt, and the average consumption fell from 5 seers 4 chitaks to 5 seers 2 chitaks As in 1894 95, the lowest rates were in Midnapore (4 seers 8 chitaks) and the 24 Parganas (4 seers 13 chitaks), the former district showing an increase of consumption as compared with the previous year It is remarked that the figures for Midnapore do not represent the total consumption, since several large marts are situated close to the border of the saliferous tract and salt sold at these is consumed within salt law limits In Midnapore, indeed, there is some question whether illicit manufacture for the purpose of sale prevails extensively enough to cause serious loss to the revenue, but Mr Ashton's inquiries render it probable that a considerable amount of smuggling is carried on in the southern portion of the 24 Parganas, and this belief is strengthened by the Board's remarks in paragraph 17 of their report It is there observed that the short rainfall rendered the high tides of autumn more saline than usual, and that this, coupled with deficient harvests, gave an impetus to illicit manufacture during the year under review The Sundarbans and the country bordering on them afford special facilities not only for making illicit salt, but for conveying it into the interior of the 24 Parganas and the neighbouring districts through a network of rivers and khals which cannot be effectually watched by the ordinary police The temporary employment of a special staff of police under a qualified Assistant Superintendent was lately sanctioned for the purpose of making an enquiry into the extent to which illicit manufacture in the southern portions of the 24 Parganas has been carried on, and the Commissioner of the Sundarbans was also instructed to enquire into and report on the same subject The Lieutenant Governor is awaiting the result of these enquiries Various causes, which do not call for special notice, are assigned for the decline of consumption in the rest of the salt bearing districts Orissa shows

a slight falling off in consumption from 9 28 lbs to 9 25 lbs , the decrease, however, is more nominal than real, as the consumption appears to have been over stated in 1894 95

Price of salt

8 Statements A and B appended to the Board's report give for the last two years the wholesale price of salt at monthly intervals in the bazars of district head quarters, and at fortnightly intervals in certain selected marts The prices on the whole were generally lower than in the previous year, the decrease being due to abundant supplies The average wholesale price (exclusive of duty) of 100 maunds of Liverpool salt purchased from the ship's side in the port of Calcutta fell from Rs 60 10 6 to Rs 57 14, a decrease of 9 pies per maund, while the actual price ranged from Rs 81 2 8 to Rs 44 9 6 In explanation of this marked variation, the Collector of Customs observes

"Owing to the action of certain importers during the year 1894 95, when it is believed that attempts were made to make a corner in salt the imports were in excess of the demand and all the available bonding space was monopolised The effect of this was to compel other importers during a period of 1895 96 to sell their salt at a sacrifice from shipboard no bonding space being available and there being no other alternative The direct effect of this was that imports have been checked and the average price of Liverpool salt from the golas, which touched Rs 45 per 100 maunds in the month of November 1895, has now risen to Rs 83 '

The average wholesale price including duty, at the nine chief marts of Bengal decreased from Rs 3 9 1 to Rs 3 7 5, or 1 anna 8 pies per maund The corresponding average based on the wholesale prices of all the districts in Bengal fell from Rs 3 12 10 to Rs 3 11 1 per maund, a decline of 1 anna and 9 pies From the foregoing figures the Board infer that while the dealer bought his salt from the importer at an average reduction of 5 pies only as compared with the previous year, he had to pass it on to the consumer at a reduction of 1 anna 9 pies, but this conclusion can hardly be pressed, as the average of prices at the ship's side relates only to Liverpool salt, while the average of wholesale prices quoted for the districts includes all the different kinds of salt, and moreover represents the sales, not to the actual consumers, but to the middlemen, from whom the consumers procure their supplies

Inter provincial trade

9 The total imports from Madras the Upper Provinces and Assam of duty paid salt fell from 4,29,120 to 3,83,940 maunds during the year, the decrease being due to the lower prices of foreign salt For the same reason the exports from Bengal to Assam, Northern India, and Foreign States beyond the northern border, rose from 11,36,837 to 12,91,458 maunds, giving an excess over the imports of 9,07,518 maunds, against 7,07,717 maunds in 1894 95

Working of the Salt Laws and Rules

10 The number of cases in which contraband salt was confiscated including those in the Orissa districts, fell from 1,098 to 504 during the past year, and the quantity confiscated from 296 to 161 maunds In Midnapore there were 59 cases against 227 in the previous year, but the quantity seized amounted to 10 17 7 maunds, against 7 18 15 maunds in the previous year Of this quantity, 8 2 1 maunds were seized in cases of illicit manufacture, and 2 15 8 maunds in cases of illicit possession and transport In the 24 Parganas the quantity confiscated fell from 30 15 4 maunds to 20 36 14 maunds, 13 26 6 maunds having been seized for illicit manufacture and 7 10 8 maunds for illicit possession and transport In Orissa there was a decrease of 68 8 per cent in the number of seizures and of 81 3 per cent in the quantity of salt confiscated The number of cases instituted in the Courts throughout Bengal was 506, chiefly for illicit manufacture and possession or transport, against 967 in 1894 95, a decrease occurring in all the salt districts except the 24 Parganas and Backergunge, which show an increase of 18 and 17 respectively One of the reasons given by the Collector of Midnapore for the large decrease (146) in the number of cases instituted is the inadequacy of the detective establishment, but the Board point out that there has been no change in the strength of the establishment since 1894 95 The decline of 270 cases in Orissa is attributed by the Board "partly to the improved condition of the people and partly to constant patrols of the officers of the Salt Department and the punishments awarded by the Magistrates."

Of 72 cases sent up for trial with evidence of illicit manufacture in the Orissa districts, 15 were for the possession of earth salt 26 for the possession of salt earth, and 31 for the possession of brine Taking all the saliferous tracts together, there were 487 seizures and 101 unsuccessful searches against 1,054 and 134 respectively in the previous year Out of a total of 513 persons apprehended, 469 were convicted, and the rewards disbursed amounted to Rs 2,721

Salt in Orissa

11 In accordance with custom, the Board devote a separate part of their report to the administration of the Salt Department in Orissa *Karkach* salt was manufactured under the direct management of Government at the factories of Gurubai and Tua on the Chilka Lake The Madras Salt authorities give a good account of the Gurubai factory, but the quantity manufactured at Tua was only 53,214 maunds, against 92,307 in the previous year At this factory the soil is said to be subject to constant saturation with fresh water, and the climate is unsuitable for the manufacture of salt by solar evaporation, while the salt makers (*malangis*) are really agriculturists who only work at the factories when there is no work in the fields, and even then require an exceptionally high rate of remuneration The Commissioner of Salt Revenue, Madras, and the Board of Revenue, Lower Provinces, recommend, however, that the decision of the question whether the factories on the Chilka should be abandoned should be deferred until the close of the current manufacturing season, and until it is known what effect the East Coast Railway will have on the sales of salt manufactured at these factories The Lieutenant Governor accepts this recommendation

The receipts of the Orissa Salt Department rose from Rs 1,06,406 to Rs 2,05,432, while the expenditure fell from Rs 1,54,023 to Rs 1,48,880 The percentage of the charges to the receipts thus amounted to Rs 72 4 The following statement shows the consumption of salt during the last five years, and its rate per head of the population, allowance being made for a yearly increase of 7 per mille upon the figures of the census of 1891 —

Year	Sold from local manufactures	Imported from Calcutta	Imported from Ganjam	Total consumption	Rate per head
1	2	3	4	5	6
	Mds	Mds	Mds	Mds	
1891 92	18 866	2 51 971	4 43,071	7 13 908	10 15
1892 93	81,329	2,76,408	3,37,423	6 95,160	9 82
1893 94	24,460	2,8 ,934	4,48,923	7,59 317	10 65

1895 96	74 635	2 99,836	2,94,326	6,68 797	9 25

12 The thanks of the Lieutenant Governor are due to the Board for their careful supervision of the Department

By order of the Lieutenant Governor of Bengal,

H H RISLEY,

Secretary to the Govt of Bengal

WEATHER AND CROP REPORT

For the week ending the 21st September 1896

Burdwan—Rainfall at Sadar 5 54 Kalna 7 45 Katwa 3 56 Raniganj 3 55 Weather fair Prospect of *aman* crop is most hopeful There has been sufficient rainfall, and it has done considerable good to *aman* crop Sugarcane doing well Fodder and water sufficient Condition of cattle good Common rice selling as follows —

	Srs	
Sadar	11½ to 12	per rupee
Kalna	11½ to 13	
Katwa	12 to 14	
Raniganj	13 to 14	

Midnapore—Rainfall at Sadar 1 90 Contai 2 26 Tamluk 2 23, Ghatal 4 18 Weather seasonable Prospects of crops excellent *Aus* dhan is being cut Indigo is being sown Cattle disease is reported from Garhbeta and Binpur thanas Common rice sells as follows —

	Srs	
Sadar	12	per rupee
Contai	16 to 18	
Tamluk	13	
Ghatal	14 to 15	

24 Parganas—Rainfall at Sadar 3 73 Weather cloudy with occasional rain Prospects of standing crops favourable Harvesting of jute and *aus* still continues Fodder and water sufficient No cattle disease Common rice sells as follows—

	Srs	c	
Sadar	10 to 11	8	per rupee
Barasat	9	0	
Basirhat	10	10	
Diamond Harbour	11	6	

Murshidabad—Rainfall at Sadar 4 69 Kandi 3 54, Jangipur 5 03 Weather seasonable The recent rain has done much good to *aman* crop Harvesting of *bhadoi* still going on Jute mulberry and sugarcane doing well Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	11½	per rupee
Kandi	12	
Jangipur	10½	

Khulna—Rainfall at Sadar 3 52 Bagerhat 4 42 Satkhira 2 57 Weather rainy and cloudy *Aus* being harvested outturn about 8 annas More rain wanted in southern part of the district for transplantation of *aman* paddy Prices of common rice —

	Srs	c,	
Khulna	8 to 9	0	per rupee
Satkhira	10	8	
Bagerhat	9	8	

High price of rice greatly felt in parts of district

Dinajpur—Average rainfall 8 91 Weather very hot The rainfall of the week has done much good to *aman* which is still being transplanted No report of cattle disease Common rice selling from 10 to 12 seers per rupee

Rangpur—Average rainfall 11 43 Transplantation of *aman* and washing of jute still continue No more rain wanted Prospects fair Fodder and water sufficient Common rice selling from 7 to 12 seers per rupee

Pabna—Weather hot and cloudy The rainfall of the week has benefited the standing crops Common rice sells at 8 seers per rupee on an average Fodder sufficient

Dacca—Rainfall 4 64 Weather seasonable The recent rain has done some good to *aman* crop Fodder available No cattle disease Price of common rice varies from 7 seers per rupee at Munshiganj to 9 seers at Sadar

Chittagong—Weather hot and occasionally cloudy Harvesting of *aus* completed average outturn estimated at 14 annas Prospects of *aman* improved, but more rain is wanted Water and fodder sufficient Rice sells at 10 seers per rupee

Patna—Rainfall at Sadar 3 32, Barh 4 25, Bihar 5 45, Dinapore 2 04 Prospects of rice crop much improved *Bhadoi* harvested Fodder and water for cattle sufficient Common rice sells at 12 seers per rupee Prices tending to fall Parts of Bihar subdivision flooded by hill streams water receding

Gaya—Prospects of *aghani* crop fair, though some damage caused in Nawada subdivision by flood Harvesting of *bhadoi* completed Fodder and water ample Common rice selling at 12 seers, against average of 11 seers per rupee

Champaran—Rainfall at Sadar 0 89 Bettiah 2 57 Rain still urgently wanted for *aghani* *Bhadoi* being harvested in places Fodder and water sufficient Price of common rice at Sadar 12½ seers, against average of 15½ seers per rupee

Darbhanga—Rainfall at Sadar 5 88 Madhubani 3 66 Samastipur 2 82 Rainfall of the week has done immense good to paddy, and has given moisture for preparing lands for *rabi* Harvesting of *maize* completed that of *marua* in progress

Bhagalpur—Rainfall at Sadar 7 08 Weather rainy for some days sky quite clear now temperature mild Heavy rain all over the district Prospects of crops improved Cow pox in thana Sultanganj Average price of coarse rice in Sadar 12 seers 10 chitaks per rupee Fodder and water sufficient

Purnea—Rainfall 10 69 Immense good done to crops by recent rain Transplantation of *aghani* rice still going on in places Jute stooping in progress Fodder and water sufficient Common rice sells at 11 seers per rupee

Cuttack—Rainfall 4 22 Weather seasonable *Beali* rice being reaped *Sarad* being transplanted and weeded Condition of cattle generally good Fodder sufficient Common rice sells as follows—

	Srs	c	
Cuttack	15	12	per rupee
Jajpur	21	0	
Kendrapara	18	6	
Banki	22	18	

Hazaribagh—Rainfall at Sadar 3 46, Giridi 9 21 Prospects of crops very good Rice sells from 9 to 12 seers per rupee

General Summary—Abundant rain has fallen over the greater part of the Province during the week It has greatly improved the prospects of winter rice, the transplantation of which is now being rapidly completed Swollen hill streams have done some damage in the south of Gaya and Patna districts In Champaran more rain is still urgently wanted Early rice and jute are still being reaped The harvesting of *bhadoi* crops in Bihar is almost finished Sugarcane is doing well No cattle disease is reported except from two thanas in Midnapore and one thana in Bhagalpur The price of common rice continues generally high, and is said to be still rising in some districts

By order of the Lieutenant-Governor of Bengal,

REVENUE DEPARTMENT,
The 22nd September, 1896

M FINUCANE,
Offg Secy. to the Govt. of Bengal.

The following Statement shows the Quantities of the Principal Staples of Traffic imported into Calcutta from the Interior by Rail, Road, River (Country boat and Steamer), and Canal during the month of May 1896

The mean temperature of the seven days	80.7
The average temperature of the corresponding period for 24 years, Surveyor General's Office	80.3
The extreme variation of temperature	10.6
The maximum temperature	86.1
	Miles
The highest velocity of the wind in one hour	12
	%
The mean relative humidity	89
The average relative humidity of the corresponding period for 24 years, Surveyor General's Office	86
	Inches
The total fall of rain from 13th to 19th September 1896	4.94
The average fall of the corresponding period for 24 years Surveyor General's Office	2.42
The total fall from 1st January to 19th September 1896	51.77
The average fall of the corresponding period for 24 years, Surveyor General's Office	55.56

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h., and 22h.

The maximum and minimum temperatures are obtained from self registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain gauge is one foot above the ground.

o, overcast, g, gloomy, d, drizzling rain, t, thunder, < lightning, p, passing temporary showers, ▲, dew.

FINANCIAL DEPARTMENT

NOTIFICATION—No 4901 F

The 25th September 1896—The following revised rules are substituted for rules 6, 12 18 and 28 of the rules made under sections 9 105, and 130 of the Sea Customs Act VIII of 1878, and published under Notification No 2563S R, dated 23rd April 1894, at pages 500—503, Part I of the *Calcutta Gazette* of the 25th idem —

"*Rule 6*—Immediately after the arrival of the wagons at their destination, notice shall be given by the bonder or his agent to the officer authorised by the Collector of the district or the Collector of Customs if there be any, to supervise the transit of the salt to the ware house This officer shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector, examine the seals, and if they are found intact, take over the pass delivered by the preventive officer to the guard, and superintend the removal of the salt to the appointed warehouse, where it shall be stored in bulk without re weighment unless the bonder or his agent shall desire re weighment The expense of such re weighment shall be borne by the bonder, and in the event of a deficiency or excess being ascertained, the Collector of Customs, Calcutta, should be requested to alter the quantity entered in the bond in the case of excess, and also in the case of a deficiency that may be satisfactorily explained

"*Rule 12*—Immediately after the arrival of the wagons at their destination, notice shall be given by the bonder or his agent to the officer authorised by the Collector of the district or the Collector of Customs, if there be any to supervise the transit of the salt to the warehouse This officer shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector, examine the seals and if they are found intact, take over the pass delivered by the preventive officer to the guard, and superintend the removal of the salt to the appointed warehouse, where it shall be stored in bulk without re weighment, unless the bonder or his agent shall desire re-weighment The expense of such re weighment shall be borne by the bonder, and in the event of a deficiency or excess being ascertained, the Collector of Customs, Calcutta, should be requested to alter the quantity entered in the bond in the case of excess, and also in the case of a deficiency that may be satisfactorily explained '.

"*Rule 18*—Immediately after the arrival of the vessel at its destination, notice shall be given by the bonder or his agent to the officer authorised by the Collector of the district, or the Collector of Customs, if there be any, to supervise the transit of the salt to the ware house. This officer shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector, examine the seals, and if they are found

intact take over the pass delivered by the preventive officer to the master or manjhi of the vessel, and superintend the removal of the salt to the appointed warehouse, where it shall be stored in bulk without re weighment, unless the bonder or his agent shall desire re weighment The expense of such re weighment shall be borne by the bonder, and, in the event of a deficiency or excess being ascertained, the Collector of Customs, Calcutta, should be requested to alter the quantity entered in the bond in the case of excess, and also in the case of a deficiency that may be satisfactorily explained"

"*Rule 28* —Before permission can be granted to transport salt to the warehouse, the bonder will be required to enter into an engagement with the Collector of the district or the Collector of Customs, if there be any, to defray the cost to Government of the establishment noted in the margin or such other establishment as may be agreed to by the bonders with the sanction of the Board, which will be appointed by the Collector for the guard and supervision of the warehouse"

NOTIFICATION—No 202J—D

The 21st September 1896 —In modification of the rules published in the notification of this Government, No 4988J dated the 18th December 1894, the Lieutenant Governor, under the provisions of section 154 of the Code of Criminal Procedure, Act X of 1882, as amended by Act X of 1894 is pleased to frame the following rules under which District Magistrates may appoint village headmen for the purposes of section 45 of the Code in any village for which there is no such headman appointed under any other law —

(1) In all villages in which Act VI (B C) of 1870 has been introduced the Magistrate of the district may appoint either all the members of the chaukidari panchayat to be village headmen, or the principal member of the panchayat or the collecting member where there is one to be the village headman

(2) In villages where Act VI (B C) of 1870 has not been introduced the Magistrate of the district may appoint the principal resident landowner or rent receiver or his representative, or the principal resident cultivator, to be the village headman

(3) In the case of all the members of a chaukidari panchayat being appointed village headmen, or of the principal or the collecting member of a chaukidari panchayat being appointed the village headman a clause shall be added to the appointment order under section 3 of the Chaukidari Act to the effect that they have or he has also been appointed to be village headmen or the village headman under section 45A of the Criminal Procedure Code When a person other than a member of a chaukidari panchayat is appointed, he shall receive a special sanad from the Magistrate

(4) The Magistrate shall keep a register of all persons who have been appointed village headmen showing their names and fathers name and the villages for which they are responsible and shall take measures to effect mutations in this register from time to time when one headman dies and is succeeded by another

The above rules extend only to the districts of the Patna, Dacca and Orissa Divisions excluding the subdivision of Khurda in the district of Puri and will come into force with effect from the 30th September 1896

MILITARY SECRETARY'S OFFICE

NOTIFICATION

Simla, the 22nd September 1896

No 3510M—His Excellency the Viceroy and Governor General will hold a Levée at Government House Calcutta on Thursday the 17th December 1896 at 9 30 P M

All Civil, Naval and Military Officers, Members of the Consular body, gentlemen whose names are borne on the Government House List, or who have already been presented at the Court of St James, and Native Officers of the Native Regiments of the Garrison are invited to attend

Gentlemen who propose to attend the Levée are requested to send their cards to the Aide de Camp in Waiting not later than Saturday, the 5th December 1896 *after which date no cards will be received*, and to bring with them to the Levee two cards with their names clearly written on them—one to be given on entering Government House, and the other to the Aide de Camp in Waiting at the time of presentation

Gentlemen who propose to present others must send in *in writing* for approval the names of such gentlemen to the Aide de Camp in Waiting, not later than Saturday, the 5th December, when, if they are approved, presentation cards will be forwarded

Gentlemen who present others must themselves attend the Levée

Gentlemen wearing uniform will appear in full dress

Gentlemen not entitled to wear uniform will appear in evening dress

Clergymen being University Graduates and other gentlemen entitled to wear robes or gowns on account of judicial or academical office or status should appear in such robes or gowns

The carriages of Gentlemen (except such as have the Private Entrée) attending the Levée will enter by the North East Gate, set down under the Grand Staircase, and pass out by the North West Gate

By Command

PART IB

ORDERS BY THE LIEUT-GOVERNOR OF BENGAL

MUNICIPAL AND LOCAL

NOTIFICATION

No 607T M—The 25th September 1896 —It is hereby notified for general information that the Lieut nant Governor intends, in the exercise of the power conferred on him by section 290 of the Bengal Municipal Act III of 1884 as amended by Bengal Act IV of 1894 to make the following rules and to impose the following conditions subject to which the Commissioners of the Howrah Municipality may allow the owners and occupiers of holdings paying a water rate to lay down communication pipes from the service pipes of the Commissioners for the purpose of leading water to their premises for domestic purposes unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the aforesaid Municipality —

I —So long as the supply of water permits the Commissioners will allow the owners and occupiers of houses paying the water rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884 to lay down communication pipes at their own expense from the service pipes of the Commissioners, for bringing a supply of water into their lands and houses for domestic purposes only, subject to the following rules and conditions —

(1) The owner or occupier of any house or land, requiring water to be laid on for domestic purposes, or requiring any addition or alteration to the existing water supply, must apply for the same in a printed form, to be supplied to him free of cost at the Commissioners Office

(2) Every communication pipe must be capable of withstanding a pressure of a column of water 200 feet in height and must be laid at least two feet below the surface of the ground and above ground it must be screened, wherever practicable from exposure to the sun

(3) In every instance the communication pipe must be connected to a service pipe, and not to a main, by a ferrule and screw coupling to be supplied by the Commissioners on payment of such prices as they may fix from time to time

(4) Whenever a communication pipe has to be laid across a sewer or open drain or in any place, where in the opinion of the Commissioners it is liable to injury such pipe must be passed through a cast iron pipe of sufficient length and strength, to afford due protection to the communication pipe

(5) On every communication pipe a brass stop cock, having the same waterway as the pipe, shall be placed as near as practicable to the point where the said pipe enters the house or premises to be supplied It shall be provided with a surface cover box resting on brick work foundations to indicate its situation, and shall be so designed that it can be locked and the key of it shall remain under the control of the Engineer The stop cock shall be capable of adjustment so that the supply to the house may be regulated by it

(6) Every tap or cock in any communication pipe shall have a waterway at least equal to that of the pipe in which it is fixed, and to ensure water tightness, it shall be of brass, and of the kind called screwdown

(7) No connection shall be made between a communication pipe and any supply pipe, except in the presence of the Engineer, or a Water works Inspector

II —The pipes and fittings for house service shall consist of six sections —

(1) The ferrule connecting the communication pipe with the supply pipe
(2) The communication pipe from the ferrule to the stop cock
(3) The service pipe or pipes from the stop cock to the taps
(4) The taps
(5) The stop cock boxes
(6) The meter and its fittings, if provided

III —(*a*) The fittings shall be exact duplicates of standard samples kept in the office of the Engineer and approved of by him

(*b*) Each fitting shall conform to the following specifications —

(1) *The ferrule* —The ferrule must be of brass or gun metal and of the best workmanship and finish, and be screwed into the supply pipe The inside of the ferrule to be accurately bored to the fixed dimensions The ferrule to be covered with an iron bell cover resting on the supply pipe

(2) *Pipes* —The diameter of the communication pipe shall be determined by the Engineer with reference to the head of pressure prevailing in the section of the town in which the connection is made, due regard being given to the quantity of water required

All pipes shall be of galvanized iron They shall be new and capable of withstanding a pressure of a column of water 200 feet in height, and of a quality approved by the Engineer

The piping shall be at least of the following weights —

½ inch pipe	2½ lbs per yard
¾ " "	3½ " "
1 " "	5¼ " "
1¼ " "	7¼ " "
1½ " "	9¼ " "

No more bends or elbows than are absolutely necessary shall be allowed No bend by heating, and no gradual bend or long sweep, such as to cause risk of splitting shall be allowed

The point of discharge of all pipes shall be above ground and visible to the occupier of the house and the Water works Inspector

(3) *The meter* —If a meter is provided by the Commissioners, it shall be placed as near to the stop cock as possible and in a position where it can be conveniently examined and no meter shall be fixed under ground unless in a brick well No meter shall be disconnected from the service pipe, or in any way interfered with except with the permission of the Engineer

IV —*Testing and proving water fittings* —All fittings used in connection with a supply of water shall be tested and stamped by an officer of the Commissioners before being fixed, and the following fees shall be charged for testing —

Stop cock boxes	2 annas
Bib and stop taps	3 "
Bath fittings	4 "
Ball taps	5 "

Samples of standard fittings, approved by the Engineer, shall be provided by the Commissioners, and exhibited in the Municipal Office Any fittings presented for approval shall if considered satisfactory by the Engineer, be stamped and samples thereof be purchased and placed among the standard fittings

The test mark shall be—

No fitting which is not stamped with the name of the maker shall be tested

V —*Size of ferrule* —The size of ferrule shall be principally regulated by the annual valuation of the premises in accordance with the following scale —

Annual valuation					Diameter of ferrule
Not exceeding Rs	50				⅛"
Exceeding "	50	but not exceeding Rs		100	¼"
Ditto "	100	ditto	"	200	½"
Ditto "	200	ditto	"	400	¾"
Ditto "	400	ditto	"	800	1"
Ditto "	800	ditto	"	1,500	1¼"

VI —*Adjustment of discharge of stop cock* —As far as possible the stop cock shall be adjusted by the Engineer so that the discharge shall be in accordance with the quantity of water allowed on the water rate paid but where the supply is controlled by a meter, this will be unnecessary

VII —(*a*) *Number of taps* —The following shall be the number of taps that may be allowed to premises —

Annual valuation						No of taps
Not exceeding Rs	200					2
Exceeding	,,	200	but not exceeding Rs		300	3
Ditto	,,	300	ditto	,,	500	4
Ditto	,,	500	ditto	,,	900	5
Ditto	,,	900	ditto	,	1,200	6

If the valuation exceeds Rs 1 200 there shall be no limit to the number

(*b*) No person shall be allowed to have more taps than the number he is entitled to unless he puts up a water meter at his own expense

VIII — Every house shall have its own separate service, and no house shall, unless with the sanction of the Commissioners have more than one communication pipe, either from the supply pipe, or from the adjoining premises

The Indian Law Reports

Published under Authority

THE Indian Law Reports, published under the authority of the Governor General in Council appear in monthly parts published as soon as possible after the first of each month at Calcutta Madras Bombay and Allahabad and comprise four series—one for the Calcutta High Court a second for the Madras High Court a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the series for that High Court. Cases heard by the Privy Council on appeal from cases in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt and the Madras Bombay and Allahabad Series are distributed direct from Madras Bombay and Allahabad respectively.

In supersession of the previous advertisements and on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876 —

Terms of subscription payable annually in advance

NEW ZEALAND—STEWART ISLAND, EAST COAST.

Amended particulars of Ward Rock

WITH reference to Notice to Mariners No 120 dated 13th June 1896, issued by this office the British Admiralty has given further notice (No 449 of 1896) that the Commander of the New Zealand steam vessel *Hinemoa* has recently made an examination of the locality, and found Ward rock to consist of several pinnacles in an area half a cable in extent with a least depth of 3¾ fathoms at low water springs, and 17 to 20 fathoms close around

It is situated with Akers point rock bearing S 42° W, distant 1 7/8 miles and south west extreme of Bench island S 50° E

There is a heavy tide rip over the rock

Approximate position, lat 46° 53 15 S long 168° 13 0" E

As this rock is probably identical with the rock marked P D on the Admiralty charts in a position S 28° W, distant 6½ cables from the south extreme of Boat Refuge island, unsuccessfully searched for in that position by H M S *Lizard* in 1893 and with Ward rock as reported about three quarters of a mile south eastward of Boat Refuge island in 1896 the rocks marked in each of those positions have been expunged from the Admiralty charts

(*Variation 17° Easterly in 1896*)

B P CREAGH, *Comdr* R I M
Port Officer of Calcutta

Published for general information

JAPAN—KIUSIU

Karatsu no ura—Sunken rocks south eastward of Taka sima

THE British Admiralty has given notice (No 450 of 1896) of the existence of the undermentioned rocks in the south west part of Karatsu no ura —

1 A rock, now named Matsura se with a depth of 2½ fathoms on it at low water situated with summit of Taka sima (553) bearing W by N ½ N (N 69° W), distant 1 7/8 miles and Hime sima summit (647) N by E ½ E (N 18° E)

Approximate position, lat 33° 28 25" N long 130° 0 55" E

2 A rock with a depth of 3¾ fathoms on it at low water situated with summit of Taka sima bearing N W ½ N (N 39° W), distant 1 7/8 miles, and centre of Daimio's residence W by S (S 79° W)

(*Variation 4° Westerly in 1896*)

[Third Publication]

BAY OF BENGAL—ORISSA COAST

Buoys placed in the New Channel, Elfin flat

THE Port Officer, Chandbally, has given notice that the New Elfin Channel has now been marked off with a Fairway buoy placed in 12 feet reduced as also with a small black Nun buoy in 2 feet 6 inches reduced; Chandipur flagstaff bearing from Fairway buoy N 78 45 W., North Point beacon N 50° 37 30" W, and from black Nun buoy W 11° 30 S, North Point beacon N 28° 7 W magnetic

There is 1 foot 2 inches reduced on the bar

The buoys in the Old Channel will remain in their present position, in case the channel closes up

Masters plying to Balasore are warned that should the New Channel show any signs of shoaling up, they will revert to the old channel

(*This cancels Notice to Mariners No 76 dated the 13th April last*)

RESOLUTION ON THE ANNUAL GENERAL ADMINISTRATION REPORT OF THE BURDWAN DIVISION FOR THE YEAR 1895-96

GENERAL DEPARTMENT—MISCELLANEOUS

Darjeeling, the 29th September 1896

RESOLUTION—No 812

READ—

The Annual General Administration Report of the Burdwan Division for the year 1895-96

The Commissioner reports that most of the district reports were received late, and his own report to Government was in consequence delayed The Lieutenant Governor hopes that more punctuality will be shown by the officers concerned in future

This Division was for the greater part of the year in the charge of Mr J A Bourdillon He took charge on the 9th April 1895 from Mr L C Dutt CIE, was on leave for about a month, when Mr H C Williams officiated, and made over charge to Mr C E Buckland, CIE, on 17th March 1896 Mr Buckland who submits the report, was thus under the disadvantage of having served in the Division only for the last 15 days of the year under report In all the districts except Birbhum and Howrah there were several changes of District Officers

2 *Tours and Inspections* —The Commissioner was on tour in all the districts of the Division, and inspected the offices at all head quarters stations except Burdwan, and all the subdivisional offices, except those at Vishnupur and Jahanabad. He also visited six municipalities besides those at the head-quarters of districts and subdivisions

All the District and Subdivisional Officers spent the prescribed number of days in camp, and the only offices of which they did not make the full number of inspections required by the orders of Government were the Hooghly Collectorate, the Burdwan treasury, and the Vishnupur subdivisional office Each of these was inspected only once The Government and Wards' estates under direct management of Government in this Division are large and particularly important, but it is not stated whether they were inspected, as they ought to have been under Government orders

3 *Weather and Crops* —The Commissioner sums up the conditions of the year in this respect as one of short rainfall and poor crops The monsoon broke somewhat late and ceased early The rainfall was short and unevenly distributed in every district, and the divisional mean was more than 17 inches below that of 1894 95, with the result that the harvests were generally scanty and the usually abundant supply of drinking water deficient in some parts of the division Sugarcane is the only crop that appears to have done well generally The Contai subdivision, which in ordinary years is partially waterlogged, is said to have benefited by the scanty rainfall, while the Ghatal subdivision suffered most from it In spite of a poor harvest, it is reported that the material condition of the people was good The prices of food grains ruled fairly low, being probably influenced by reserves from the good crop of the previous year, and there was plenty of work available for the labouring classes both in the factories about Calcutta and in the railways now under construction Mr Buckland is probably right in thinking that the unfavourable agricultural outturn of the year affected most severely the lower middle classes with small fixed incomes

4 *Public Health and Sanitation* —The year 1895 was an unhealthy one, and the ratio of reported deaths per mille of population was 31 7 The number of deaths from cholera was, however, less by about one seventh than in the year 1894, and it is satisfactory to note that the health of the important towns of Burdwan, Bankura, Midnapore, and Hooghly showed a decided improvement The recorded death rate in Bankura town was as low as 23 3 per mille Much inconvenience and sickness were caused by the scarcity of drinking water towards the close of the year Steps were taken by District Boards and Municipalities to improve the water supply, and it is hoped that more extended and systematic efforts in this direction will be put forth in the near future, but, as the Commissioner remarks, no great amelioration in this direction can be expected until the people understand the elementary principles of sanitation, and themselves realize the benefit of enforcing them The orders issued by Government with a view to check the practice of throwing dead bodies into rivers will, it is hoped, effect some good The Howrah water works were completed and opened by His Honour the Lieutenant Governor during the year, and other municipalities spent small sums on petty sanitary works

5 *Emigration and Immigration* —The number of emigrants registered for the tea districts was about two and half times as great as in the previous year, and it is believed that the emigration of "free" coolies has increased in the same proportion More than 12,300 coolies of all classes are believed to have passed through the Raniganj and Asansol depôts An Assistant Surgeon has been appointed to those places as Assistant Superintendent of Emigration, who will supervise the treatment in transit of these large numbers it is hoped that this appointment will do much good But the Lieutenant Governor is disposed to agree with the view taken by the recent Labour Commission that a much closer control over so called free emigration is urgently called for

In Bankura recruitment by garden sardars is said to be gradually superseding recruitment by *arkatis*, who are looked upon with the greatest fear and suspicion, both in Bankura and Burdwan a considerable number of cases were instituted against person of this class

The mines and factories in the Division attract large numbers of labourers from the North Western Provinces and elsewhere Generally they return home after short periods, but those who work in the mines about Raniganj gradually settle down there

6 *Manufactures, Mines, Trades and Commerce* —The chief articles of manufacture are silk and *tasar*, jute, cotton, molasses, lac, rope, brass and hardware, indigo paper, pottery and iron The silk and hardware industries are steadily declining, and the same remarks is made with regard to the weaving of cotton cloth, but the figures given do not show the outturn of indigenous

looms separately from that of the mills Messrs Burn and Company's potteries at Raniganj show an outturn more than doubled, and the other principal industries seem to be steadily progressing, though comparative statistics are not available for all of them

The quantity of coal raised was large, and prices are said to have fallen The output in the calendar year 1895 was 1,582,499 tons

A comprehensive statement of the principal imports and exports by rail, river and canal is given for the first time in accordance with recent orders of Government District Officers have been unable to review these figures in detail, presumably because they were received too late The imports amounted to 132½ lakhs of maunds, and the exports to nearly 321 lakhs It is only in respect of the trade between Calcutta and the districts of Burdwan, Birbhum, Midnapore and Hooghly that the statistics can be compared with those of previous years, and in them there was a considerable falling off both in imports and exports The total exports of rice and paddy exceeded the imports by nearly 49 lakhs of maunds, in spite of the poor harvest On the other hand, there was a net surplus import of pulses, wheat, and other food grains exceeding 6 lakhs of maunds, but even taking this into account, it is a striking fact that the Burdwan Division should be able to spare for export so very large a quantity of foodstuffs as 43 lakhs of maunds, in a year when the crops are below the normal, and that no serious rise in prices should ensue The figures are, however, of doubtful accuracy, and should, as the Commissioner remarks, be carefully examined by District Officers in future years

7 *Vital statistics*.—It is satisfactory to note that greater attention has been paid to the recording of birth and death statistics, and that omissions to report were promptly dealt with The Commissioner considers, however, that the wide variations between the statistics recorded for different towns show that there is still considerable room for improvement That this is so is clear, too, from the preponderance of deaths over births as recorded in the districts of Burdwan and Hooghly and in almost all the municipalities It is incredible that such a preponderance exists in fact throughout any large areas, or could be brought about by any form of unhealthiness short of a devasting epidemic His Honour trusts that the continued efforts of District Officers may in time succeed in establishing an approximately complete system of registration

8 *Crime, Police, Criminal Justice*.—Both cognizable and non cognizable crime showed an increase, of each description rather more than 20,000 cases were reported, but of the non cognizable cases about 8,000 were connected with sanitary matters and do not come under the category of crime, properly so called More than 96 per cent of all cases reported were found to be true, 752 were declared false, and in 83 of these prosecutions were instituted under section 211 Penal Code, but convictions were obtained only in 24 In a large proportions of cases (6 10 per cent) the police refused enquiry Mr Bourdillon drew the attention of Magistrates to this matter

More than half the cases sent up by the police for trial were disposed of at the first hearing, and only 7 per cent were remanded four times or more In this matter Hooghly has contributed to raise the standard of the Division, and Burdwan to lower it In Burdwan 14 6 of the cases were remanded four times or more, and it is difficult to assign any reason but dilatoriness for a state of things so different from that which prevails in the surrounding districts

Of the cases committed to the sessions for trial 61 7 resulted in conviction

Altogether about 25,000 cases were tried, and of those Honorary Magistrates disposed of 9 900 Over 31,000 persons were tried, and 70 per cent of them convicted, nearly 62,000 witnesses were examined, and of this large number only 3 per cent were detained more than two days Fines to the amount of Rs 1,00,800 were imposed during the year, Rs 96,000 were collected out of the total demand, and the large sum of Rs 17,000 had to be remitted The aid given by Honorary Magistrates and Benches has been most useful, but the Lieutenant Governor regrets to notice that their attendance in some places was irregular The average number of cases disposed of by each Magistrate was larger, and the percentage of their decisions confirmed on appeal was somewhat less, while the percentage of witnesses detained for more than two days was slightly larger than in the previous year, and so far there has been retrogression instead of improvement, but on the whole the administration of criminal justice appears to have been fairly satisfactory

With regard to the police, the criticisms of Magistrates are directed mainly to the evil effects of frequent transfers upon the discipline and local knowledge and influence of the force, and there can be no doubt, as remarked by the Magistrate of Birbhum, that too frequent changes of officers both in the higher and lower grades must seriously impair its efficiency The Lieutenant Governor notices with regret the unfavourable comments made by District Officers on the new class of Sub Inspectors, who it is said, do not mix freely with the people, and report a number of cases as true which they should send up for trial but do not send up One of the objects of the late reorganization of the police was to improve the *personnel* of the force, and the Lieutenant Governor hopes with the Commissioner that under proper advice and guidance, the new Sub Inspectors will be found capable in time, of being turned to good account Satisfactory progress was made in the resumption of chaukidari chakran lands, and the introduction of Act VI of 1870 in all the districts but Burdwan The number of chakran chaukidars was reduced by more than one tenth during the year, but there are still nearly 20,000 of them in the Division

9 *Land Revenue* —There was a falling off in the collections of land revenue, road cess, zamindari dak cess and embankment cess, as compared with the previous year Out of a total demand, current and arrear, of Rs 1,00,06,698, a sum of Rs 93 77,850 or 93 per cent, was collected, and Rs 46,670 remitted, the balance being Rs 6,28,770

In the permanently settled estates the percentage of current land revenue collections on current demand reached the prescribed standard of 99 per cent in Burdwan, Birbhum, and Bankura In Midnapore and Howrah and Hooghly it was 97 and 98 per cent respectively So far the results in permanently settled estates are not unsatisfactory

But in temporarily settled estates the collections were far below the standard, except in Birbhum, where, however, the revenue from this class of estates is trifling

The percentages of collections on current demands in the temporarily settled estates in the different districts, as compared with the standard of 99 per cent, are as follows —

Burdwan	48 4
Birbhum	100 00
Bankura	69 1
Midnapore	87 1
Hooghly } Howrah }	70 6

In the case of the khas mahals the realisations amounted to only 56 per cent of the total demand in Midnapore, and this, though the subdivision of Contai, in which the principal estates managed direct by Government are situated, is said to have benefited by the scanty rainfall

There is much room for improvement in the land revenue administration of this division as a whole, collections in estates managed by Government and in Wards' estates are far below the prescribed standards, frauds have been discovered in the land revenue accounts of some districts, road cess valuations have been badly made, and the number of compulsory processes for realisation of rents and revenue, though reduced during the year under report, is still very great The present Commissioner and District Officers are not responsible for these defects, but the rectification of them requires their unremitting attention

10 *Wards' Estates* —There were 8 estates in the division under the Court of Wards, against 9 in the previous year The percentage of total collections on total demands (*i e* current and arrear) in the Burdwan Raj estates, including the Sujamutha estate, amounted to nearly 65 per cent, whilst the collections in the estates in the district of Midnapore varied from only 5 to 68 per cent and those in the two estates in Bankura and Howrah were 59 and 50 per cent respectively The collections in the Burdwan Raj estates amounted to nearly 96 per cent, on the total current demand—a fairly satisfactory result The outstanding arrears in wards' estates in this Division are very heavy, and should, if irrecoverable by legal process or if beyond the ability of the raiyats to pay, be remitted, as frequently ordered by Government, as there is no object in showing them year after year in the accounts if they cannot be paid

11 *Excise, Stamps, Income tax* —The total excise revenue was Rs 13,30,000, showing an increase of nearly a lakh, the incidence being now 2 annas 9 pies per head of population The revenue from country spirit was highest in Burdwan, but illicit distillation appears still to be common both in that district and in Midnapore A revenue of Rs 19,18,000 was derived from stamps, being Rs 31,000 less than in 1894 95 The income tax yielded Rs 2,32,000, the percentage of collection on the final demand being as high as 99 5

12 *Communications* —Two new branch lines—the Toposi branch of the East Indian Railway and the Bengal Provincial Railway from Mugra to Tarkeswar—have been opened during the year Other new lines have been projected, and lands are being acquired for the Sini Midnapore Cuttack Railway No new roads have been made, but some existing roads have been metalled, and some have been bridged

13 *Education* —There were 11,000 schools with 303,000 pupils at the close of the year, being 200 schools and 7,800 pupils less than at the close of the preceding year Of the total number of boys of a school going age, 33·4 per cent were at school, last year the percentage was 54 1 18,500 girls went to school The total expenditure rose, in spite of the decrease of pupils, by Rs 5,000 to 11¾ lakhs It is satisfactory that the municipalities have been able generally to give increased grants towards primary education, but the District Boards of Burdwan and Bankura have curtailed their grants for some reason unassigned

Twenty nine thousand of the pupils at school were Muhammadans, most of these, the Commissioner remarks were receiving primary education The District Board of Hooghly has transferred two of its model schools to purely Muhammadan centres

The Lieutenant Governor is pleased to notice the good reports of the college kept up by the Burdwan Raj, and of the Raja of Maisadal's technical school

14 *Dispensaries and Hospitals* —The institutions kept up by the Burdwan Raj are again distinguished, and the success of the municipal dispensary at Burdwan has rewarded the interest taken in it by the Municipal Commissioners and Civil Surgeon Other successful dispensaries are maintained by zamindars at Hetampur, Chuckdighi, Ayodhya, Kunahar, Amargotia, Shampur, Nayabasan, and elsewhere It is to be regretted that the District Board's dispensaries in Hooghly are not more popular

15 *Local Self Government Institutions* —The work of District Boards is well spoken of their Chairman, but not so that of the Local Boards, whose responsibilities are thought to exceed their power Mr Bright, Magistrate of Midnapore, reports unfavourably of their management of pounds and of the village road grants (as do other Magistrates), and says that he was able during the recent water scarcity to derive no help from their advice

The same officer has, however, been struck which the interest shown by the leading members of the new Union Committees in his district, of which there are six Six have also been formed in Burdwan, four in Hooghly, and four in Howrah, except in Burdwan, they began work during the year, and some have already excavated tanks

The Howrah Municipality has incurred a debt of fifteen lakhs of rupees for its new water-works It is hoped that the Commissioners will be able to secure the regular repayment of the loan A special auditor had to be appointed by Government to adjust the accounts of the Burdwan Municipality, which were in great disorder The smaller municipalities have been managed with fair success, but the Magistrates of Midnapore and Hooghly deplore the factious spirit which prevails in some of them

16 *Landlord and Tenant* —The relations between landlords and tenants were, with a few exceptions, satisfactory, and the liberality and good management of Raja Jyoti Prosad Garga, of Maisadal, are specially noticed

17 The Lieutenant Governor desires to thank Mr Bourdillon for his careful administration of the Division and Mr Buckland for his clear and interesting report, from which extracts are published for general information

By order of the Lieutenant-Governor of Bengal,

M FINUCANE,

Offg Secretary to the Government of Bengal

Extracts from the Annual General Administration Report of the Burdwan Division for the year 1895 96

* * * * *

IV—PUBLIC HEALTH

30 The following table shows the number of deaths from different diseases in the districts of this Division during the year as compared with the mortuary figures of the preceding two years —

District	Population	Number of deaths from fe			Number of deaths from cholera			Number of deaths from bowel-complaints		
		1893	1894	1895	1893	1894	1895	1893	1894	1895
1	2	3	4	5	6	7	8	9	10	11
Burdwan	1 391 880	93 814	78 837	34 859	535	1 125	3 1 4	801	1 018	1 280
Bhubhum	717 833	16 050	19 890	19 081	340	717	1 070	121	151	117
Bankura	1 469 668	14 905	23 703	23 302	226	2 586	1 303	245		
Midnapore	2 031 710	48 135	51 046	50 343	2 740	7 214	5 184	1 996	2 177	2 142
Hooghly	1 034 236	23 337	28 857	29 464	936	1 940	2 296	2 107	2,8 7	645
Howrah	81 025	0 631	1 094	12 378	1 4 1	2,680	3 447	2 802		
Total	7 688 758	137 952	105 670	168 494	6 237	20 022	16 051	8 282	6 167	6 084

District	Number of deaths from small pox			Number of deaths from other causes			Total number of deaths			Ratio of deaths per mille of population		
	1893	1894	1895	1893	1894	1895	1893	1894	1895	1893	1894	1895

31 The year under review was more unhealthy than the preceding two years The districts of this Division are more or less subject to malaria, and fever as usual claimed the largest number of victims With the exception of Bankura and Midnapore, the death-rate exceeded 30 per mille in all the districts It may, however, be noted that while the mortality in the rural area has increased, that in the urban tract has generally decreased The health of some of the important municipal towns named in the margin show a decided improvement in this respect, while the contrary is the case with Howrah and a few other towns

Towns	Death rate per mille 1894 95	1895 96
Burdwan	46 8	42 4
Bankura	34 4	23 3
Midnapore	42 9	95 4
Hooghly	47 8	41 3

32 In Burdwan the general health of the district was as bad as in 1894 the mortality in some of the thanas, viz, Raina, Khandaghosh, Kalna and Jamalpur being very heavy The number of deaths from cholera shows a slight increase, the mortality from small pox, which prevailed more largely during the period under review than in any of the previous four years, increased considerably The largest number of deaths was, as usual, due to fever, the district being notoriously malarious Mr Windsor, the late Magistrate, observes —

"The effects of fever can be seen even by a layman when passing through the district I was struck by the aspect of the children in some villages in Purbusthali and Satgachia thanas They looked as though they had been born and bred in fever, as very likely they have been If sanitary drainage can relieve the people from the burden of ill health from which they suffer, an effort in that direction should certainly be made Owing to the poor rainfall and the diminished supply of good drinking water, there has been a number of deaths from cholera in the last few months, and I anticipate that the year 1896 97 will be a memorable cholera year, unless there are heavy storms in April and May"

Luckily the rainfall in May was good, and the anxiety about scarcity of drinking water and the prevalence of famine soon passed away

33 In Birbhum the public health was comparatively better than in the preceding year, but it was by no means absolutely good

34 In Bankura there was also some improvement in the health of the people, and there was a decrease in the number of deaths from fever, cholera and other complaints Cholera, however, was prevalent almost all over the Vishnupur subdivision, and special measures were adopted by the District Board under the guidance of the Magistrate Scarcity of good drinking water is believed to have been one of the causes of the outbreak of this disease.

35 In Midnapore the year was more unhealthy than the previous two years Malarial fever was as bad as it was during 1894 95, the mortality being heaviest during November and December, when more than seventeen thousand persons were carried off by the disease As usual, some of the rural tracts suffered most heavily Cholera prevailed almost throughout the year, the most affected localities being the rural areas of Dantun, Maisadal, Contai and Nundigram Deaths from small pox also show a large increase The disease was believed to be imported from Calcutta, and prevailed with most fatal results during March and June Steps were taken to arrest the progress of the disease by means of vaccination

36 In Hooghly, too, the public health was worse than in the preceding year Cholera and fever raged with unusual severity, but, with the exception of Serampore, Baidyabati and Kotrang, the mortality in the municipal areas was lower than in 1894 The prevalence of these diseases is attributed primarily to the scarcity of drinking water towards the close of the year when a wave of cholera passed over the district from north west to south east The ravages caused by this pestilence in Serampore and its neighbourhood were distressing and serious in the extreme Every precaution was taken to lessen the death rate Dr Haffkine came up from Calcutta and inoculated a large number of coolies with successful results

37 In Howrah there was a large increase in the number of deaths, the ratio per mille having risen from 27 to 33 In the town area the ratio of deaths was 42 against 25 per mille in 1894 This increase is attributed partly to better registration and partly to the unhealthiness of the year, caused, it is believed, by the early stoppage of the rains

38 Much inconvenience and sickness was no doubt caused by the scarcity of drinking water, which was experienced in all the districts of the Division towards the close of the year, and yet not only was nothing done by the people themselves to improve the water supply, but they did all they could to render what little water still remained unfit for human consumption The description given by the Magistrate of Birbhum of the tanks in that district is so true that it may be quoted as applicable to those in other parts of the Division Mr Drake Brockman writes —

"Most villages are provided with sufficient tanks, but their state is deplorable, due to neglect and to the habits of the people who use the banks and even the water for the calls of nature It is impossible to walk along the banks of any tank in this district without being offended by sight and smell"

39 Steps were taken to some extent by District Boards and Municipalities to improve the water supply, but such efforts, considering the limited means at the disposal of these bodies, can at best but afford partial relief, and no real amelioration in this direction can be expected until the people understand the elementary principles of sanitation, and realize the benefit of enforcing them in their own households

The practice of throwing dead bodies into rivers has been another source of nuisance, but Government has already issued orders in their Resolution No 946, dated 28th January 1896, with a view to stop the evil

Sanitary works

40 The Municipality of Burdwan spent Rs 2,454 in constructing drains, filling up filthy tanks, and reducing the height of a road The Raniganj Municipality spent nearly four thousand rupees in the improvement of drainage and the re excavation of tanks Small sums were spent in Kalna for the purpose of making a sanitary survey of the town, and preparing a plan and estimate of a connected system of drainage In Katwa the preliminary survey and levelling of the town were carried out at a cost of Rs 1,050 In the small Municipality of

Dainhat a tank was re excavated at a cost of Rs 1,000, and the drainage scheme of the town was completed

41 The Suri Municipality in Birbhum carried out the suggestions made by the Magistrate and the Deputy Sanitary Commissioner for the sanitary improvement of that town The survey and levelling of the existing drains still remain incomplete, and an attempt to carry out preliminary work resulted in failure Mr Drake Brockman notices the want of any sanitation in the rural area, where it is a general practice on the part of the villagers to store their manure and o her rubbish close to their houses and by the sides of dirty hollows, the water of which is used for all purposes by the owners

42 Bankura is naturally well off in respect of drainage The District Board have therefore decided not to initiate any measures under the Sanitary Drainage Bill at present. The District Board spent Rs 896 in sanitary improvements, but, in the absence of any funds or inspecting agency, no systematic attempt was made during the year to improve sanitation in rural areas

43 In Midnapore the sanitation of the town appears to have been generally good during the year and efforts were made to improve the conservancy of the town Attention was paid to water supply by the reservation of tanks, &c

44 In Hooghly the municipalities devoted a fair share of their income to sanitation, and the conservancy arrangements are good so far as they go, but there is still much room for improvement An elaborate drainage scheme for the town of Hooghly was drawn up by the Sanitary Engineer some time ago, but the estimated cost having proved far beyond the means of the municipality, the matter was allowed to remain in abeyance The Municipal Commissioners are more in favour of improving their water-supply than their drains The overtures made by them to the Railway authorities for a supply of river water to selected tanks in the town by means of pipes to be connected with those which supply the Hooghly railway station have so far resulted in nothing The Municipality of Serampore, with a view to improve the internal drainage of the town, has appointed a surveyor for the preparation of a complete and accurate map with levels of the internal drains

As regards the rural areas, the District Board have under consideration a scheme for reclaiming and improving the dry bed of the Kausiki river in the Serampore subdivision

45 The Municipality of Howrah devoted a fair share of its income to sanitation and conservancy

Vaccination

46 The subjoined table shows the number of persons vaccinated during the year as compared with that of the preceding two years —

District	Number of persons vaccinated		
	1893 94	1894-95	1895 96
1	2	3	4
Burdwan	32 263	40,275	32,119
Birbhum	15 107	22,892	20,820
Bankura	31,849	27,928	36,263
Midnapore	60,168	64 244	61,421
Hooghly	20,561	28,472	21,341
Howrah	18,064	24 132	20 296
Total	178,012	207,943	192 260

There was a decrease in the number of persons vaccinated during the year as compared with that of 1894 95, but the number is still far in advance of that vaccinated in 1893 94 The decrease is shared by all the districts

except Bankura, where the number of persons vaccinated exceeds that of th preceding two years

47 The decrease in Burdwan is due to the greater prevalence of feve and influenza among the people and the vaccinating staff, in Hooghly thi was due to a falling off in the number of children and illness of a vaccinator The other Magistrates have not explained the decrease

48 The people are believed to be gradually appreciating the benefit of vaccination, but there is still considerable opposition on religious ground on the part of certain Muhammadans in Burdwan and Hooghly, and som devotees of the goddess Sitala Devi in the latter Objections were also raise in the district of Midnapore, which is still in a backward condition

Calf vaccination.

49 Calf vaccination was tried near Seram pore, and out of 145 operations, 140 were successful In Midnapore, of 133 calves vaccinated during the year, the operation were successful in 125 cases From these calves 6,355 persons were vaccinate against 1,890 during the previous year, the total expenditure incurred wa Rs 67

V —MATERIAL CONDITION OF THE PEOPLE

50 Though the outturn of the winter crop was poor throughout th Division, yet, thanks to the reserves of grain possessed by the people, thei material condition continued to be good during the year The prices of food grain ruled low, and there was plenty of work available for the labouring classes From parts of Midnapore and Bankura, which suffered most from the failure of the crops, large numbers of people are reported to have emigrated to Calcutt and elsewhere in quest of work, which they easily obtained at the factories and the railways in process of construction In fact, in consequence of the daily increasing facilities of communication and transport the position of the agri cultural and labouring classes may be regarded as secure

51 Those who have suffered most from the unfavourable agricultural results of the year, are as usual the lower middle classes with small fixed incomes The difficulties they have to contend with are serious, nor is there any immediate prospect of improvement in their condition The small plots of land on which they principally depend for support were sufficient for the purpose in bygone days, when rice sold at one maund the rupee and labour could be had for the asking, but the case is different now, as, while the standard of living rises every day and the price of labour increases, they have still appearances to keep up and traditions to maintain Taught to despise manual labour by custom, and averse to it by habit, with little enterprise and less capital, they are compelled to swell the ranks of "Umedwars" for private and Government service, and it may be truly said of this section of the com munity that the amelioration in the condition of the labouring classes operates to its detriment Unless, therefore, there is a radical change in the ideas and customs of those who compose it, the out look, so far as this section of the popu lation is concerned, is anything but promising

* * * * *

VII —PRICES OF FOOD AND LABOUR

60 The agricultural depression during the year led to a rise in the price of rice in all the districts of the Division, except Midnapore and Howrah, where it remained stationary The good harvests in the previous years proved bene ficial in checking any abnormal rise in prices The price of common rice ranged from 13 seers in the rupee in Hooghly to 24 seers at Contai These fluctuations are due chiefly, as explained last year, to the sufficiency or otherwise of means of communication In the Contai subdivision the closing of the canal shortly after the thrashing of the paddy was over led to a stoppage in the transport of paddy and the consequent fall in the price of rice

The prices of wheat and gram underwent very slight variations Salt was sold cheaper than in the preceding year in the districts of Burdwan and Birbhum, the price of the article was almost stationary in Hooghly and Howrah, but in Bankura and Midnapore it was much dearer than it was during the previous year

There was no appreciable change in the labour market except in Midnapore and Howrah, where there was a slight increase in wages The increase in the former district is explained by the construction of the railway commenced during the year No explanation has been given of the increase in Howrah

* * * * *

XIII —CRIME

99 There was an increase both in cognizable and non cognizable crime The number of cognizable cases reported during the year was 20,282 against 19,329, and that of non cognizable cases was 20,526 against 17,219 Excluding sanitary cases, which have no bearing upon crime proper, the number of cognizable cases was 12,196 against 11,534

With regard to cognizable crime, the increase was contributed by all the districts except Hooghly, which shows a decrease The increase occurred under all classes, especially in Class V (Minor offences against property) and class VI (Other offences) The increase in Burdwan is ascribed by the Police to the bad harvest of the year, but the Magistrate believes that it was chiefly due to inefficient supervision on their part over the movements of bad characters Better reporting of crime is said to be the cause of the increase in Birbhum and Midnapore Failure of crops in the different parts of the district of Bankura is reported to have led to the increase in that district The increase in Howrah is accounted for by the higher prices of food grain consequent on the scanty rainfall The decrease in Hooghly is due to the ordinary fluctuations in crime

The increase in non cognizable crime, which is shared by all the districts, occurred chiefly in cases of criminal force and of breach of municipal laws

False cases

100 There was an increase both in the number and percentage of cases declared to be false, but more than 96 per cent of the cases reported were found to be true

There was a rise in the percentage of false cases in Burdwan, Birbhum and Midnapore, and a fall in Hooghly and Howrah, while in Bankura the percentage of false cases remained stationary The Magistrates of Burdwan and Birbhum attribute the increase to the various idiosyncracies of the Magistrates who passed the final orders The Magistrate of Midnapore has offered no explanation of the increase in his district

Prosecution in false cases

101 Out of 7 52 cases declared false, prosecutions under section 211, P C, were instituted in 83 or 11 per cent of the cases, against 13 8 per cent in the previous year The result of prosecutions in these cases, though comparatively better than those of the previous year (convictions having been obtained in 24 cases or 28 9 per cent, against 27 8 per cent, in 1894), is still far from satisfactory The difficulty of obtaining conviction was nearly as great, as it always has been It is always difficult in following the procedure required by the High Court rulings on the subject to bring home to the guilty person the charge of making a false complaint There appears to be no radical remedy possible in the existing state of the law, and with the material we have in the Police force, the improvement which is being effected in the latter will in due time produce better results in conviction under section 211 as in other respects, but the main requirement is that District Magistrates should continue to give the matter their personal attention or insist on prosecutions being instituted whenever a chance of conviction appears to be reasonably possible

Reported cases not enquired into by the Police

102 The Police refused enquiry, under section 157, C P C, in 1,345 cases, against 1,419 in 1894 and 1,597 in 1893 Except in Birbhum and Hooghly, the number of cases dealt with under this section shows a decrease, but the proportion of refusals appears to be still too high While it is not desirable to interfere too much with the statutory discretion vested in the Police by section 157, C P C, to abstain from enquiries, it should always be remembered that an indiscriminate use of this section is calculated to discourage people from giving intimation of cases which they know will be shelved by the Police My predecessor, in reviewing the returns of serious crime, took occasion to draw the attention of the Magistrates to this matter, with a view to

checking the tendency on the part of the Police to resort to this section too freely

Compensation under section 560 C P C

103 Compensation was awarded in 99 cases against 84 in 1894 The Magistrates are still found to be generally disinclined to make a free use of this section, though their attention has been frequently drawn to it as a means of checking the institution of frivolous and vexatious cases I agree, however, in the following observations made by Mr Drake Brockman, Magistrate of Birbhum —

'At the same time the section cannot be extensively used inasmuch as it can only be applied after a case is heard by the Magistrate and it is usually in the preliminary stages of a case that a vexatious or frivolous charge is thrown out *e g*, it is either returned as false by the Police or the petition of complaint is dismissed under section 203, C P C, by a Magistrate and the case never comes to trial

Remands

104 Out of 5,215 A forms sent up, 2 621, or a little more than 50 per cent, were disposed of at the first hearing, and only 407 or 7 per cent of cases had to be remanded four times and more Hooghly, as in the previous year, attained the best results, as out of 1,636A forms 1,167 were disposed of at the first hearing In Burdwan, where 131 out of 894 A forms had to be remanded four times or more, Mr Windsor attributes the adjournments to the dilatoriness of the Deputy Magistrates at the Sadar station, who, he adds, are apt to remand cases on very inadequate pleas of "want of time," &c He reports that he has constantly insisted on the prompt disposal of cases, but that with some Magistrates his remarks had no effect

Result of Sessions trial

105 The result of sessions trials continued to be unfavourable, the percentage of acquittals having steadily increased during the last four years The figures are especially unfavourable to Burdwan, Birbhum and Bankura, where the percentages of acquittals were 63 7, 60 and 73 respectively In Bankura, where the percentage was highest, the cases fell through for want of sufficient evidence In Burdwan, the failure of 5 culpable homicide cases is attributed by the Magistrate (Mr Windsor) to a tendency on the part of jurors to give the accused the benefit of any possible or probable shadow of doubt There is nothing new to be said on these points.

Bad livelihood cases

106 There was a decrease in the number of these cases Except in Burdwan and Howrah, the result of prosecutions has been satisfactory

Arms Act

107 Out of 12,308 applications for the grant or renewal of licenses, 171 only were refused The number of licenses granted under the Act rose from 11,811 to 12,608 during the year The increase is shared by all the districts except Birbhum As reported last year arms are kept for self protection or sport and also as marks of respectability There were 96 prosecutions under the Act, of which 90 ended in conviction The accused were all convicted and fined, except one in Burdwan, who was sentenced to one week's rigorous imprisonment, and one in Hooghly, who has absconded, for whose arrest a warrant has been issued The fines imposed amounted to Rs 690, portions of which have been paid away in rewards The shops licensed under the Act were duly inspected, and the accounts of the vendors were found to be generally correct, except in one instance in Midnapore, in which the dealer was prosecuted and fined

* * * * *

Rural police

114 The provisions of Part II of the Village Chaukidari Act were largely introduced into the districts of this Division No less than 2,386 villages were brought under the operation of the Act during 1895, and the number of chakaran chaukidars was reduced from 22,161 in the beginning of the year to 19,867 at its close The work of resumption and formation of unions is going on satisfactorily in all the districts except Burdwan, where very little was done during the year I have

urgently called the attention of the Magistrate to this matter He has pleaded the want of establishment as an excuse for the little progress made, and it will be necessary to apply for the services of an additional kanungo Fair progress was made in the resumption of the ghatwali lands in Bankura during the year

115 The chaukidars under Act VI (B C) of 1870 are as a rule low caste men, and the attempt to improve the constitution of the rural police by appointing men of superior castes has not so far been successful, the duties of the post being regarded as degrading In one village in Birbhum, where some Brahmins were appointed, they have objected to wearing a uniform and beating a drum on the appearance of dacoits As a means for improving the efficiency of the rural police, the Magistrate of Bankura suggests that the chaukidars should be paid regularly, and this may well be effected if a member of each panchayat be induced to appear at the thana on a fixed day after each quarter and pay the chaukidars in the presence of the Sub Inspector of Police If the panchayats' accounts are occasionally inspected, and the chaukidars are questioned on parade days as to payment of wages, irregularities in the payment of wages, which has so often been complained of, are likely to be greatly reduced Reports have been called for from district officers on this point

* * * * *

118 Out of 31,584 persons tried, 22,271, or a little over 70 per cent., were convicted The percentage of convictions in cases tried by the Honorary Magistrates was 78 per cent against 75 in 1894 Taking the figures of each subdivision separately, it will be seen that the percentage of conviction varies from 32 4 to 93 8 The worst results are returned by the Honorary Magistrates in Kalna, Vishnupur, Contai, Tamluk and Jahanabad, the percentage of convictions being less than 50 per cent, while at Burdwan, Raniganj, Ghatal, Serampore, and Howrah the percentage exceeded 70 per cent In the case of the Stipendiary Magistrates the rates of conviction range from 54 7 to 91 3

119 In reviewing quarterly statements of criminal business and returns of serious crime, occasion was taken to call the attention of district officers and the trying Magistrates to cases in which the proportion of acquittals appeared to be unduly large, or in which the sentences passed seemed to be inadequate An instance of this latter nature occurred in Howrah A woman who had deserted her husband seven months before was met by him in the street and desired to accompany him home On her refusing to do so he knocked her down, beat her, and bit off her nose He was tried before one of the Stipendiary Magistrates and sentenced, under section 335, I P C, to one month's rigorous imprisonment The matter being brought to the notice of my predecessor by the District Magistrate, the Legal Remembrancer was asked to move the High Court for an enhancement of the punishment, which was accordingly raised to two years' rigorous imprisonment

120 In all 61,945 witnesses were examined, of whom 2,708, or somewhat over 3 per cent, were detained over two days the ratio per cent of witnesses detained over two days is 4 4 in the case of the Honorary Magistrates, and 3 8 in that of the Stipendiary Magistrates, against almost a similar percentage in 1894 The ratio is very unfavourable to the Subdivisional Officers of Kalna and Rampur Hât, and to the Honorary Magistrates of the Burdwan, the Katwa, the Bankura, and the Ulubaria Benches No reason has been assigned for the high percentage of detention in Kalna, in Rampur Hât it is due to the Subdivisional Magistrate having had a heavy file and being without a Sub Deputy Collector for some months The long detention of witnesses by the Bankura Bench is reported to be partly due to the non attendance of particular Honorary Magistrates who had commenced the trials No explanation has been offered in the remaining cases, but most probably the non attendance of Honorary Magistrates led to the result

Benches

121 The two Benches at Serampore were amalgamated, and the establishment of a new Bench at Amta in the district of Howrah was sanctioned during the year

122 The subjoined table shows the attendance of Honorary Magistrates in the districts of this Division during the year —

District	Number of times the Honorary Magistrates were asked to attend	Number of times they actually attended	Number of times they were absent			Percentage of attendance on times asked	Remarks
			With leave or not on	Without leave or notice	Total		
1	2	3	4	5	6	7	8
Burdwan	2,460	1,553	238	678	916	63·9	
Birbhum	868	385	44	134	178	68·3	
Bankura	85	0 4	45	198	43		
Midnapore	2,230	1,349	134	747	989	55·8	
Hooghly	2,319	1,746	381	435	816		
Howrah	1,740	1,056	155	500	654	1·3	
Division Total for 1896	10,062	6,044	997	2,608	3,605		
Division Total for 1895	9,148	6,029	1,046	0 3	3,039	0 2	

123 With a few exceptions, the Honorary Magistrates in this Division continue to render good service Some of them deserve commendation for their attention to their duties, and I have asked the Magistrates to communicate to them an expression of my appreciation of the help rendered by them to the Stipendiary Magistrates in the disposal of cases

Some of the Honorary Magistrates, however, have been very irregular in attendance, notwithstanding repeated references from the Magistrates

The system of having a permanent roster, showing the particular days on which each Honorary Magistrate has to attend, has been introduced It is hoped that this will have the effect of improving generally the attendance of Honorary Magistrates

Fines

124 Fines amounting to Rs 1,08,276 were imposed during the year, against Rs 93,271 in 1894 The total realizable demand, including the balance outstanding at the commencement of the year, was Rs 1,38,124, of which sum Rs 96,003 were realized, Rs 16,931 remitted or written off, leaving an outstanding balance of Rs 25,190 at the close of the year In granting remissions, careful enquiries are said to have been always made to ascertain whether the defaulters had any property, by the sale of which the fines could be recovered In Midnapore and Hooghly a large portion of the excise fines was found to be irrecoverable, the defaulters being men of no substance The Magistrate of Midnapore has drawn the attention of the trying Magistrates to the necessity of taking into consideration the circumstances of the accused when imposing fines, a rule which is too often disregarded in the trial of excise cases

* * * * *

XVII—CONDITION OF THE DIVISION AS REGARDS LAND AND LAND REVENUE ADMINISTRATION

129 There was an important change in the system of administering the land revenue in the Division during the year, viz, that the accounts of the Zamindari Dak cess were amalgamated with the Tauzi accounts in all the districts of the Division, and the Road and Public Works cesses in the districts of Birbhum and Bankura

130 The total number of estates exceeded that of the previous year by 48, the increase is chiefly due to the resumption and settlement of pharidari lands The total demand in respect of the several districts of the Division was Rs 86,09,086, of which Rs 82,47,986 were collected and Rs 16,778 remitted, leaving a balance of Rs 3,43,633 The percentage of the total collections on the total demand was practically the same as that of 1894 95, being 95 8 against 95 5 As in the previous year, the percentage of collections in Burdwan, Birbhum and Bankura was over 99 In Hooghly it rose from 96 8 to 97 3, while in Midnapore it was only 89 2 The falling off in Hooghly is nominal, being due to a sum of Rs 19,708 having been received by transfer receipt too late to be credited within the year The decrease in Midnapore was chiefly under class III (Estates under direct management) With regard to the estates of this class, the Collector (Mr Bright) states as follows —

"The percentage of collections in class III has risen from 48 3 to 51 4 Throughout the year I impressed upon the Khas Mahal Departments the necessity of pushing on collections and I carefully watched the progress they made There is no doubt that we are as ye far from the prescribed minimum standard, but with an estate like Majnamutha, which bears an annual demand of rupees two lakhs and twenty three thou and, and which in years of ordinary rainfall is liable to inundation, it is hopele s to attain anything like 90 per cent

131 The number of estates and shares of estates which became liable to sale in this Division during the year for non payment of Government dues was 2,347, of which 207 estates or 8 8 per cent were actually sold, against 123 or 8 8 per cent in the previous year These figures show that the Sale Law was administered in the Division with great, if not with excessive, moderation

Road and Public Works cesses

132 The cess demand during the year was Rs 11,18,608 against Rs 10,97,705 in 1894 95, showing an increase of Rs 20,903 The increase occurred in all the districts except Midnapore and Hooghly The increase in Burdwan and Bankura is due to revaluations, and that in Birbhum to the valuation of rent free tenures under section 68 of the Act The decrease in Midnapore is the result of abatements sanctioned Regarding Hooghly, the Collector says that the figures given in the previous year's report were wrong, and that the actual demand was found to be Rs 2,24,324 on the correction of the mistakes and the disposal of objections, as anticipated in paragraph 129 of the previous year's report

* * * * *

Public Demands Recovery Act

137 During the year Act VII (B C) of 1880 was repealed by Act I (B C) of 1895 The new Act introduced some important changes, viz, (1) the realisation of interest after the date of the filing of the certificate, and (2) the right of redemption of the property sold under a certificate

138 The number of certificates pending from the previous year was 12,913, the number filed during the year was 16,866 against 28,761 filed in the preceding year, showing a decrease of 11,895 or 41 3 per cent The decrease occurred in all classes of demands and in all the districts of the Division The falling off was principally under the head of demands under the Cess Act IX (B C) of 1880, the institutions being 9,612 against 17,178 This abnormal decrease is attributed partly to the amalgamation of petty rent free holdings with their parent estates, and partly to the inability of the Road Cess office to issue requisitions owing to press of work thrown upon it by the introduction of the new Tauzi Manual The disposals were in advance of the institutions in all the districts except Midnapore, where there was a slight decrease in the number of disposals The result was a considerable decrease in the arrears as compared with those of the previous year, viz, 15,841 against 22,913 It is satisfactory to notice that out of 25,246 cases disposed of, recourse was had to the extreme measure of sale in 465 cases only, which is equivalent to a percentage of 1 8, in nearly 24 per cent of cases the demands were satisfied on the mere issue of notices The number of cases in which warrants were issued, and the amounts paid without recourse to imprisonment, rose from 111 to 575 This remarkable increase was confined to Bankura, viz, 560 against 4 in the preceding year This was due to the issue of warrants of arrest in a large number of old cases It is satisfactory to observe, however, that only one man was imprisoned for default of payment

Partition

139 As reported last year, operations under the Partition Act are practically unknown in this Division In Burdwan two applications were received during the year, but they were rejected Of the three cases pending in that district from the previous year, measurements in two have been completed, and in one notice under section 51 of the Partition Act has been served The case pending in Hooghly from 1892 93 was struck off, as the parties refused to proceed with the case It has been revived at the instance of one of them, and the proceedings will shortly be brought to a close

Land registration

140 The number of applications during the year was 3,669 against 3,135 in 1894 95 The increase occurred in the districts of Burdwan, Bankura and Midnapore The increase is principally the result of more energetic steps taken by the District Officers to secure registration Information of transfers of estates continued to be supplied by Sub Registrars, Cess Deputy Collectors and Civil Courts, and this was of great assistance in tracing out the persons who omitted or neglected to register their names The Collector of Midnapore suggests that a general order on all panchayats to send information of all changes of proprietorship within their respective jurisdictions is likely to prove very useful The suggestion would have been of more practical value had the panchayats been under any legal obligation to furnish the information The fees realised in the Division under section 64 of Act VII (B C) of 1876 amounted to Rs 1,240

141 There was no expenditure under the head of Land Registration in any of the districts of this Division, except in Burdwan, where a temporary establishment was entertained at a cost of Rs 648 for the purpose of revising and completing Registers A, B and C

* * * * *

Embankments

144 No work of importance was constructed in any of the districts of this Division during the year 1895 96 In Burdwan a scheme for excavating a channel and constructing an embankment for the protection of certain villages on the right side of the river Damodar has been submitted by the Executive Engineer, Northern Drainage and Embankment Division, for the orders of Government In Birbhum, out of the total cost of Rs 1,777 advanced for the repair of a D schedule embankment on the river Kuha near Muhammad Bazar, the instalments recoverable during the year were realised, viz, Rs 57 principal and Rs 85 interest The outstanding balance at the close of the year was Rs 1,649 In Midnapore there are altogether 22 embankments, of which 18 are dealt with under the contract system and 4 under the Embankment Act With regard to the former, the original contract with the proprietors for 20 years expired on the 31st March 1894, and an extension of the system for a further period of seven years was sanctioned by Government at the old jama of Rs 55,225 Final orders as to the amount due under the new contract were not, however, published until 28th October 1895, and as a large number of notices had to be prepared and issued, which could not be completed before the end of the year, there was no current demand under the contract system during the year Advance payments amounting to Rs 50 546 were, however, made by proprietors during the two years following 31st March 1894 This amount represents about 46 per cent of the total demand, there is no arrear demand under the expired contract, except Rs 362 8 3, which are due from an estate under the Court of Wards In Hooghly Rs 24,867 were expended on old and Rs 1,824 on new works Of the demand on account of old works Rs 12,331 were due from the Burdwan Raj estate and will be adjusted under the agreement with the proprietor of the estate Out of the balance of Rs 12 536, which is due from the proprietors whose lands have been benefited by the embankments, Rs 5,949 principal and Rs 43 interest were realised up to the end of the year Another sum of Rs 1,957 due from Raja Peary Mohun Mukerjee, C S I, will be realised by transfer from the amount held in deposit for the construction of the Kumrul sluice With regard to the sum due on account of new works, the usual notices have been issued on the proprietors

Drainage

145 There are four drainage schemes in this Division, all in the district of Hooghly, viz, those of Dankuni Howrah, Rajapur and Amta The first three have been completed, and the last is still under the consideration of the Public Works Department

Dankuni scheme

146 The whole of the amount realisable on account of the original cost has been collected, except Rs 1,73 , which were realised from Maharaja Sir Jotindra Mohan Tagore, K C S I, in excess of what was due from him, and which had therefore to be refunded under the orders of the civil court Measures are being taken to realize the amount from the Receiver of the High Court under the Public Demands Recovery Act The capitalized maintenance charges of this project were Rs 65,344, of which Rs 276 were remitted, leaving a balance of Rs 65,068, of this sum Rs 64 603 were realised up to March 1896 Out of the balance of Rs 465, Rs 312 will have to be ultimately remitted as due from Government

Howrah scheme

147 The net recoverable demand for both the original cost and capitalized maintenance charges was Rs 5,24,924, of which Rs 1 09,773 were collected as principal and Rs ,286 as interest up to March 1896, leaving a balance of Rs 4,15,151 realisable in 13 years from 1st April 1893 The number of engagements executed up to the above period is 279, covering Rs 3,56,4 2

Rajapur scheme

148 The survey operations in this scheme were reported to have been completed during the preceding year During the year under review the apportionment of the original cost and maintenance charges was made and published under section 34 of the Drainage Act The total original cost, together with simple interest up to March 1895, is reported to be Rs 12,44,488 The original cost will therefore be 4 76 years' purchase of the annual increased value of Rs 2,61,322 fixed by the Drainage Commissioners The total cost including the capitalization of the maintenance charges will be a little more than 5 years' purchase

Advances under the Land Improvements and Agriculturists Loans Act

149 A sum of Rs 28,000 was originally allotted to this Division by the Board in April 1895, and distributed among the districts of this Division according to their requirements Subsequently, on the application of the District Officers, a further sum of Rs 15,000 was allotted, viz, Rs 10,000 to Midnapore and Rs 3,000 to Bankura for advances under the Agriculturists Loans Act, and Rs 2,000 to Hooghly for advances under the Land Improvements Loans Act The total amount sanctioned during the year was therefore Rs 43,000 Out of this large sum only Rs 12,490 were advanced, viz, Rs 10,750 under the Land Improvements Act and Rs 1,740 under the Agriculturists Loans Act in Burdwan and Bankura In Birbhum no advance was made out of the allotment of Rs 4,000 granted to that district. The Collector explains that he personally took every opportunity to induce zamindars' agents to take loans for the improvement of tanks in their villages, but without success wide publicity was given to the intention of Government to grant loans freely on good security, and accordingly a large number of applications poured in towards the close of the year, but most of them remained undisposed of pending inquiry into the validity of security offered

150 In Midnapore, to which district the largest amount, viz, Rs 18,000, was assigned, only Rs 200 were advanced in a single case The Collector ascribes his inability to make more advances to two reasons—(1) the inadequacy of the kanungo staff employed in making enquiries into the sufficiency of the security offered, and (2) the instructions issued by Mr Bourdillon to the effect that these loans should be delayed until the local resources were exhausted

151 The amount realizable during the year was Rs 35,140 of which Rs 22,774 were collected and Rs 594 remitted, leaving a balance of Rs 11,772 The balance was largest in Bankura, viz, Rs 10,994 In Burdwan, Midnapore and Hooghly the balances at the close of the year were Rs 596, 112 and 7 respectively The whole of the outstanding balance is in course of realisation under the Public Demands Recovery Act

Working of the Bengal Tenancy Act

152 The Act appears to have worked smoothly in all the districts of this Division The agitation prevailing among the raiyats of Midnapore about the institution of suits for commutation of rents in kind into money rents has subsided to a considerable extent The Collector, Mr Bright, observes that the Act has placed in the hands of the raiyats in the district powers which they, and especially those in the Contai subdivision, are beginning to recognize most fully

153 The operations under the Act related chiefly to (1) the service of notices under sections 12 to 15 and 87, (2) to commutation of rents payable in kind into money rents under section 40, and (3) to the registration of improvements under section 80

154 The number of applications for the commutation of rents in kind into rents in cash fell from 200 in 1894 95 to 17 in the year under report The raiyats at first took it into their heads to file a few applications from each of several villages in the vicinity of the district head quarters to serve as test cases, but the result was not as favourable to them as they hoped The raiyats expected that the rates of their commuted rent would be fixed on the basis of the adjacent cash rents, but they have been to a great extent disappointed to find that the court in determining rates of money rent acted under clause 4 (*b*), section 40 by giving due weight to the average value of the rent actually received by the landlord during the 10 years preceding the year in which the application for commutation was filed Speaking of the effect of these cases on the value of landed property in the district, Mr Bright observes —

"One of the effects of these rent commutation cases has been a novel and an unexpected one In October last when I sat to hold patni sales under Regulation VIII of 1819 I could not get adequate bids for certain patni taluks which were believed to be profitable properties I inquired of the persons assembled in my court on the occasion why adequate bids were not being offered, and they stated that the recent rent commutation cases which had converted rents in kind into cash rents had been so disadvantageous to the patnidars, whose jama had been fixed in the belief that they would continue to receive rents in kind that there was no demand for patni taluks and that no one would bid for them This is a most unexpected outcome of section 40 of the Bengal Tenancy Act

* * * * *

XXVI—EDUCATION

195 There were in all 11,016 schools with 303,330 pupils on the rolls at the close of the year against 11,268 schools and 311,133 pupils at the close of the preceding year This decrease of 252 schools and 7,803 pupils is shared by institutions of all classes In Burdwan and Hooghly there was a diminution in the number both of institutions and pupils Birbhum with a slight increase in the number of its schools shows a considerable falling off in the number of pupils In the other districts there was an increase in the number both of schools and pupils

Financial results

196 The total expenditure on education in this Division rose from Rs 11,71,531 to Rs 11,76,830 The expenditure from Provincial revenues fell from Rs 81,691 to Rs. 78,587, and that from District Board Funds from Rs 1,63,209 to Rs 1,61,644 But there was an increase in the expenditure from other sources, including municipal funds

Colleges

197 Besides the two colleges at Hooghly and Midnapore which are maintained by Government and local bodies, there are two colleges—one at Uttarpara in the district of Hooghly, and another at Burdwan Both these institutions are supported and managed by private individuals No information as regards the Uttarpara College is available The Burdwan Raj College free institution maintained by the Burdwan Raj, now under the Court of Wards, is in a very flourishing condition It sent up 98 candidates for the last First Arts Examination, of whom 42 were successful, 2 passing in the first, 8 in the second, and the rest

in the third division, 3 of these won scholarships The result is very creditable to the college staff, and especially to the Principal, Babu Uma Charan Banerji I presided at the institution on the occasion of the last prize distribution in May 1896, and was much pleased with the accounts furnished to me of the good behaviour and discipline of the boys I made a suggestion to the young Maharaj Kumar and the Manager of the Burdwan Raj that a boarding house attached to the college, capable of holding 200 boys, is an improvement much to be desired

High schools

198 There were at the close of the year 87 high schools with an attendance of 13,783, against 83 high schools with 14,005 pupils at the close of 1894 95 Burdwan and Howrah each gained one and Hooghly two schools The number of schools in the other districts remained the same as in the previous year There was a falling off in the number of pupils in all the districts except Birbhum, which shows an increase

The following is a comparative table of the results of the University Entrance examinations in the districts of this Division during the last two years —

District	1894 95		1895 96	
	Number of competitors	Number of successful students	Number of competitors	Number of successful students
1	2	3	4	5
Burdwan	153	78	153	87
Birbhum	48	39	46	35
Bankura	67	34	56	41
Midnapore	120	32	111	65
Hooghly	214	114	193	113
Howrah	128	46	117	47
Total	730	343	675	388

The result was much better than in the preceding year, 57 per cent of the competitors having passed against 46 per cent One of the unaided schools known as the Town School at Midnapore is entitled to special praise, having passed all the 15 boys it sent up at the last Entrance Examination

Middle schools

199 There were in all 407 Middle English and Middle Vernacular schools against 410 in the preceding year Loss of 3 schools was attended by a loss of 742 pupils All the districts, except Howrah, shared in the decrease in the number of pupils There was, however, an increase in expenditure from fees and other sources in schools of this class The subjoined table shows the result of the Middle Scholarship Examination during the past two years —

Districts	1894 95		1895 96	
	Competed	Passed	Competed	Passed
1	2	3	4	5
Burdwan	372	166	361	206
Birbhum	141	80	169	73
Bankura	185	94	180	113
Midnapore	336	185	377	150
Hooghly	242	152	219	97
Howrah	109	67	110	56
Total	1 374	744	1 416	695

The result of the examination was unsatisfactory, the proportion of successful candidates to their total number being small

Primary education

200 There were 10,512 Upper and Lower Primary schools with 263 935 pupils, against 10,624 schools with 267,977 pupils in 1894 95 The districts most seriously affected are Burdwan and Hooghly, in the former, a reduction of 66 schools was attended by a loss of 2,739 pupils, and in the latter, there was a decrease of 176 schools and 4,982 pupils There was a falling off in the number of pupils in Birbhum All the other districts show an increase Under this head the large decrease in Burdwan has not been explained it may be due to the prevalence of malarial fever That in Hooghly is ascribed to the transfer of an outpost from Hooghly to Howrah Malarial fever and the failure of crops led to the diminution in Birbhum

Expenditure

201 The total expenditure on primary education fell from Rs 6,08,563 to Rs 5,97,876 The decrease occurred in the grants from all sources except municipal funds, under which head there was an increase in all the districts except Burdwan The District Boards of Midnapore and Hooghly spent much larger sums in the promotion of primary education, but the District Boards of Burdwan and Bankura curtailed their grants during the year No reason has been assigned for these variations in the expenditure

Examinations

202 The following table shows the result of the Upper and Lower Primary Scholarship Examinations during the last two years —

Districts	Upper Primary				Lower Primary			
	1894 95		1895 96		1894 95		1895 96	
	Number competed	Number passed	Number competed	Number passed	Number competed	Number passed	Number competed	Number passed
1	2	3	4	5	6	7	8	9
Burdwan	356	161	338	132	1 088	562	1 474	785
Birbhum	144	52	121	73	686	299	611	348
Bankura	274	104	258	96	1 770	757	1 467	855
Midnapore	484	169	557	201	3 735	1 985	3 987	1 519
Hooghly	166	85	193	76	1 381	703	1 232	466
Howrah	108	61	142	99	735	316	765	343
Total	1 532	652	1 609	779	9 395	4 622	9 536	4 216

It will be seen from the above figures that while the proportion of candidates who passed the Upper Primary Scholarship Examination was higher than it was during the preceding year, the result of the Lower Primary Scholarship Examination was worse, the percentage of successful candidates being 44 2 against 49 1 in the preceding year

Female education

203 There were altogether 18,532 girls in receipt of education in girls' schools and schools attended by boys Excluding Hooghly, for which no figures have been furnished, the number of girls' schools was 316 Bankura and Midnapore has returned the largest number of girls receiving education The Hitakari Sava at Uttarpara is doing its best to further the cause of female education Leaving out of account Howrah, for which no information is available, 248 girls from the districts of this Division appeared at the Uttarpara Hitakari Sava examination, of which 205 passed, some of them obtaining scholarships The Magistrate of Hooghly reports that the missionary societies are doing much in the way of promoting female education

Muhammadan education

204 There was a considerable diminution in the number of Muhammadan pupils attending schools during the year The loss was shared by the districts of Burdwan, Birbhum and Hooghly, while the other districts show an increase The subjoined table shows the number of Muhammadan pupils attending schools in the different districts in this Division —

1	2		3		4		5	
District	Population		Total number of pupils attending schools		Number of Muhammadan pupils attending schools		Percentage of Muhammadan pupils to total number of pupils	
	Total (a)	Muhammadans. (b)	1894-95 (c)	1895-96 (d)	1894-95 (e)	1895-96 (f)	1894-95 (g)	1895 (h)
Burdwan	1 391 880	267 374	46 070	44 759	6 739	6 056	14 4	13 8
Birbhum	797 893	161 752	25 264	24 134	5 101	4 609	20 1	19
Bankura	1 069 668	45 812	28 483	28 939	1 4 2	1 138	3 6	3 6
Midnapore	2 631 516	171 412	118 819	119 189	6 397	6 607	5 4	5 5
Hooghly	1 034 296	189 169	43 767	44,067	7 0 5	6 520	14 1	14 7
Howrah	763 625	1 0 022	32 600	32 755	3 080	3 608	9 4	11 01
Total	7 688 818	999 191	311 199	303 330	29 794	28 821	9 7	9 5

There was a slight variation in the percentage of Muhammadan pupils to the total number of pupils attending schools in this Division Considering that the Muhammadans form 12 9 per cent of the entire population, the proportion of Muhammadan pupils can hardly be regarded as low, but it should be remembered that most of them are receiving primary education Excluding Hooghly and Howrah, for which figures are not available, the number of Muhammadan pupils who were successful at the different examinations was —

F A	1	against	2 in 1894 95	
Entrance	4	,,	3 ,,	,,
Middle English and Vernacular Scholarship	17	,,	9 ,,	,,
Primary Scholarship	287	,,	251 ,,	,,

Not a single candidate appeared at the Entrance or Middle Scholarship Examinations from Bankura The largest proportion of successful Muhammadan candidates come from Burdwan

Education of Santhals and other aboriginal races

205 There were, as in the previous year, 8 schools for the education of the miners' children in the Raniganj and Barakar coal tracts, attended by 177 pupils, of whom 71 were aborigines, 97 low caste Hindus and 9 Muhammadans The pupils receive free tuition at these institutions, each guru receiving a monthly stipend of Rs 8 from Government Four of these gurus have advanced so far as to teach up to the standards prescribed for the Lower Primary Examination three of these sent up 4 candidates to the Lower Primary

Scholarship, but all were unsuccessful These patshalas are reported to be accommodated in miserable thatched huts, not suitable for the purpose, the Managers of the Coal Companies taking very little interest in the welfare of these institutions

In Birbhum there were 13 schools for the education of Sonthals, attended by 258 pupils All these institutions are maintained by the District Board, which contributes a monthly stipend of Rs 5 to each Two boys passed the Lower Primary Scholarship Examination, one of whom was awarded a scholarship Seventeen Sonthal lads passed at the Reward Examination

In Bankura the number of pupils of the Sonthal and other aboriginal races increased from 1,227 to 1,570 The proportion of Sonthal boys actually at schools to the total number of scholars in the district rose from 3 1 to 3 9, and their proportion to the total number of Sonthal boys of school-going age was 16 7 against 13 1 per cent in the previous year The results of the several examinations, so far as pupils of this race are concerned, were not so satisfactory as in the previous year, except as regards the Upper Primary Scholarship Examination, at which 4 out of 9 candidates were successful At the Lower Primary examination, out of 45 candidates 12 only passed against 17 in the previous year At the Reward Examination 142 competed, of whom 120 passed against 138 in 1894 95

In Midnapore 1,882 pupils belonging to the aboriginal tribes were under instruction None of these passed the Middle Vernacular Scholarship Examination during the year, while in 1894 95 three candidates were successful Two passed the Upper Primary and 24 the Lower Primary Scholarship Examinations during the year For the encouragement of primary education, one of the lower primary scholarships is awarded annually to the best among the successful students belonging to these races

Special education

206 The Technical School at Burdwan, which was started in 1893, was affiliated during the year to the Sibpur Engineering College The attendance is gradually declining, and the year closed with only 13 students on the roll The total cost of maintenance amounted to Rs 2,052, of which Rs 1,812 were contributed by the District Board and Rs 240 by the Municipality The condition of this institution is by no means hopeful, and bespeaks a want of application by the local people of the importance of the institution

In Midnapore the Bhimpur Sonthal Normal School, which is under the management of the American missionaries, is doing much useful work by training up teachers for the education of Sonthals and other aboriginal races The Maisadal Raja's Technical School at Midnapore, now under the management of the District Board, improved considerably during the year Effect has been given to the recommendations made by the Director of Public Instruction during his last visit to the school Classes have been organized for teaching theoretical subjects, and it is under contemplation to replace the present staff of artisan instructors by better men

Indigenous education

207 There were 40 private schools in Burdwan attended by 370 pupils Some of these are Koran schools and Muktabs, teaching a little of Arabic and Persian All of these do not conform to the departmental standard The number of private schools was reduced from 66 to 49, the decrease being due to the fact that some of them were not returned during the year There was, owing to the same cause, a loss in Midnapore of 21 schools and 117 pupils The sum of Rs 2,014 was paid in rewards by Government to the pandits of Sanskrit tols in that district, in consideration of the good results of an examination held during the year

* * * * *

XXX.—LOCAL SELF GOVERNMENT INSTITUTIONS

District Boards

216 Mr J Windsor, the late Magistrate of Burdwan, while acknowledging freely the assistance rendered to him by the District Board, and the good practical work done by the several Committees, notices that the Board have not done all that could be done for the effective administration of education The Magistrate of Howrah, Mr H F T Maguire, who joined the district when the year under

report was about to close, has expressed no opinion about the working of local bodies The other District Officers speak well of the work done by the District Board in their respective districts

Local Boards

217 Mr Windsor has remarked that he cannot say much in favour of Local Boards They have not sufficient work to interest the members, and they often fail in the work assigned to them Collections of pound and ferry rents were fairly good except in Kalna Katwa alone administered the village road grant with discretion, and there is room for much improvement in the work of the Local Boards generally in respect of primary education As noticed in paragraph 209 of the last report, Burdwan is the only district in this Division in which the management of secondary education has been made over to the Local Boards The arrangement, as might be expected, has not worked well, and the District Board has resolved to withdraw the power in question from the beginning of the current year

The Magistrate of Bankura, Mr N Bonham Carter, reports that the Local Boards proved useful so far as primary education is concerned, but their management of village roads, pounds and ferries cannot be said to have been successful

The Magistrate of Midnapore, Mr W R Bright, makes the following remarks —

"I am afraid that Local Boards are not very useful institutions Their management of pounds has been open to much criticism and the state of the village roads also leads to very unfavourable comments It is difficult to see how it could well be otherwise, for they have large jurisdictions and no establishment I think they are as institutions a mistake They are expected to make a good number of bricks practically without straw Theoretically, they should be useful as assisting the District Board with local information on local needs, but I have been much struck with their complete uselessness in this line during the water scarcity which is just past

The Local Boards in the districts of Birbhum and Hooghly are reported by the Magistrates concerned to have worked well

Union Committees

218 Twenty one Union Committees, namely six in Burdwan, six in Midnapore, four in Howrah and five in Hooghly, were started in this Division during the year as an experimental measure They have generally been entrusted with village roads, sanitation and water supply, and also with the duty of inspecting primary schools Funds were not allotted to the Unions in the Burdwan district, but those in the other districts commenced work during the year It is still premature to pronounce an opinion about the success of these institutions Mr Bright visited all the Unions but one, and was struck with the interest shown by the leading members Several of these Unions have already excavated tanks and thus improved the supply of drinking water

Municipalities

219 Howrah is by far the most important municipality in this Division The water works constructed during the year have removed the principal want of the town The calls on this municipality are many and varied, especially in matters of sanitation, and the loan of Rs 15 00,000 contracted for water works has thrown an additional burden for the half yearly repayment of the instalments on account of this loan The Municipal Commissioners appear to be alive to the responsibilities of the position

Burdwan stands next in importance to Howrah The accounts of this municipality were in a most unsatisfactory condition, and a special auditor was appointed by Government for their due adjustment, the Municipal Commissioners having failed to set them in proper order within the time allowed My predecessor discovered that the municipality had spent for other purposes Rs 2[illegible]00 (corrected by Accountant General, Bengal, to Rs 23,000), which should have been set aside as a sinking fund for the repayment of the three loans contracted for the execution and extension of water works In the opinion of Mr Windsor the executive are not strong, and some of the Municipal Commissioners are more of a hindrance than a help in deliberations Ranigunj suffered somewhat from the transfer of the Subdivisional Officers, Mr J I Webster and Mr F E Jackson, who

were also Chairmen of this municipality, and the work was almost at a stand still during the interregnum between the resignation of one Chairman and the appointment of his successor Kalna with a non official Chairman, continued to be well managed, and Dainhat did tolerably well under the guidance of the Subdivisional Officer of Katwa as Chairman On the other hand, the municipal administration of Katwa has been stagnating for want of energy on the part of the Municipal Commissioners, including the Chairman and the Vice Chairman

The Suri Municipality was on the whole well managed some of the Municipal Commissioners taking an interest in its affairs The affairs of Bankura are managed with success by its zealous Chairman and Vice Chairman Vishnupur has a capable and energetic Chairman in Babu Umesh Chandra Chaudhri, but unfortunately some of the Municipal Commissioners allow themselves to be swayed by party feeling Sonamukhi with its official Chairman was fairly well managed The weak points in the administration of the Midnapore Municipality are its system of farming out cart registration fees which has recently been prohibited by Government and its system of giving out contracts Mr Bright is of opinion that the task of managing it must be a considerable tax on the time of the non official Chairman and Vice Chairman Ghatal and Tamluk were fairly well administered but party spirit is said to have done much to interfere with the usefulness of the other municipalities in the district of Midnapore The late Magistrate of Hooghly, Mr Geake has left the following remarks —

'Municipal affairs occupy an undue share of the district officers time In at least two of the eight municipalities obstructive tactics are pursued to such a degree as to seriously interfere with efficient control'

XXXI —EMPLOYMENT OF MUHAMMADANS

220 There was during the year a slight increase in the number of Muhammadans employed in the several offices and courts in this Division They received a fair share of appointments, and their claims are generally duly considered when vacancies occur

Though they have made some progress in primary education yet in high education they are still much behind their Hindu fellow subjects The Magistrates of Birbhum and Bankura report that suitable Muhammadans are not always available in those districts for appointments in the superior service of Government Mr Geake, the late Collector of Hooghly, thus writes —

"Few survivors remain of the old families Such as still exist reside in penury and ignorance retaining only an obstinate pride begotten of reminiscences of bygone grandeur disdain an under paid ministerial post and eke out a miserable existence on the scant remains of ancestral aymas Nothing would suit them but the easy well and amply remuneration of a Sub Registrar—a post for which from lack of education they were totally unfitted

To remedy this defect, Mr Geake transferred two model schools at the disposal of the District Board from places where they were not appreciated to two purely Muhammadan centres

* * * * *

XXXVII —GENERAL REMARKS

248 Having taken charge of the Division towards the very end of the year, my remarks under this head must necessarily be brief and perfunctory with regard to 1895 96 As observed elsewhere, it was a year of short crops and scanty rainfall The people suffered severely in health Fever prevailed with unusual violence, and there were outbreaks of small pox in many parts of the Division In consequence of the insufficiency of the rains, difficulty was experienced in regard to the water supply at the end of the year in many places, but the inconvenience was unnecessarily exaggerated with a view to elicit aid from the public funds, and to increase the unpopularity of Government As is usual when the tanks run low, mortality from cholera increased in certain localities. Among the other special features of the year may be enumerated an increase in crime, a rise in the number of emigrants to the labour districts, a falling off in the attendance of schools, and a decrease in the

number of deeds registered and in the receipts from stamps It is remarkable, however, that the excise revenue instead of being in any way affected shows a considerable advance Good progress was made during the year in the resumption and settlement of chaukidari chakaran lands, except in the Burdwan district The local bodies appear generally to have worked well The question of improving the Local Boards, so as to make them more useful than they have hitherto become, may well engage the serious attention of Magistrates and District Boards, but until they have larger sums of money to spend, the Committees cannot be expected to take a lively interest in their work

The completion of the water works in the town of Howrah has removed a long felt want A scheme had nearly been sanctioned when I left Howrah in 1883, and it has not been creditable to the Administration that the matter has so long been left in abeyance A system of water works, in the construction of which all the riparian municipalities in Hooghly should co-operate, is under contemplation The sooner the project is carried out the better It is satisfactory to note that increased attention was paid to sanitation and water-supply during the year by local bodies Village sanitation, which is at present very much neglected, remains as much a counsel of perfection without any practical results as ever I have made enquiries and have every reason to suppose that any proposal to make further taxation for village sanitation and water supply possible will be most unpopular and meet with strenuous opposition

WEATHER AND CROP REPORT

For the week ending the 28th September 1896

Burdwan—Rainfall at Sadar 02 Kalna 04 Katwa 32 Raniganj nil Weather hot and fair Harvesting of *aus* and jute still continues Sugarcane doing well Condition of *aman* fairly good Fodder and water sufficient Condition of cattle good Common rice selling as follows —

	Srs	
Sadar	11½ to 15	per rupee
Kalna	12	
Katwa	12 to 13½	
Raniganj	12½ to 14	

Midnapore—Rainfall in Contai 89 and Ghatal 28 No rain in Sadar and Tamluk Weather seasonable Weeding of *aman* going on *Aus* is being cut Prospects of sugarcane *til* and jute good Indigo is being sown Cattle disease reported from thana Garhbetta Common rice selling as follows —

	Srs	
Sadar	15	per rupee
Contai	15 to 17	
Tamluk	13	
Ghatal	14 to 15	

24 Parganas—One inch rain at Sadar on 27th and showers elsewhere Weather cloudy Prospects of standing crops favourable Harvesting of jute and *aus* still continues No cattle disease Fodder and water sufficient Common rice sells as follows—

	Srs	c	
Sadar	10 to 13	0	per rupee
Baruasat	9	0	
Basirhat	10	10	
Diamond Harbour	11	6	

Murshidabad—Rainfall at Sadar 1 21, Kandi 33 Jangipur 30 Weather hot Harvesting of *Thidos* nearly finished Cutting of jute going on *Aman* and sugarcane doing well Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	11	per rupee
Kandi	13½	
Jangipur	11¼	

Khulna—Rainfall at Sadar 28, Bagirhat 62 Satkhira 1 00 Weather cloudy Transplantation of *aman* paddy benefited by recent rain but more rain wanted No cattle disease Fodder and water sufficient Rice sells as follows —

	Srs	c	
Khulna	8 to 10	0	per rupee
Satkhira	9	8	
Bagirhat	9	8	

Dinajpur—Average rainfall 06 Nights cool Prospects of *aman* and jute fair Common rice selling from 10 to 12 seers per rupee No cattle-disease reported Fodder and drinking water sufficient

Rangpur—Average rainfall 65 Transplantation of *aman* and washing of jute still continue Prospects fair Common rice selling from 7 to 12 seers per rupee Fodder and water sufficient

Pabna—Rainfall 20 Some rain during the week Weather hot *Aman* paddy very poor Prospects of winter crops fair Sugarcane good More rain wanted Fodder available Rice selling at 7½ seers per rupee at Sirajganj and 9 seers at Pabna

Dacca—Rainfall 05 Weather seasonable The recent rain has done some good to standing *aman* crop Fodder available No cattle disease Price of common rice varies from 8 to 9 seers per rupee

Chittagong—Rainfall 09 Weather hot Transplantation of *aman* continues, but more rain is needed Water and fodder sufficient Rice sells at 10 seers per rupee

Patna—No rain Transplantation of paddy finished Prospects fair Rain wanted but not urgently yet Fodder and water sufficient Prices stationary except in Patna and Dinapore Common rice selling as follows —

	Srs	c	
Patna	12	4	per rupee
Barh	11	8	
Dinapore	11	8	
Bihar	12	8	

Gaya—Prospects of paddy fair More rain urgently wanted for the crops on high lands Common rice selling at 10 seers per rupee

Champaran—No rain anywhere It is urgently wanted for the rice crop, which will, however, pull through if good rain in a fortnight Price of common rice fallen from 12½ to 14 seers per rupee, against average of 15½ seers owing to new grain in market Fodder and water supply ample

Darbhanga—No rain during the week Standing crops are doing well Rain is urgently wanted for the proper growth of paddy Fields are being prepared for *rabi*

Bhagalpur—No rain Weather seasonable The recent rain has improved the prospects of winter rice Harvesting of *bhadoi* nearly over Cattle disease in Pertabganj and rare cases in thana Madhipura Fodder and water sufficient Coarse rice sells as follows—

	Srs	c	
Sadar	12	10	per rupee
Banka	11	14	
Madhipura	14	0	
Supaul	17	0	

Purnea—Rainfall 04 Prospects of standing crops good Jute steeping still going on in places Lands being prepared for *rabi* sowings Many cattle have died from exposure to recent rain Fodder and water sufficient Common rice sells at 11 seers per rupee

Cuttack—Rainfall 96 Weather hot and occasionally cloudy Agricultural prospects in protected tracts promising *Beali* rice being reaped Transplantation and weeding of *sarad* rice continue Sowing of *rabi* commenced in places Condition of cattle generally good Fodder sufficient Common rice sells as follows—

	Srs	c	
Cuttack	15	12	per rupee
Jajpur	17	1	
Kendrapara	18	6	
Banki	22	13	

Hazaribagh—Weather hot overcast Prospects of crops good Ploughing for *rabi* crops going on All thanas report 16 annas crops Rice sells from 10 to 12 seers per rupee

General Summary—Rainfall during the week was generally light In Bihar there was no rain at all The heavy rain of the previous week improved the winter rice crop generally but more rain is still required in parts of the Patna Division also in Jessore Khulna and Chittagong The harvesting of early rice and other *bhadoi* crops is nearly over Jute is still being steeped and washed The preparation of lands for the *rabi* crops has begun in some districts Sugarcane is generally reported to be a good crop There is no cattle disease except in Midnapore and Bhagalpur In Purnea many cattle are said to have died from exposure to the recent heavy rain There was no important change in the price of common rice which continues very high

By order of the Lieutenant Governor of Bengal,

REVENUE DEPARTMENT,
The 29th September, 1896

M FINUCANE,
Offg Secy to the Govt of Bengal
